**DEPARTMENTAL REPORTS
FOR THE YEAR ENDING
DECEMBER 31, 1986**

BOARD OF SELECTMEN

To the Residents of Medfield:

We, in Medfield, continue to enjoy the benefits of living in a community whose school and town departments are ever vigilant to be certain that we offer the best services for our townspeople. A host of good and valuable citizens continue to volunteer their time and expertise to help to make Medfield a better place in which to live. This will be obvious as one reads our report.

SPECIAL TOWN MEETING

The year began with a special town meeting called to accept educational funding from the State for the teachers. This was followed by a request from the School Committee to include a referendum calling for an override of Proposition 2-½ for \$175,000 for school purposes only. The question was expanded to also include funding for town expenses of \$150,000 and subsequently failed at our election in March.

SOLID WASTE

While we opened the new transfer station this year and have determined that our landfill will have room to accept the waste generated from the transfer station for a period of approximately five years, solid waste continues to be the major problem facing not only this community but the nation as well. After much study and deliberation, at year's end, we signed an agreement, which is subject to town meeting approval, to take trash to a site in Millbury in the future. While we don't have an immediate problem locally, we must look to the future. It was our judgment that at a later date, such an opportunity may not exist.

INSURANCE

Accelerated insurance costs continue to plague us. Along with our Insurance Advisory Committee members, we continue to investigate all options. However, it is an expense over which we have very little control but one with which we must contend. Medicare insurance coverage became mandatory by vote of the federal government and was effective April 1. Any newly hired employee, including summer help, must participate in the Medicare program which requires a weekly payroll deduction of 1.45% of wages which must be matched by the town. Federal revenue sharing funds were used in the past to reduce the insurance budget, but they are no longer available.

MBTA

At the end of the year we were informed our MBTA assessment would increase by \$50,000 or 33%. State government mandates this assessment, another one over which we do not have control.

PARK ON FORMER ST. EDWARD'S CHURCH PROPERTY

After considerable review and planning, the committee studying 458 Main Street town property adjacent to the Library concluded that a park

should be built on the premises. We hired a landscape architect and at the end of the year were reviewing landscape plans, anticipating completion of the new park during 1987.

CABLE TV

The Cable TV Committee was expanded this year to a larger number to work with the Cablevision supplier to provide a studio and to educate those who volunteer to learn to become technicians locally. A studio will be located at the Junior High School and various local channels will be available. We expect this to take place early in 1987.

MEDFIELD STATE HOSPITAL

During 1986 we continued to enjoy excellent communication with the officials of the Medfield State Hospital. We realize the potential for growth at this institution and are ever cognizant of the feelings and desires of the residents of the area and of the town. We will continue to make every effort to be apprised of any potential changes.

The sewer system was connected into the Town's treatment plant. The Treatment Plant is now doing what it was designed to do, funneling all the sewerage through the Plant, ending pollution of the Charles River.

Leaks were detected throughout the water distribution system. The Town is working cooperatively with the Hospital officials to correct this problem.

MEDFIELD-NORFOLK PRISON PROJECT

The Prison Project has remained at 36 inmates, many of whom who have worked at various municipal job sites performing tasks which have resulted in considerable savings for the Town. There was a move to increase the numbers participating in the program which the Selectmen opposed. We also received a petition from 874 residents who were unequivocally opposed to an expansion of the Medfield State Hospital Prison Project or the conversion of the hospital to any other form of prison, whether minimum or maximum security. We brought this to the attention of the Governor and our legislators, who have cooperated with us.

GIFT OF LAND UNDER CLUSTER ZONING BYLAW

We accepted a deed for 9.5 acres of land for municipal use from the Castle Hill Estates under the terms of the cluster zoning bylaw. This is the first gift of land under the provisions of the cluster zoning, which provides for not less than 25% of the area to be open space, owned by a membership corporation, trust, association, Town or otherwise.

SOUTH STREET WIDENING

During the first few months of the year we studied the proposed expansion and listened to the residents of the area who generally opposed the plan. The final plan was the result of work done by the Norfolk County Engineers and our own committee members, which was accepted at town meeting.

POLICE DEPARTMENT

During the year leaves of absence were granted to two policemen and they subsequently resigned at the end of the year. We were sorry to lose Sergeant Patrick W. Clancy who has been an excellent superior officer and an

Officer of the department since 1970. Officer Thomas M. LaPlante, Jr. also served the department well for several years. We were pleased to promote Officer Ray Wheeler to Sergeant and to appoint two new officers, John Mayer and John Wilhelmi.

A new radar was purchased which resulted in a decided increase in enforcement of our traffic laws. From time to time we are requested to prohibit trucks from certain streets and provide more enforcement of speeders. We cannot prohibit truck traffic without providing an alternate route. We will ask for an additional officer for the expressed purpose of providing more surveillance.

GRANTS

Through the efforts of Planning Board member Margaret Bancroft, the Town received a Bay Circuit Planning Grant in the amount of \$7,000 to develop a Resource Protection Plan update for recreation, conservation and watershed protection planning. The overall purpose of the planning grant program is to enable cities and towns to plan for open space preservation and the creation of a system of connected parks and open spaces in 50 communities surrounding Boston in the Boston Metropolitan Area from Ipswich to Duxbury. However, it will be useful locally for many years to come.

We were pleased that through the endeavors of our Administrative Assistant Pauline Goucher, we received a planning grant in the amount of \$2,675. from the State Energy Resources office which ultimately resulted in a grant totalling \$51,603. to fund energy improvements in the Town Hall, Fire Station, Pfaff Recreation Center and Library including insulation in several buildings and heating system replacement in Town Hall, weather-stripping and automatic setback controls in the Fire Station and automatic heating system controls in the Pfaff Center, all of which will reduce future energy costs.

HOME OWNERSHIP PROGRAM

We informed the state of our interest in the Home Ownership Program and appointed a committee composed of a Selectman, Housing Authority members, Planning Board and citizens at large to study and investigate the many aspects of this program. In September, the committee reported affirmatively that there is a demonstrated need for moderate income housing and recommended initially that not more than twenty units be built on town property. The committee will continue to pursue this and town meeting will act on the matter.

ELECTIONS

Early in the year Richard Fitzpatrick was elected to fill the balance of the term of Elizabeth Martin and was subsequently elected in March to a term as Library Trustee.

Carol Rossi was elected to fill the remainder of the term of her brother, Melville J. Mills as Assessor. Mel was an outstanding town official for 21 years contributing much to the efficient operation of the Assessors' office. We note his passing with great sadness.

Ralph Kenneth Maider, Jr. was elected to serve until the next election on the Housing Authority, filling the vacancy caused by the resignation of Mark O'Connor.

FORMER MEDFIELD SELECTMEN HONORING DEPARTING
FORMER SELECTMAN HARRY A. KELLEHER

TRIBUTES

We bid a fond farewell to Harry A. Kelleher in September when former Selectman Kelleher and his wife, Louise left Medfield for a new retirement home in Florida. It would be nearly impossible to list all his contributions to Medfield, but suffice it to say he began in the 60's as an advocate of the Master Plan, he was Selectman from 1968 to 1977, first member from Medfield on the Metropolitan Area Planning Council, Appeal Board member, influential and a worker for the town in insurance matters, building the town garage, treatment plant, sidewalks and police station as well as the building of the Junior High School and Wheelock School. One could ask, "How could one person do so much?" Harry did it with a flourish.

The Board of Selectmen was alerted that Conrail had plans to install a flexiflow unloading facility in Medfield. We immediately contacted our United States Senator Barney Frank who was successful in keeping this out of Medfield. It is rewarding to have a Congressman who will respond quickly to our concerns.

Walter Nye resigned as Gas Inspector, a position he held since 1961. He was our first Gas Inspector. His is an enviable record.

John Ganley served as Registrar for 15 years and chose not to be re-appointed. His ability and dependability were great assets to the Town.

We were pleased to have the opportunity to proclaim Sunday, June 22nd as Walter M. Frank Day to mark the occasion when he received the Outstanding Citizen of the Year award from the Medfield Lions Club. This honor was richly deserved by Walter who was a Selectman from 1967 to 1970, held other elective and appointive posts and has continuously served Medfield since 1960.

Chairman Robert Miller of the Park and Recreation Commission was commended by the Board for the outstanding appearance of the Pfaff Center and for the reception he held to honor previous Park and Recreation Commissioners.

POW/MIA Day ceremonies were held on September 19th at Town Hall and the flag displayed, recognizing there are 2,400 still missing or otherwise unaccounted for in Indochina.

On May 4th it was our pleasure to honor one of our well known residents, Raymond Berry, who led the New England Patriots to their first ever Superbowl and is the American Football Conference Coach of the Year. We are proud and pleased to have him as a resident of the town and joined with other townspeople to recognize him.

One of our last actions in December was to honor Representative Andrew S. Natsios who has represented the 8th Middlesex District since 1978 and was an effective and responsive legislator for the Town. He gained the admiration and respect of elected and appointed town officials.

CITIZEN INPUT WELCOME

The Selectmen regularly meet on Tuesday evenings commencing at 7:00 p.m. at the Town House. Appointments may be made by calling the Selectmen's office. However, time will be reserved for residents from 7:00 to 7:10 p.m. at each meeting to meet the Board and bring matters to our attention.

Respectfully submitted,

Robert J. Larkin, Chairman

William F. Nourse, Clerk

Ann B. Thompson, III Member

SELECTMEN HONOR RETIRING GAS INSPECTOR
WALTER NYE

CABLE TV COMMITTEE

To the Honorable Board of Selectmen
and Residents of Medfield:

It is the purpose of the Community Cable Television Committee to provide to the residents of Medfield the opportunity to participate in the local origination of cable television programming of community interest, from studio and portable facilities provided to the Town by its cable television licensee, Massachusetts Cablevision. The Cable Committee is responsible for administering the public access funding paid by the licensee for such purposes. 1986 was the first full year of operation for the committee and was marked by significant, if slow, progress toward our goal of commencing programming on Medfield Cable Television.

After carefully evaluating how other communities in Massachusetts regulate and administer community cable television, the committee recommended, and the Board of Selectmen approved, increasing the size of the committee from five (5) to eight (8) members. Once the public access channel is operational, the committee will divide into two (2) separate entities:

1. a Town committee of three (3) members to oversee the compliance of the cable licensee and the operation of all 5 local channels (safety, government, library, school and public access); and
2. an independant public corporation with five (5) directors (elected by-cable subscribers), to administer the access channel and access funding.

The committee has been unable to set up the independant public access corporation, due to a conflict between the State's CATV Regulatory Commission and Department of Revenue. The former agency has recommended such a corporation to dozens of communities, while the latter agency has advised us that setting the same up may violate state law. As 1986 closed, this conflict has yet to be resolved, so the Town committee will temporarily continue to administer public access until the issue is clarified.

During 1986, the public access studio facilities were constructed in the Middle School. This was a frustrating process, as completion commitment dates of July 15th, then September 1st, passed with little progress. By year's end, however, final plans had been approved, equipment selected and ordered and completion appears to be a reality early in 1987. The new Program Coordinator, Jay Fadden, will start our first workshops for residents in mid January. These free workshops will teach interested residents basic skills of equipment operation and television production. Each participant will be asked to contribute a reasonable number of hours on the studio crews for future cable productions.

The committee wishes to express our thanks to the members of the Board of Selectmen, to Michael Sullivan and to Town Counsel Charles Fuller for their support of our work during 1986. We also wish to thank those residents who have been waiting so patiently to get involved in public access programming. While we have been disappointed at the delays during this year, we are confident that the foundation that was laid during 1986 will result in a strong, active public access program in Medfield for many years.

Respectfully submitted,

SELECTMAN LARKIN PROCLAIMS RAYMOND BERRY DAY

AERIAL VIEW OF TRANSFER STATION AT NORTH MEADOWS ROAD

STREETS, WATER, AND SEWER DEPARTMENTS

To the Honorable Board of Selectmen
and Residents of Medfield:

The following is my Annual Report for the year ending December 31, 1986.

STREET DEPARTMENT

Resurfacing: The yearly preventative maintenance involved repairing streets by means of the grader, patch and stone seal program. The Highway Department put on 4,511 tons of hot top and 700 tons of stone seal in Fiscal 1986.

Rocky Lane: Rocky Lane was reconstructed and hot topped in 1986. The finishing touches will be completed in 1987.

Drainage: A series of catch basins and 200 feet of pipe were installed to end a ponding problem on West Mill Street at the Harding Street end.

The County Engineers have completed plans for drainage on Farm and North Streets. Also, plans for drainage on Spring Street have been completed and drainage will be installed in 1987.

Fire Roads: Fire Roads were kept clear by the Highway Department.

Snow: In 1986, we had 12 snowstorms and 21 call-outs for sanding and salting operations. Total accumulation for the year was 26½ inches.

Landfill: With the new restrictions on commercial trash and the opening of the Transfer Station, engineering estimates for the life of the landfill remain at five years. We have applied to the Department of Environmental Quality Engineering for a vertical expansion of the existing site which would increase the life of the landfill by an additional four years.

Transfer Station: The Transfer Station was dedicated and opened in October 1986. Many people have commented on the cleanliness and the convenience of the operation.

SEWER DEPARTMENT

The total sewer revenue for 1986 was \$237,861. which is up \$78,952 from 1985 due to additional homes and the State Hospital tie in.

Honors: The Medfield Wastewater Treatment Plant was nominated for quality of treatment and efficiency of operation by the Department of Environmental Quality Engineering and earned top recognition in New England.

Composting: 1986 marked the first complete year of composting the treatment plant sludge. The sludge passed the EPA Toxicity test and was rated suitable for use as part of the final cover on the landfill.

WATER DEPARTMENT

The Water Department pumped approximately 412,000,000 gallons of water

RIBBON CUTTING AT TRANSFER STATION

from our four wells in 1986. This was a 12% increase over 1985. The latter part of 1986 the State Hospital Wells were shut down because of problems with their aquifer. This prompted a Department of Environmental Quality Engineering investigation. Originally it was thought that back-flushing would solve the problem, but after the D.E.Q.E. inspection, the Hospital Wells were cited for a half-dozen problems. It appears the increase in usage of Medfield's wells in 1987 will exceed 40%.

Bridge Street: The Bridge Street water main was cleaned in October of 1986. The project took 7 days. It has seemed to have solved the rusty water problem.

TRIBUTES

The long time secretary for the Highway Department, Nancy Franke suffered a heart attack in the fall of 1986. She is now recovering at home. We wish her a speedy recovery and return to work.

James Gorman retired after 21 years of service. Good Luck, Jim. The Medfield Public Works would like to welcome Tom Seeley to the Water Department.

In conclusion, appreciation is expressed to Frances Brennan, Gertrude Simpson and Nancy Franke, secretaries whose work contributes to the successful operation of the several departments.

Robert Kennedy, Street Department Foreman, Charles Evans, Water and Sewer Foreman, and Peter Iafolla, Chief Operator of the Treatment Plant, and all the men of the various departments are to be commended for their excellent public service.

Respectfully submitted,

Kenneth P. Feeney, Superintendent
PUBLIC WORKS

FUTURE LOCATION OF NEW TOWN COMMON

COMMITTEE FOR THE RE-USE OF 458 MAIN STREET

To the Honorable Board of Selectmen
and Residents of Medfield:

Following affirmative action at the Annual Town Meeting to provide additional funding under the Capital Budget for a park and parking spaces, we worked closely with the landscape architect selected to design a park on the Town property adjacent to the Memorial Public Library. We selected the plan for the site including brick sidewalks and New Orleans lighting consistent with the textures at the Medfield Town Hall, landscaping, benches, a gazebo and parking spaces behind the library.

Following approval of the Zoning Board of Appeals allowing a municipal use on this property, work will commence and a park will be enjoyed during 1987.

Respectfully submitted,

*John Gagliani, Chairman
Jane Archer, Secretary
Walter Frank
Thelma Spicer
Roy Watson*

SELECTMAN HONOR REPRESENTATIVE ANDREW S. NATSIOS

HAZARDOUS WASTE COMMITTEE

To the Honorable Board of Selectmen
and Residents of Medfield:

In February, 1986 the Commonwealth of Massachusetts issued a revised regulation concerning storage tanks and containers. Our committee has spent most of its time incorporating the new regulations into a workable and equitable town bylaw.

The bylaw submitted last year by this committee was withdrawn due to conflict created by change in emphasis of implementing authority. Current authority is through the Board of Fire Prevention Regulations. The State Fire Marshal's Office Department of Public Safety is given regulatory authority under 527 CMR 9.00 and powers authorized by Massachusetts General Laws, Chapter 22, Section 14; and local authority under Massachusetts General Laws, Chapter 40, Section 21 and Chapter 148, Sections 9, 10, 28 and 37.

The proposed Medfield Bylaw for regulating underground hazardous material storage recognizes current authorities.

Meetings have been held through the year to refine the intent and language of the bylaw to be presented at Town Meeting, 1987.

Salient features of the revised bylaw are:

- 1) Permits required for existing, new and modified tanks. Evidence of age of existing tanks required, otherwise assumed to be 10 years old. Renewal permit every 5 years.
- 2) New tanks prohibited in flood plains, watershed and aquifer and groundwater protection areas.
- 3) Residential tank removal after 20 years. Three year grace period set after passage of bylaw. New residential underground tanks prohibited altogether.
- 4) Bylaw does not affect tanks located inside buildings (i.e., most residential heating fuel tanks not affected.)
- 5) Tightness testing of all non-residential tanks during installation and at 10, 13, 15, 17, and 19 years and annually thereafter.
- 6) Strict inventory control (for leak detection) for tanks containing automotive fuels and waste oils.
- 7) Leak response procedure.
- 8) Thirty dollar/day fine for violations.
- 9) Administration by Fire Chief, with participation of Town Clerk, Board of Health, Water and Sewer Board and Conservation Commission.

Currently, forty-one municipalities in Massachusetts have been affected by contaminated water supplies. Reversal of damage done by contamination is possible in the minority of instances (~25%) and is costly.

We look forward to presenting this proposed bylaw. We hope that the town will agree with us that the cost of implementing it will be more than outweighed by the protection it will afford our very valuable water resources.

Respectfully submitted,

*John Beale, Chairman
Robert Janoch
Jesse Matuson
Donald Senger*

HAZARDOUS WASTE COMMITTEE

FUTURE TAXPAYER ! !

MEDFIELD PRISON PROJECT

To the Honorable Board of Selectmen
and Residents of Medfield:

There were no major incidents during this year.

Superintendent George Grigas was promoted, and replaced by Ernest H. Vandergriff early in the year.

Maximum count (36) of inmates was kept for most of the year. A waiting list was also established which helped keep the count full most of the time.

Inmates Civic Work crews accomplished much for the town in this second year of community projects. Over 2,128 hours of labor were volunteered to projects at: Library, Swim Pond, Highway Department, Athletic Fields, Community Center, Landfill. Fire Station, SNARC, Schools, and the Unitarian Church sidewalk.

Medfield is one of some 30 Towns in the state, which has benefitted from use of prisoner labor in the past 12 years.

The Prison Project is looking forward to working at the new park site in the center of town this year.

Respectfully submitted,

Arthur L. Farrar

FIRE DEPARTMENT

To the Honorable Board of Selectmen
and Residents of Medfield:

I hereby submit my sixteenth Annual Report as Fire Chief.

This past February, Medfield was hit with its worst fire in recent history when fire struck the Park Street Medical Building, but with the quick and professional work of your town firefighters and the immediate and efficient assistance given by the Dover, Millis, Medway and Westwood Fire Departments, we were able to keep the fire from spreading to any other buildings on the street. You can be very proud of the men that you have protecting your lives and property.

We had three separate incidents involving the leaking of fuel oil. There was a leaking pipe at the Junior High School, a leaking pipe at the M&M Star Market (which was very minor), and a leaking fuel truck at the intersection of Routes 109 and 27. They were handled quickly and without involvement of any water sources in the town.

The added construction of the Industrial Park on North Meadows Road and the two developments on East Main Street will add to our protection concerns. Also there was a new building constructed on Hospital Road which will house eight retarded citizens.

The sprinkler law enacted at the last town meeting which states that all buildings with seventy-five hundred square feet or more shall be sprinklered will be added protection for our citizens and their businesses.

This year we replaced our 1941 Ford brush truck with a new four wheel drive truck and we purchased and refurbished a 1963 Pirsch ladder truck from the Town of Needham.

During the year I inspected the schools, nursing home, and businesses throughout the town. I also attended and spoke to various classes on fire safety held in the schools.

As in the past, Firefighter Stephen Bassett saw to it that all firefighters were recertified in both Cardio-pulmonary Resuscitation and First Aid. All firefighters received monthly training under Captain Seavey.

I would like to thank the officers and men of the department for their unselfish devotion to the residents of the town. I also wish to thank the Police Chief and all of his personnel who have so ably assisted this department throughout the year, as well as the Building, Gas, Electrical Inspectors and the staff of the Town Hall for their assistance this year.

Respectfully submitted,

Joseph E. Ryan, Fire Chief

POLICE DEPARTMENT

To the Honorable Board of Selectmen
and Residents of Medfield:

I hereby submit my annual report for the year ending December 31, 1986.

PERSONNEL

I requested that the town add two additional officers to the Department again in 1986 but none were added. We were short handed in the coverage needed in the town but were augmented by some Special Officers and Permanent Intermittent Officers. Sgt. Patrick Clancy requested and was granted a leave of absence in April to the end of the year. He resigned in December to pursue a career in private business. Thomas LaPlante requested and was granted a leave of absence in June to the end of the year. He resigned in December to pursue a career in the business world. Officer Raymond Wheeler was appointed Provisional Sergeant to replace Sgt. Clancy. John Wilhelmi and John Mayer, both full time Dispatchers and Permanent Intermittent Officers were appointed Provisional Officers during the respective leaves. Carol Ann Palmieri returned as a Dispatcher. Paul Sicard continued as an Intern from Northeastern. Thomas McNiff was appointed Intern also in June.

In order to get more Reserve Officers to work when Regular Officers are not available, the following five persons were appointed Permanent Intermittent Officers: Thomas McNiff and Ray Burton of Medfield, Robert Hudson of Roslindale, Brian Scully of Dedham and Paul Sullo of Canton. Robert Taylor, Eileen O'Brien and Michael Riggs were terminated in order to fill the roster with active reserves. James Nagle transferred to the Millis Police to accept a full time position.

TRAINING

All regular officers attended in-service training for one week at the South Suburban Police Institute, Foxboro as required by the Massachusetts Criminal Justice Training Council. Items included: firearms, motor vehicle laws, new law update, and CPR.

Officers Bertone, Naughton, Mayer, Grover, Wilhelmi and McNiff were trained as intoxilizer operators. Dispatchers Palmieri and Rioux and all officers have been trained in suicide prevention. Several Officers attended one day seminars in various police subjects. Several were trained on the use of LoJack.

EQUIPMENT

We received two new cruisers in 1986 and traded in two 1984 cars. We received a LoJack unit for one of our cruisers which will be able to track stolen cars. Our intoxilizer was received at a cost of \$3,900 of which \$3,000 was reimbursed by the Governor's Highway Safety Committee. The CMI 5000 Intoxilizer is a computerized breath testing machine used on arrested persons charged with operating under the influence of liquor. It replaces the older breathalyzer that we have been using for several years that is now obsolete.

MEMORIAL DAY OBSERVANCE

We had a failure of our traffic lights at routes 109 and 27 for several weeks and I will again request funds to replace the electro-mechanical controls with solid state controls. It is very hard to get parts for the present controller which was installed in 1975.

I have requested funds to add a computer to the department to keep up with the sophistication needed to keep records and aid in crime solving and administrative work.

A new radar was received in December when a popular model went on sale for \$658.95. The money was transferred from the reserve account by the Warrant Committee with the support of the Board of Selectmen. We will now be able to have a radar in service when our other unit breaks down. Our older one was out of service for about seven weeks this year. We will also be able to use two at once from time to time.

I have requested three new cruisers in the capital budget replacing two 1985 cars and a 1980 unmarked car. My request includes keeping the 1980 car to use as transportation myself as well as a car for surveillance, radar and as a general back-up vehicle.

Radios that were ordered to replace our radio system have been received and should be installed soon.

The suicide prevention law passed in 1984 required the installation of plastic covering on cell bars as well as a fifteen minute check on all prisoners locked up. We have had the plastic installed, but in order to check the cells every fifteen minutes, we will have to have a person stay in the cell area all the time that anybody is locked up. This is another case of stupidity by our legislature. We already have video and audio to watch the detainees. The monies will have to be paid by the state as it is mandated by the law.

GENERAL

We had less crime reported generally in 1986 but we had a murder in February. The District Attorney's Office responded as required by law but was unable to solve the case yet. Detective Garvey, Officer Naughton, other officers and myself have put many hours on the case to no avail. Detective Garvey continues to work on it weekly.

We received reports of our usual rash of vandalism to cars and mailboxes. We also had several thefts of vehicle number plates and hubcaps.

We received many complaints of speeding at many locations in town and tried, with limited personnel, to run more radar at more locations. We will be able to do more with the additional radar and if the Town Meeting adds the new officers and cruiser I'm requesting. We did issue 755 citations as compared to 461 in 1985. We received \$17,220 from Dedham court in fines.

Town Meeting took a large step in traffic safety by voting to improve South Street extension. I hope it will continue by adding sidewalks each year on narrow streets.

The Auxilliary Police Department assisted us many times, most notably, Memorial Day, Medfield Day, Fourth of July, Halloween, December Christmas parade and Belmont race in October. They are a big help to me and to the townspeople. Thank you to Vincent Cellucci and his squad.

Thank you also to Sgt. Pat Clancy and Officer Thomas LaPlante for their service on the department. Pat became a Police officer early in 1970 and was drafted into the Army later in the year. Following his return from the military and subsequent employment in private industry he was reinstated as police officer in 1975. He was promoted to Sergeant in 1980. More recently he had served as Training officer and on the Board of Directors at the Police Academy.

Tom worked for the DPW in Medfield from 1974 and worked part-time for the Police Department until he was appointed full time in April 1983.

Thank you to all Town Departments for their assistance throughout the year.

Respectfully submitted,

William H. Mann

AMBULANCE DEPARTMENT

To the Honorable Board of Selectmen
and Residents of Medfield:

I hereby submit my annual report for the ambulance for the year ending December 31, 1986.

The ambulance was manned by about 23 EMTs throughout the year and logged 292 trips. We responded to other towns for mutual aid 4 times to Dover. We received mutual aid 27 times from:

Millis - 23
Dover - 3
Walpole - 1
Trips Cancelled - 20
Medfield State Hospital - 26
Receipts received were \$20,157.16

Ambulance maintenance included rebuilding the electrical system in March, rebuilding the radiator in August and partial manifold system in August.

I have projected replacement of this vehicle in FY88 and have requested money from the capital budget to replace the chassis or the entire ambulance.

Each year, some EMTs withdraw from participation of ambulance duty and new ones come on, keeping the number of EMTs between 15 and 22, in varying degrees of involvement.

This year I am recommending a stipend be paid to the EMTs based on the number of shifts they cover and number of years they remain, to encourage more people to work longer and more often on the ambulance.

Respectfully submitted,

William H. Mann
POLICE CHIEF

CIVIL DEFENSE

To the Honorable Board of Selectmen
and Residents of Medfield:

I hereby submit my Annual Report as Civil Defense Director for the year ending December 31, 1986.

The Civil Defense Director's responsibilities are to act as a liaison between the Selectmen and the Town Departments in the event of a state declared emergency. The Civil Defense Director is also in charge of the Auxiliary Police under the Chief of Police.

In addition to our compulsory drills on July 4th and Halloween, our Auxiliary Police and Radio Operators were again requested to assist in the following events:

- Memorial Day
- June 1986 Road Race
- Search and Rescue assistance to Walpole for lost boy
- Medfield Day
- Dedham Bicentennial Road Race
- Christmas Parade

Fortunately, as a result of a mild winter and inactive hurricane season, the department was not called upon to provide emergency assistance during 1986. Emergency vehicles and equipment have been maintained and are ready for use when needed.

I wish to remind the people of Medfield that it may be possible to arrange for showers at one of the schools during emergencies.

I would like to thank the men and women of the Auxiliary Police for their cooperation throughout the year. Also, I wish to thank the Board of Selectmen, Michael Sullivan and his staff, and Police Chief Mann. A special thanks to Fire Chief Ryan for allowing us the use of his quarters for our EOC room and to Ken Feeney and the Highway Department.

Respectfully submitted,

Vincent M. Cellucci,
CIVIL DEFENSE DIRECTOR

ANIMAL CONTROL OFFICER

To the Honorable Board of Selectmen
and Residents of Medfield:

I hereby submit my report as Animal Control Officer for the year ending December 31, 1986.

The year 1986 saw changes. A new van was acquired, formerly used by the Council of Aging.

Two new assistants, Carla Mahaney and Ken Burd, were appointed. These appointments again brought the number to three in the Animal Control Office.

We had more horse calls this year than we ever had.

Compliance with the leach law was better, though far from perfect. We hope to see improvement each year.

Our thanks to Chief Mann and the Medfield Police, without whose assistance and support we would not function. The men of the Highway Department also have our thanks for assistance given throughout this past year.

Medfield residents who have made donations for our strays, have our unending gratitude.

Multi dog or kennel license	17
Individual dogs licensed	1,056
Dogs killed by cars	13
Cats killed by cars	34
Bites or scratches reported to our office	15
Citations	114
Strays adopted	9
Animal related calls	1,089

Respectfully submitted,

Louise G. Papadoyiannis
ANIMAL CONTROL OFFICER

THE ANIMAL INSPECTOR

To the Honorable Board of Selectmen
and Residents of Medfield:

I hereby submit my Animal Inspection report for 1986.

Animals were quarantined following the report of dog bites when the owner of the dog could be located. All dogs were found to be free of rabies. The number of bites per year continues to decline due to Medfield's strict leash law and the diligent work of its Animal Control Officer and assistants.

All animals and their shelters comply with the health code for each. All animals were found free of disease and in excellent care. Medfield has 29 horses, 6 ponies, 1 donkey, 13 sheep, 10 beef cattle and assorted chickens, water fowl and rabbits.

As usual, I had a care-free year as Animal Inspector. Medfield continues to enjoy its reputation as a town that cares for its animals and I am proud to serve in the capacity of Animal Inspector.

Respectfully submitted,

Karen MacGregor
ANIMAL INSPECTOR

Wilbur M. Salter, D.V.M.
ASSISTANT ANIMAL INSPECTOR

NORTH STREET c. 1910

BOARD OF ASSESSORS

To the Honorable Board of Selectmen
and Residents of Medfield:

The Board mourned the death this fall of Melville J. Mills, an assessor in Medfield for more than 20 years. Mel's expertise in appraising and assessing was invaluable during his service to the town and the Board has felt the loss of both a colleague and a friend.

Carol A. Rossi was elected to fill the vacancy at a special meeting of the remaining Board Members and Selectmen in November. Mrs. Rossi, a life long resident of Medfield, has had experience in the real estate field and we welcome her as an enthusiastic addition to the Board.

Although the real estate market stabilized slightly in 1986, the lower interest rates and the increased value of land resulted in new subdivisions and home construction which kept our real estate appraiser busy. The decrease in interest rates also resulted in refinancing of many home mortgages causing additional inquiries from homeowners and appraisers. This increased activity necessitated a new policy limiting the number of property record cards available upon request and fees for copies.

This year the Board awarded the contract for updating the assessors' maps to Performance Concepts, Inc. The job requires prompt revisions of all lot changes, including accurate plotting of subdivisions, zoning changes, street numbering, and identification of new construction on the Assessors' maps. We were pleased with the service offered by Performance Concepts this year and plan to continue with them into 1987.

Town-wide valuation increased more than \$12,600,000 between fiscal '86 and fiscal '87 with the net result an increase of available new growth to be used to offset the tax rate. Thus, in spite of the additional appropriations at town meeting, the new tax rate jumped no more than \$.25 over last year's: \$14.60 in fiscal '86 to \$14.85 for fiscal '87.

In a landmark court case, the Board challenged a concept that a conservation easement could be placed on residential buildings as well as land, as recently deeded to the Trustees of Reservations. Although the town won the case heard before the Appellate Tax Board and in the first hearing before the Supreme Judicial Court, a request for a rehearing initiated by conservation groups resulted in reversal of the first decisions. The Board was cited as an opponent of conservation, however, it questioned only the method by which such easement was granted to the Trustees, endeavoring to protect the rights of Medfield taxpayers who must make up the difference when land is removed from the tax roll and placed in exempt status.

Once again, in calendar year 1987 we begin the preparations for a complete revaluation for 1989 and, although this is a triennial program, the work of property inspections and sales analyses continues in the interim years to satisfy state requirements.

We thank our able staff, C.B. Doub and Marjorie Temple, and our appraiser, Stan Bergeron, for their superlative work over the years. Our town truly is fortunate to have the benefit of their work for this is what makes our system of "voluntary" government possible.

Respectfully submitted,

Susan N. Thornton, Chairman
William D. Walsh, Clerk
Carol A. Rossi

MELVILLE J. MILLS

THE WATER & SEWERAGE BOARD

To the Honorable Board of Selectmen
and Residents of Medfield:

The Water and Sewerage Board continues to be presented with significant residential and garden-type or cluster zoned apartment and commercial office projects, some of which languish and some of which are moving forward to completion.

Notable are:

1. Castle Hill-Deerfield Drive-Marholin
2. Ledgewood acres
3. Greater Heights Realty Trust
4. Georgetown Estates
5. Medfield Technology Park

After Town Meeting approval, the Board moved forward with the cleaning of the street main on Bridge Street for the purpose of clearing up long standing water discoloration in the area.

Current areas of concern include a potential summer capacity problem created by the Medfield State Hospital, which shut down its water pumping station temporarily. The hospital is now relying on the Town for approximately 300,000 gallons of water per day during the intermim while reconditioning operations are underway. It is important to note that the State has a serious water system loss and unaccounted for on the hospital property. On average, during this time, Medfield supplies more than 300,000 gallons of water per day, while receiving at the Waste Water Treatment Plant, only 100,000 gallons per day.

The continued hospitalization of long time member, John D. Williams, has dictated a change in his appointment from active to associate status and the return to voting status of Mr. Beverage. At mid-year John Rose, Jr. resigned, having moved to Millis. The departure of Mr. Rose left a vacancy, which was filled by the appointment of Mr. Thomas F. Williams for a 3 year term. Subsequently Mr. Beverage was elected Chairman.

At the location of a future well site on State Hospital property, the Board has noted a problem with a 400 foot buffer radius which is necessary. The problem has been made known to adjoining property owners and at the present time, current owners indicate a favorable arrangement can be worked out.

The Waste Water Treatment Plant is also considering modifying the flow pattern in the primary tanks to allow more dwell time to handle growth in waste water and septage treatment requirements.

During the year, 68 new services were connected, compared to 40 in 1985 and 56 in 1984. Pumpage was 412,422,000 gallons compared to 367,758,000 gallons in 1985. Some distortion should be noted, due to the shutdown of the Hospital pumping station late in the year.

In conclusion, the Board would like to express its appreciation for the continued dedication and hard work of its departmental employees. We look forward to continued cooperation from all departments.

Respectfully submitted,

Leland D. Beverage, Chairman
Harry C. Merrow
Thomas F. Williams
John D. Williams, Associate Member

SCENIC VIEW ON PHILIP STREET

TREE AND INSECT PEST CONTROL DEPARTMENT

To the Honorable Board of Selectmen
and Residents of Medfield

This report is for the calendar year ending December 31, 1986.

General maintenance of the town trees was carried out during the past year as workers were available. This consisted of removing low limbs and clearing for visibility. Over 48 dead and dangerous trees were removed.

The Dutch Elm Disease is still present. We lost a few large elms this year.

No spraying was done for the Gypsy Moths this year as there were very few. We will have to keep a close watch for next year.

Residents are reminded that if they DO NOT wish spraying done on their property, notice must be given no later than March 1 to the town clerk by registered mail. Notice must be given each year.

Respectfully submitted,

Malcolm J. Gibson

Tree Warden

Superintendent of Insect Pest Control

NORFOLK COUNTY MOSQUITO CONTROL PROJECT

To the Honorable Board of Selectmen
and Residents of Medfield:

The Operational Project Program integrates all proven technologies into a system of mosquito control that is rational, safe, effective and economically feasible.

All mosquito eggs need water to hatch and to sustain larval growth.

Source Reduction Work: Our primary efforts are concentrated on the drainage of shallow, standing, stagnant water and the maintenance of existing flow systems which contribute to mosquito breeding sources.

Drainage ditches cleaned	1,543 feet
Brush obstructing drainage cut	90 feet

Larviciding: Treatment of mosquito larvae during adquatic development is the next most effective control effort.

Larvicide by backpack and mistblowers	165 acres
Catch basin larvicide application	304 count

Adulticiding: The suppression of flying adult mosquitoes becomes necessary when they are numerous, annoying or threatening to residents.

Adulticide with mistblowers	67 acres
Adulticide U.L.V. from trucks	16,064 acres

Surveys, inspections and monitoring in support of our programs include locating and mapping breeding areas, larval and adult collections and field-work evaluations leading to better drainage.

The Project received 62 calls from residents for information and assistance.

Respectfully submitted,

John J. Smith,
Superintendent

THE PLANNING BOARD

To the Honorable Board of Selectmen
and Residents of Medfield:

1986 was a challenging year for the Planning Board. Its schedule was kept busy with twenty public hearings for subdivision plans, site plans, scenic roads, revision of the Land Subdivision Rules & Regulations, changes in the Zoning Bylaw and the Zoning Map. The Board has experienced the beginning phase of the development of difficult and marginal sites in the town. The continued successes in the market place suggest that pressure for commercial and residential growth and change will persist in Medfield.

The following describes in some detail the activities of the Board during 1986:

TOWN MEETING ACTIONS:

The 1986 Annual Town Meeting approved an amendment to the Zoning Bylaw to require that licensed day care facilities for more than six children be allowed by Special Permit of the Board of Appeals. A parking requirement was also added to the Zoning Bylaw for licensed day care facilities. An article was passed clarifying the definition of a lot, requiring that primary access to the lot be able to be provided through the lot's frontage. An article allowing unpermitted signs by special permit instead of variance and the reduction of the size of the Sign Advisory Board to five members was approved. An article permitting more than one building per lot for multi-family residential developments in the RU Zone was passed.

Town meeting passed an article submitted by petition to rezone an RS parcel of land across North Meadows Road to RU. The Planning Board did not support this rezoning.

RESIDENTIAL SUBDIVISIONS:

The Planning Board has approved (1) Sheep Farm Subdivision Plan (Shepherd Lane) a one-lot subdivision off Kaymark Drive; (2) Indian Acres Subdivision (Wheelwright Road) 12-lot subdivision off North Street; (3) Georgetown Estates Subdivision (Copperwood Road and Bishop Lane) 12-lot subdivision off Hospital Road; (4) Dutton Park off High Street at Walpole line containing no lots; (5) Town's first cluster subdivision Castle Hills Estates II (continuation of Deerfield Drive), 4 building lots and 2 lots totalling approximately 9 acres to be deeded to the Town; (6) Pondview II (Butterfield Lane) off Stuart Street, containing one lot in Medfield; (7) Village Farm Estates (Village Drive) off Hospital Road containing 7 lots.

The Planning Board denied the Tocci-Tocci subdivision extending from Pheasant Lane to Hickory Drive as there was not adequate reserve capacity in the public drainage system to accommodate this subdivision. The Ledge-wood Acres subdivision off Pine Street and Tamarack Road, showing 54 lots on 62 acres of land, is being considered and action is expected to be taken in early 1987.

In addition to the above definitive plans, the Board received and re-

viewed preliminary plans for Pondview II, Rocky Acres, Village Farm and Orchard Park Subdivisions. A preliminary plan for a multifamily condominium complex off North Meadows Road was received and reviewed.

The Board held a Site Plan hearing for 14 condominium units on West Street. The site plan was approved and the condominiums have been constructed and occupied. A site plan for a three-family on Main Street, opposite Brook Street, was disapproved as the driveway did not meet zoning requirements.

Twenty-two lots were released for building - five on Nauset Street; one on Shepherd Lane; four on Village Farm Estates and twelve lots in Georgetown Estates were released. Two lots on Castle Hill Estates II were released to the Town for dedicated open space.

Twenty-three plans under Subdivision Control not Required were reviewed and signed by the Board.

INDUSTRIAL AND COMMERCIAL DEVELOPMENT:

The Board approved an industrial subdivision plan entitled "Medfield Technology Park." This is an industrial subdivision containing one lot to be divided in accordance with the needs of industries to locate in the subdivision.

The Planning Board reviewed and approved the following commercial and industrial site plans:

1. Yer & Keleher, warehouse, West Mill Street.
2. Bullard's Market and Shops at North and Green Streets.
3. Jackson Fabrics Shops and Offices on the corner of North and Frairy Streets.

The Planning Board approved parking plans as follows:

1. Floyd & Glenn, Adams Street
2. A.H. Harris, West Mill Street
3. Greater Heights, Main Street
4. A.J. Lane building on North Meadows Road

SCENIC ROAD HEARINGS:

The Board held three scenic road hearings for the removal of dead or small trees on Causeway Street, Pine Street, Noon Hill Street and Orchard Street. The tree cuttings in most cases were requested by the Tree Warden. The stone walls will be replaced after the construction requiring their removal has been completed.

LAND SUBDIVISION RULES & REGULATIONS:

The Planning Board has been working on the revision of the Land Subdivision Rules & Regulations over the past several years. This year the final review was undertaken and a public hearing was held. The reorganized and revised Land Subdivision Rules & Regulations were adopted. The entire document is on a computer and future revisions and reprinting will be easily accomplished. The Board would like to thank Kenneth Feeney, Superintendent of Streets, and Roy Boudette for the many hours they spent with the Board

working on the regulations.

PLANNING BOARD APPOINTMENTS TO MASTER PLAN IMPLEMENTATION COMMITTEE:

The following appointments were made to the MPIC during 1986:

Marion L. Polzella, David G. Strimaitis, Daniel Jones, Jr., Newton Thompson and Martha Smick. It is anticipated that the MPIC will work with the Open Space Planning Committee to assist with the studies being made as a result of the Bay Circuit Green Belt Grant received by the Town.

OTHER BUSINESS:

The Board members were sorry to lose the able services of Daniel W. Nye, who served a five-year term. The Board welcomed newly elected member, Joseph D. Codispoti.

The Board has continued to use the engineering services of Whitman & Howard for subdivision and site plan reviews and inspections.

The Planning Board acknowledges with thanks the cooperation and assistance of other Town Boards and Departments during the year, with special thanks to Town Counsel Charles Fuller, Zoning Enforcing Officer John O'Toole, Superintendent of Streets Kenneth Feeney and Highway Foreman Robert Kennedy, for their cooperation.

Planning Board meetings are held weekly on Mondays at 8:00 p.m. at the Town House and are open to the public. Appointments with the Board must be made by the Thursday noon prior to the meeting. Requests for information or appointments should be directed to the Planning Administrator, Mildred E. Willis, at the Town House.

Respectfully submitted,

Joseph R. Parker, Jr., Chairman
Margaret E. Bancroft, Vice Chairman
John K. Gagliani, Secretary
Sarsfield P. Brennan
Joseph D. Codispoti

SIGN ADVISORY BOARD

To the Honorable Board of Selectmen
and Residents of Medfield:

During 1986 the Sign Advisory Board has continued to review all applications for sign permits as well as continue its policy of advising and assisting applicants on questions pertaining to signage.

The 1986 Annual Town Meeting passed some changes to the sign bylaw which will be helpful to the advisory board, the most important of which is the change to allow a five-person Sign Advisory Board.

The Sign Advisory Board has brought any violations of the Sign Bylaw which they have observed to the attention of the Zoning Enforcing Officer.

Respectfully submitted,

*Helen K. Weinert, Chairman
Julie Alasso
Philip Bonanno
Joseph D. Codispoti
Richard Moon*

PLANNING BOARD MEETS WITH FORMER MEMBERS

BOARD OF APPEALS ON ZONING

To the Honorable Board of Selectmen
and Residents of Medfield:

During 1986 the Appeals Board conducted thirty public hearings and made decisions on the following applications for variances, special permits and other appeals:

GRANTED: First special permit for cluster development.

Three special permits to work within the Watershed Protection District.

Two variances from height requirements for two church steeples.

Special permit for medical offices.

Special permit and variance for alteration of a two-family house.

Variance from 150-foot buffer requirement.

Special permit/variance to enlarge garage.

Two special permits for enlargement of industrial plants.

Special permit to construct warehouse.

Five lot line variances granted.

Variance to allow swimming pool within rear lot line setback.

Special permit for home occupation.

DENIED: Two special permits for construction/storage trailers.

Variance for lot with no frontage on public way.

Special permit for day-care center parking.

Variance/special permit for used car lot.

Variance for undersized lot.

UPHELD: Selectmen's decision on Earth Removal.

The applicants withdrew a request to change a two-family house to a three-family and a request for a carnival.

During this past year the Board lost a valued colleague when Associate Member Harry Kelleher resigned because of his family's move to Florida. The Board wishes to thank Mr. Kelleher not only for his aid and assistance to the Board during his tenure as an Associate Member but also because of his many years of distinguished public service to the Town of Medfield. His advice and counsel will be missed.

The Board is indeed fortunate, however, that Bernard J. Monbouquette has accepted an invitation to become an Associate Member of the Board replacing Mr. Kelleher. The Board welcomes Mr. Monbouquette and looks forward to working with him in the year ahead.

Respectfully submitted,

Robert F. Sylvia, Chairman
Burgess P. Standley, Secretary
Ralph C. Good, Jr., Member
Sandra G. Munsey, Associate
Charles H. Peck, Associate
Bernard J. Monbouquette, Associate
Harry A. Kelleher, Associate (resigned)

SEALER OF WEIGHTS AND MEASURES

To the Honorable Board of Selectmen
and Residents of Medfield:

The following is my annual report for the year ending December 31, 1986.

All retail stores, gas stations, pharmacies, supermarkets, deli's, and bakery stores in Medfield were checked by the Sealer. All scales and pumps that meet the state codes were sealed. Also gas prices, unit pricing, rectal and oral thermometers were checked.

A total of thirty-seven scales, ten avoirdupois, forty-eight apothecary weights, two liquid measuring meters, fifty-four gasoline pumps and five linear measures were sealed.

Total inspection fees for this year totaled \$2,708.

I wish to thank town officials for their assistance during the year.

Respectfully submitted,

Patricia A. Rioux
SEALER OF WEIGHTS AND MEASURES

TRUSTEES OF THE MEMORIAL PUBLIC LIBRARY

To the Honorable Board of Selectmen
and Residents of Medfield:

The Board of Trustees of the Memorial Public Library is pleased to submit its report on the 1986 year. Although financial constraints continue to challenge the trustees, the library director, and library personnel, once again we have had a rewarding year.

A major focus throughout 1986 was examination and assessment of our library in the light of various studies of small libraries. Areas of concentration identified by the Board were: information and adult independent learning, children's reading and viewing, and young adult reading and viewing. Consequently, Mrs. Archer applied for a grant which, if successful, would award funds for a much needed enrichment of the non-fiction collection. Because Medfield's amount spent for library acquisition of books continues to be low in comparison to other cities and towns with similar revenue raising ability within Massachusetts, the Board continues to seek additional support in this area.

In other respects, however, the trustees feel our library cannot be bettered. We refer to the exceptional qualities of Mrs. Jane Archer, Library Director, Connie Jones, Children's Services and the support staff. These individuals consistently provide the citizens of Medfield with courteous, effective service, in a welcoming and pleasant atmosphere.

Mrs. Archer continues to take part in workshops and developmental studies. She has been appointed to a State Committee to draw up standards for children's library services in Massachusetts.

Automation services at the library are off to a good start. After 1985 Town Meeting approved the initial monies to pay for access to the Minuteman Data Base, plans became reality. A computer terminal was installed in September, affording us dial-up access. Additional funds are needed for full membership.

Other improvements requiring funding are: an alarm system to help prevent break-ins like the burglary which occurred in September, a new emergency light, and a library-community out-door bulletin board.

Additional highlights of the year include the hiring of the reference librarian, Grace Mosula, for Saturdays, ongoing plans for the park adjoining the library, and the considerable success of Connie Jones' special programs for children.

Changes in the Board of Trustees came about through Patricia Kallio's retirement in March, and Betty Martin's resignation in January. New Board members are Richard Fitzpatrick and Barbara Stevenson.

We recognize and appreciate the significant support the library receives from the Friends of the Library, as well as the Lions Club, Medfield Council on the Arts, local businesses, and individual townspeople. The library sustains its community role as educator, meeting and arts center, and adjunct to the schools through the dedication of its staff and Medfield's citizens. Thank you.

Respectfully submitted,

*Susan Parker, Chairman
Gretchen Childs
Marilyn Connors
Richard Fitzpatrick
Michael Howard
Barbar Stevenson*

LIBRARY DIRECTOR ARCHER DEMONSTRATES COMPUTER SYSTEM
TO SELECTMAN THOMPSON & LIBRARY TRUSTEE PARKER

THE MEMORIAL PUBLIC LIBRARY

To the Honorable Board of Selectmen
and Residents of Medfield:

A number of improvements in the quality of library service took place in 1986, the most important of which was the installation of a computer terminal at the main desk which is linked electronically to the collections of 20 area libraries. It is now possible to find out which library has a particular book not owned in Medfield, and our local terminal will also show if the item is on the shelf or checked out. In essence, this capability provides access to over ½ million unique titles owned within our geographic area.

Another improvement was the addition of a professional reference librarian to our staff to provide specialized service on Saturdays when the regular staff is not on duty and during some evening hours. The hours open to the public expanded in July when additional funding made it possible to open the library at 10 instead of 10:30 a.m. The current hours are Monday through Thursday 10 a.m. to 8:30 p.m. and Friday and Saturday 10 a.m. to 5 p.m. The 10 a.m. opening is a resumption of hours cut during Proposition 2½.

The non-fiction collection has been upgraded significantly during the year thanks to additional money approved at Town Meeting. Also, the business reference collection was expanded to meet needs expressed by many townspeople. "Standard & Poor's" business reference sources were added as well as a subscription to "Value Line Investment Service" and "Banker and Tradesman".

Many interesting programs were held throughout the year in the library's meeting room. Local author and professor, Lynda Moore, spoke on her latest book, "Not as Far as You Think", Representative Andrew Natsios presented a slide show of his trip to the Soviet Union, a stenciling workshop was held, and a slide show of a windjammer trip was given. Many local groups also used the meeting room for their own programs, and throughout the year, exhibits of local art work graced the walls of the meeting room.

The Children's Room has been a busy place, with an increase in the numbers of patrons visiting and enjoying this vital part of the Library. During the summer, children participated in a "Summer Sleuth" program sponsored by WBZ TV, which encouraged library exploration. Summer activities included films, the traditional Chalk-In, a Ramona Quimby look-a-like read-a-thon, and sculpture craft. A story hour for 3½ - 5 year olds was reinstated in the fall, and extra sessions of Toddler Time were added to meet increasing demands for activity for infants through age three. Visits to the Children's Room were made by nursery schools, daycare centers, and girl and boy scout troops. Special programming included performances made possible by a grant from the Medfield Arts Council, and a magic show by talented 10th grade magicians Jesse Jacobs and Ed Kim, who charmed a crowd of almost 100 one warm summer day.

Under the able leadership of Lucy O'Flaherty, The Friends of the Library continue to play a vital role in the provision of library services. Their fundraising efforts made it possible to underwrite a portion of the cost of the computer link-up, present a graduation Scholarship, and fund the Welcome

to the Library letter sent to parents of new babies. The Friends sponsored a number of programs throughout the year and held their most successful Book Sale ever on Medfield Day. Membership in the Friends doubled during the year with income from dues totalling over \$800. The Friends were also active in children's programming this year. Co-ordinators, Maura McNicholas and Pamela Kell, offered craft work shops for Valentine's Day, May Day, Halloween and Christmas.

It must be noted with sadness that Barbara Friend, the former Assistant Librarian, passed away this year. Contributions in her memory were made to the library.

Again, as in past years, sincere thanks must be offered to the many residents and town organizations who have supported the library with book donations, monetary contributions, and volunteer time. Each one of you adds significantly to the special quality our library possesses. My personal thanks also must be expressed to the Library Trustees who continually strive to improve the quality of service and make my job easier because of their support. And to my staff, I offer my heartfelt appreciation for a job well done. They always are willing to give 110%.

Respectfully submitted,

Jane B. Archer
Library Director

MEDFIELD HISTORICAL COMMISSION

To the Honorable Board of Selectmen
and Residents of Medfield:

The Medfield Historical Commission submits herewith its fourteenth Annual Report for the calendar year 1986.

The Medfield Historical Commission, appointed by the Board of Selectmen, is a legislated body mandated under state law. The primary duty of the Commission is to oversee the preservation, conservation, and restoration of all properties of historic significance.

Activities of the Historical Commission included:

1. House Inventory Program

This program continues to be an ongoing effort to create a detailed record of the historical properties in Medfield. The Commission maintains on file and continues to update this listing of historical properties.

2. The Historic Signs Program

This program researches applications of individuals with historically significant property. Once verified, signs noting the original owner, the date of the property, and often the original owner's occupations, are prepared on a cost basis for display on the outside of the property. This program has become quite popular with numerous individuals requesting applications at the Commission's booth during Medfield Day.

3. Historic Trail Brochure

This Historic Trail Brochures continue to be available to the public. The brochure is a walking tour and guide to the architectural heritage of the town center. The brochure takes you from the 17th century English Yeoman style Peak House to the 19th century Queen Anne, Eliza Thayer block. It points out Colonial, Federal, Greek Revival, Victorian, and High Victorian Italianate style structures. Most of the properties are private residences and are not open to the public. Also, Sunday Services are still held in each of the churches on the tour. Copies of the brochure are available free of charge at the Town House, the Memorial Public Library, and at the Commission's booth during Medfield Day. They are also used by classes in the Wheelock, Junior and Senior High Schools.

4. Preservation Award Program

John and Joanne Hooper were awarded the 1986 Medfield Historic Preservation Award, honoring their efforts for the restoration and preservation of the George Inness House, 406 Main Street, Medfield. The award was presented to the Hoopers at a Board of Selectmen's meeting.

5. Restoration of Town Records Program

Many of the town records are in need of preservation within acid-

free, archival-style boxes. The Commission has purchased these boxes from funds received via Town Meeting and has started encasing the volumes of town records in these.

6. Historic Slide Program

The Commission's slide program on the History of Medfield continues to be made available to the public. The 150-slide presentation shows the history of the town from 1649 to the present and is available to any individual, group, or organization in the town of Medfield. In addition, the slide program was shown at the Medfield Public Library, the Medfield Senior High School for public viewing and was duplicated and donated to the Medfield Public School system. The Commission plans to present the program to the public in 1987 at the Medfield Senior High School.

7. Historic Preservation Reference Materials

Through its membership in the National Historic Trust, the Commission is kept aware of all current publications in the field of historic preservation. By special arrangement with the Medfield Memorial Public Library, all copies of sample items received by the Commission are put on deposit with the Library and are available for use by the public.

8. St. Edward's Park

The Commission is actively involved in helping to determine the future of the old St. Edward's Church lot on Main Street, now vacant. The Commission would like to see the property transformed into an Historic Park which honors the center of town.

9. New Historic Slide Program

The Commission is preparing a slide program, "Medfield Connections-Artists-Musicians-Patronesses, 1860-1930", focusing on the prominent American artists of the Barbizon and Impressionist schools who painted under the guidance of George Inness when he lived in Medfield. Included will be artists and musicians who were summer residents of Mrs. Sewall's Boarding House on Main Street and the art academy on Spring Street. Any photographs for copy or information from townspeople concerning this program will be appreciated by the Commission.

Respectfully submitted,

THE COUNCIL ON AGING

To the Honorable Board of Selectmen
and Residents of Medfield:

The Medfield Council on Aging currently consists of five members and three Associate Members. The Council continues to provide services to approximately 1,200 (12%) of Medfield's over 60 population, with the able assistance of two part-time employees; Executive Director, Harry Mitchell and the Mini-bus driver, Millie Kennedy. The Executive Director is available mornings at the Town House office Monday through Friday to assist with the Council's medical, maintenance and social programs, as well as to answer questions and concerns pertaining to Medicare, Medicaid, Social Security, legal assistance, fuel assistance, and government surplus food distribution. The mini-bus driver schedules transportation daily, Monday through Friday to the meal site, semi-weekly trips to local and out-of-town shopping, and as needed for the Council's medical and social programs, and for individual medical appointments. The Council is represented on the Board of Directors of the area agency on aging, Health and Social Services Consortium (HESSCO), by Art Farrar and Mary Downing.

The most rewarding accomplishment in 1986 is the replacement Mini-bus with its larger seating capacity, more convenient access, and wheelchair ties. At no cost to the taxpayers, the Mini-bus is the result of successfully obtaining a grant award from the State's Executive Office of Elder Affairs, plus a very generous donation by the Friends of Medfield Seniors, Inc. Increased use of the bus has increased maintenance costs and increased salary costs which is having an impact on our already stringent budget.

The nutrition program has showed interesting changes with a significant increase in home delivered meals due to regulatory shorter hospitalizations and an option to receive on-going care in the home. However, there has been a marked decrease in the number of hot meals served at the First Baptist Church meal site.

The health maintenance programs continue to be successfully received. The arts and crafts program reluctantly has had to be put aside after an exhaustive search for an instructor. The council would be pleased to see greater participation in the bi-monthly exercise program which is available at the Baptist Church site. The on-site weekly group counseling sessions for Senior Citizens and their families, sponsored by the Cutler Center (Norwood) has been discontinued due to small participation. However, individual counseling is available at the Cutler Center in Norwood.

The monthly newsletter, HOPE, is mailed to 900 Senior households; the postage is generously provided by the Friends of Medfield Seniors, Inc. The Council sponsors the monthly government food surplus distribution to eligible Seniors, and other eligible Medfield residents.

The Council wishes to thank all the volunteers who have so generously contributed their time and efforts to making the Council On Aging programs possible, and is most grateful to the Friends of Medfield Seniors for their generous support and funding.

The Council continues to devote its efforts to provide services to Medfield's over 60 population, to strongly support the nutrition program and to seek a single drop-in site to accommodate all Medfield Senior functions.

Respectfully submitted,

Arthur L. Farrar, Chairman
Mary Downing, Secretary
Carl Brewer, Treasurer

HISTORICAL AWARD PRESENTED TO JOHN AND JOANNE HOOPER
FOR RESTORATION OF FORMER INNIS HOME

THE COUNCIL ON AGING COORDINATOR

To the Honorable Board of Selectmen
and the Residents of Medfield:

The new Ford Mini Bus arrived on schedule. The first month was full of adjustments, but we can see it growing in use and value to our community. We now try to set up medical appointments on our way to shopping malls.

The slogan printed on the new bus was submitted by Dorothy Marshall. Her reward for this was lunch at the Wayside Inn with officers of the "Friends." Thank you, Dorothy, for your slogan, "The Bus for Us, Medfield Seniors."

Millie Kennedy and Mary Nyren have completed the First Aid, C.P.R. and Awareness programs needed to drive the bus. Reports from users tell us it is a joy to ride anywhere in this vehicle.

For the record, we received State Grants of \$29,052., Town funds of \$4,000. (for Department to purchase the old bus to be used by the Animal Control Officer) and \$4,302. from the "Friends of Medfield Seniors." This totals \$37,354. Remember, because of this grant and all the "Friends", our taxes did not suffer.

Whenever possible we continue to apply and seek out grant monies to provide more services to our elderly population.

Our newsletter is kept alive, again because of your contributions to the "Friends" organization; for short, we call it F.O.S.I. (Friends of Seniors, Inc.)

Our next and most desired project to keep abreast of our growing population of people over the age of 60 is to move into a building and make it a full time Drop-in-Center. This type of place would help us to coordinate any and all activities for Seniors into one meeting area. At present, these programs are spread out and during the course of the year we have used several buildings without rent fees. Wouldn't it be nice to do everything at one location, and be able to offer more?

Did you know that of the more than 10,300 residents in Medfield there are 1,237 of them that are 60 years of age or older? Granted, most people from 60 to 70 do not need or want many of these services we provide, but we are here just in case. Just think of the impact seniors could have on elections, town meeting or any other event if they felt the need to join together. Don't forget, all of you will be joining this elite group in the future.

We never have enough volunteers throughout the year and yet it is surprising and gratifying to know that you or your neighbors help us deliver food, hot lunches, medicine, provide trips to hospitals and doctors when our bus is unavailable, answer phones, make phone calls and visits and fold, staple, and address letters and much more.

Thank you everyone, for your cooperation, donations, parties, and prayers - Medfield is for us.

Respectfully submitted,

Harry T. Mitchell
COORDINATOR

THE BUS FOR US

MEDFIELD HOUSING AUTHORITY

To the Honorable Board of Selectmen
and Residents of Medfield:

The Medfield Housing Authority is pleased to submit its Annual Report for 1986.

The Medfield Housing Authority is authorized by and operates under the provisions of Chapter 121B of the Massachusetts General Laws, as amended, which is known as the Housing and Urban Renewal Law. The Authority is entirely funded through the Executive Office of Communities and Development of the Commonwealth of Massachusetts; it does not receive any funds from the Town's appropriations. In addition, modernization funds have been approved and will be implemented in 1987.

The Medfield Housing Authority is made up of five Commissioners, four of whom are elected for a five year term. Their terms are staggered so that only one Commissioner is elected each year. The fifth Commissioner is appointed by the Governor for a five year term.

In September, Commissioner Jane N. Kelly's term as the state-appointed member of the Authority concluded. Jane had served diligently for ten years. She had an important voice in molding the policies of the state-aided public housing in Medfield, and her presence on the Authority will be sorely missed.

In November, Mark O'Connor resigned as an Authority member. The Board was fortunate that Ralph "Ken" Maider expressed an interest and on December 16, 1986, was appointed to fill Mr. O'Connor's vacancy.

The Executive Director, Marie K. Roberts, P.H.M., is the Chief Administrator of the Authority with the responsibility for all phases of the Authority's operation. John P. O'Toole is responsible for the physical maintenance of Tilden Village.

The Commissioners and Director have attended workshops and conferences throughout the year. Programs are evaluated in order to determine their adaptability to the Town of Medfield. Commissioners Denton and Gaines represented the Authority on the Massachusetts Housing Partnership Opportunity Program and Commissioner Nightingale serves on the Town's Fair Housing Committee.

In October, Tilden Village celebrated its tenth anniversary with a party at the Hazel Frank Community Building. The reception was well attended by residents, some of whom have resided there since Tilden Village opened. In addition, the Board of Selectmen joined the festivities as did other "friends of Tilden Village." The Authority acknowledges with thanks the cooperation and assistance of other Town Boards, local organizations and the entire community.

Questions pertaining to public housing may be directed to the Executive Director, Marie K. Roberts, P.H.M. at her office (359-6454) between 9:00 a.m. and Noon, Mondays through Thursdays. The Medfield Housing Authority meets on the third Tuesday of each month at 7:30 p.m. in the Office at 30 Pound Street. The general public is welcome to attend these meetings.

Respectfully submitted,

Jane N. Kelly, Chairman
Peter A. Gaines, Vice-Chairman
Richard M. Denton, Treasurer
Diane Nightingale, Assistant Treasurer
Ralph K. Maider, Secretary

THE ARCHITECTURAL BARRIERS COMMITTEE

To the Honorable Board of Selectmen
and Residents of Medfield:

The committee has been inactive this past year and remains organized as a standing committee ready to respond if the need should arise.

Respectfully submitted.

Robert Coulter, Vice Chairman
Pauline A. Coulter
Beverly L. Hallowell, Secretary
Daniel E. Hogan
Bruno J. Palumbo
Michael J. Sullivan
Christie A. Shoop, Chairman

THE CONSERVATION COMMISSION

To the Honorable Board of Selectmen
and Residents of Medfield:

Under the Massachusetts Wetlands Protection Act (M.G.L. 131, Section 40) and Medfield's Wetlands By-Law the Conservation Commission acts in the regulatory role of protector of the environment. Regarding the number of public hearings scheduled in 1986, it was a very active year. Any persons proposing to fill, remove, dredge or otherwise alter land within 100 feet of any wetland were required to file a Notice of Determination or Notice of Intent to the Commission and appear at a Public Hearing. The following Public Hearings were held in 1986.

- | | |
|---|--------------------------|
| 1. E. Lawrie Rhoads - FDC Packaging Co.
214-78 Warehouse addition - Adams St. | Approved with Conditions |
| 2. MN Development - 214-79 Drainage outfall
and culvert replacement North and Harding Sts. | Approved with Conditions |
| 3. Ronald T. Tocci 214-80 Subdivision between
Hickory Dr. and Pheasant Rd. | Denied |
| 4. Armand Janjigian 214-81 Engineering land
for horse pasture, Allen Lane | Approved with Conditions |
| 5. MBTA 214-82 Maintenance of railroad tracks
and alteration of culvert | Approved with Conditions |
| 6. Louis Petrozzi 214-83, Residential
dwelling, Main St. | Approved with Conditions |
| 7. Medfield Associates
Extension of Deerfield Rd. | Approved with Conditions |
| 8. Harry Forster 214-84, Pond construction,
Granite St. | Approved with Conditions |
| 9. LaSalle Realty 214-85, Residential
dwelling, Grace Dr. | Denied |
| 10. A.J. Lane, Medfield Industrial Park
Interchange of pavement and landscaping | Approved with Conditions |
| 11. Louis Petrozzi 214-83 - Residential
dwelling, Main St. | Amended Conditions |
| 12. 420 Corp. - Basile/Tresca, Industrial
park, West Mill St. | Denied |

Conservation land may be acquired by the Town as a tax deductible gift, sale or easement. Residents are encouraged to contact the Commission for further information. This year the Town received a state grant to help plan for open space preservation as part of the Bay Circuit Program (Green Belt).

This program involves 50 communities surrounding Boston and has as its goal the creation of a system of public and private protected parks ringing Boston. The grant is for \$7,000 and will be used in conjunction with \$5,000 approved at last spring's Town Meeting to study drainage in the Town. Commission member, Jesse Matuson, has been coordinating this effort with the Planning Board's representative, Bay Bancroft.

The Commission was regretfully informed of the passing away of one of its most dedicated members, John Bradstreet, on September 26th. Mr. Bradstreet served many years on the Commission and for his last five as Treasurer.

Joining the Commission this past year was Douglas Sparrow, replacing Douglas Campbell as a full member. Donna Hicks acted as Secretary for most of the year, but had to step down in October, being ably replaced by Betty Kaerwer. John Guthrie became an Associate Member, joining Daniel Fritzsche, newly appointed as Associate Member.

An informational meeting took place towards the end of this year. Commission member, Douglas Sparrow, spoke on recognition of soil and plant characteristics typical of ground water recharge areas and natural water storage areas.

Any interested Medfield resident is cordially invited to attend the monthly meetings of the Conservation Commission at the Town House, the first Thursday of each month at 7:30 p.m. Any resident wishing to join the Commission is also invited to contact us.

Respectfully submitted,

Lee Howell, Chairman
Bernard Monbouquette, Vice-Chairman
Betty Kaerwer, Secretary
David Morrish, Treasurer
Robert Kinsman
Jesse Matuson
Douglas Sparrow
Stephen E. Bassett, Associate Member
John Beale, Associate Member
Richard W. Bryant, Associate Member
Daniel Fritzsche, Associate Member
Edmund Hammond, Associate Member
Hanson C. Robbins, Associate Member

BOARD OF HEALTH

To the Honorable Board of Selectmen
and Residents of Medfield:

The calendar year 1986 again showed continuing growth in the workload for the Board of Health agents, staff members and our contracting agencies. Our agents and staff found themselves spending more time supplying information and on consulting services.

SANITATION

As agent for the Board of Health, John Keefe, RS made 135 inspections of food service establishments and retail food stores and gave consultation and advice to 36 requests and investigated 10 food related complaints. All establishments are inspected at least quarterly. While most establishments maintain their operations within the guidelines of the State Sanitary Code, it continues to be necessary for our agent to monitor some closer than others when non-compliance is a re-occurring problem in order that corrective action may be addressed. In addition to food service inspections, Mr. Keefe also held consultations in various public health issues with school, highway and fire personnel throughout the year.

Under the provisions of Chapter II of the State Sanitary Code covering minimum standards for human habitation, Mr. Keefe made 28 inspections of dwelling units during the year which resulted from complaints and random inspections of rental housing. Where violations of the State Sanitary Code were found, the owner or occupant was ordered to take corrective action and follow-up inspections were made to ensure compliance. Mr. Keefe also made 141 miscellaneous inspections which included the public bathing beach, semi public pools, laundromats, gas stations, shopping centers and the landfill. 27 regular inspections of school cafeterias and nursery schools were carried out throughout the year. Total inspections and consultations during 1986 were 345.

ENVIRONMENTAL ENGINEERING

As the town continues to experience growth and the number of residences grow, the load on our environment increases. Recognizing this, the Board of Health has been active in cooperation with other boards and committees, stressing the need for proper management of the town's natural resources, particularly, the protection of our water resources. With this as a priority, our agent and consulting professional engineer, William R. Domey, has provided engineering assistance to the town residents and reviewed plans for future development in subdivision reviews and drainage plans for site plan review process. The following is a list of the number of permits and related permits:

New plan reviews	44
On-site soil tests	72
Septic system construction permits	21
Construction inspections	80
Repair permits issued	5
Installers' permits issued	22

Septage handler & carters' permits issued	15
Swimming pool reviews	12
Review of plans for additions & renovations	69

Sewerage complaints and investigations were conducted throughout the year and several compliance orders were issued. Approximately 145 site visits, 35 conferences and numerous hearings were held to respond to the 620 requests for Mr. Domey's services during the year.

ANIMAL CONTROL

Karen MacGregor, the town's Animal Inspector since 1980 continues her dedicated service. The Board of Health gratefully acknowledges her very capable assistance in that position. Her report is contained separately in this Town Report. The Board reminds residents of the need for a permit issued annually for the keeping of any animals other than household pets. Residents are also reminded that all animal bites including those from household pets must be reported immediately to the Animal Inspector or the Board of Health of the town in which the bite occurs so that the animal may be quarantined or if necessary, arrangements made for laboratory examination.

BOARD OF HEALTH PERMITS ISSUED

Restaurants, counter bars, cafeteria food service and vending machines	15
Food stores and markets	12
Temporary food service permits	7
Catering permits	1
Bakeries	2
Laundromats	2
Funeral directors	1
Horse, animal, farm and stable permits	19
Veterinary clinic	1
Refuse and offal carters	4
Total	64

Total permits issued, including disposal works construction permits, installers, repairs and septage handlers was 127.

The total revenue from the issuance of permits and the review of plans was \$6,180 for the calendar year 1986 compared to \$6,012 for 1985.

CONTRACTS WITH HUMAN SERVICE DELIVERY SYSTEMS

The South Norfolk County Association for Retarded Citizens (SNCARC) continues in its 33rd year of service to provide a variety of supportive services for people who are disabled developmentally and for their families. This private nonprofit organization established by local concerned citizens with its purpose to promote and advocate for the welfare of citizens who are disabled or at risk of being disabled by mental retardation or similar impairment, provides support services and acts as a supportive community for their families. The Association depends heavily upon volunteer, moral and funding support and a working partnership with the 12 towns it serves, one of which is Medfield.

The programs extended to its current membership of 450 families and friends are as follows: Vocational Training Program which teaches skills needed to do gainful and productive work in sheltered or competitive employment; Day Habilitation Program, located in Medfield, which teaches self

care and community living skills; Residential programs which allow individuals to live in their own communities and which also includes a program for clients who are elderly. A second HUD program in Norwood will open 12 apartments for clients who have abilities for greater independence. Medfield also houses the Early Intervention Program, crucial in the early months of a handicapped infant's life. Many additional programs originate from the Memorial School in Medfield and citizens of town are encouraged to volunteer in any which includes both social and recreational programs, family support systems, information and referral, training programs and emergency respite care which enables a family to make use of a trained provider for emergencies or as a rest change for a family.

SNCARC 1986 SERVICE REPORT

<u>Program</u>	<u>Clients Served</u>
Day Habilitation Program (serving the most severely handicapped adults)	1
Vocational Training Services (Norfolk Industrial Services)	8
Early Intervention Program (infants birth to age 3)	12
Residential Care Programs	2
Family Support/Rehabilitative Therapies/Clinical Services	7
Respite Care/Emergency Services	14
Social-recreational/Transportation/ Citizen Advocacy Services	7

Norfolk Mental Health Association, a private non-profit corporation governed by a citizen Board of Directors who represent each of the 12 towns it serves, including the town of Medfield.

Major programs of NMHA include Cutler Counseling Center, Project Hire, Case-Aide and Parent-Aide Programs and Community Education Programs. Cutler Counseling Center serves individuals, couples and families through varied services which include evaluation, referral, treatment and educational and support groups. Project Hire is a sheltered vocational rehabilitation facility for people with emotional, developmental or physical handicaps. Case-Aide and Parent Aide Programs offer trained and supervised volunteer aides to provide one-to-one help to clients in the community, families and individuals in crisis, victims of domestic violence, parents at risk of abusing or neglecting their children and isolated elderly. Community Education Programs offer speakers for community meeting, workshops, consultation and educational materials.

During fiscal year 1986, Cutler Counseling Center provided direct services to approximately 71 people from Medfield. The total value of these services was \$55,860 of which the town of Medfield allocated \$5,000. Referrals for people who requested assistance came from friends, neighbors or family, clergy, school, physicians or community agencies. The most common requests for help concerned such problems as depression and anxiety, difficulties in marriage or family relations, school or behavior-related problems, alcohol or drug abuse, work related problems, and acute or chronic mental illness.

PUBLIC HEALTH NURSING

In the five years since the Dover, Medfield, Norfolk Visiting Nurse Association merged with the Walpole VNA, the program to provide public health nursing continues to be carried out successfully.

In 1986, health promotion visits to the chronically ill elderly population increased by \$16 following the trend that the elderly population represents an increasing percentage of the total population and therefore public health services such as health promotion visits help these people to be able to stay at home and remain as independent as possible.

Senior Citizen Health Clinics continue to be held on the first Tuesday of the month at Wilkens Glen and third Tuesday at Tilden Village. Services at the clinics include a physical assessment plus individualized discussion of diet and medications. Diabetic screenings are offered every three months and a health education topic is presented monthly. During 1986 twenty Senior Citizen Health Clinics were held. These services are also available to Medfield residents during office hours at Blackburn Hall in Walpole every Monday, Tuesday and Friday between 9 and 10 a.m. Cholesterol screening was offered at Medfield Day.

Follow-up of communicable diseases and immunizations continues to be an important part of the public health program supplied by VNA. The Maternal Child Health program provides visits to newborns and their families. Child-birth classes are offered and through a grant from the Massachusetts Department of Public Health, infant car seats are available at a rental fee of \$15.00. The agency's comprehensive home health services include skilled nursing, personal car by home health aides; physical, occupational and speech therapies, case management and medical social workers. While these services are usually reimbursed by third party payers such as Medicare, Medicaid, and private health insurance, the Walpole Area Visiting Nurse Association continues to provide these services to ALL MEDFIELD residents, regardless of their ability to pay.

In 1986 the VNA developed aerobic fitness and back care programs. They also began the transition to an in-house computerized management information system to more efficiently carry out clinical record-keeping, billing and accounting functions.

The Town of Medfield Public Health Program statistics for 1986 are as follows:

<u>CLINICS</u>	<u>SESSIONS</u>	<u>PATIENTS</u>
Senior Citizen Health Clinics	20	426
Choloresterol Screening (Medfield Day)	1	68
Flu Clinic	1	170
		<hr/> 664
Office Visits - 79		
Health Promotion visits - 305		

YOUTH OUTREACH

The Medfield Youth Outreach program administered by the Board of Health and the Outreach Advisory Committee continues to be a program supported by the town. The Advisory Committee with a membership of a representative of the school administration, police chief, school nurse, a citizen-at-large and a liaison of the Board of Health meets bi-monthly to review and evaluate the Outreach program and to make recommendations to the Board of Health for improving or expanding the program. The focus of the Outreach position has traditionally been and remains, crisis intervention, short and some long term counseling, information and referrals, community and client liaison and advocacy. The confidential services are offered free of charge to Medfield youth and their families by the Outreach worker.

Outreach Statistics

For the calendar year, a total of 92 clients were seen by the Outreach Worker and the following statistics relate to type of issues and number of clients affected:

Family related issues	72	Adoption related issues	2
Sexual abuse	11	Suicide	3
General information	2	Depression	14
Referrals	6	Divorce	21
Alcohol related issues	16	Peer related issues	34
Other drug related issues	4	Diversion	3
Physical abuse	4	Rent-a-Kid	13
Parenting issues	12	Emergency housing	2
Step-parenting issues	7	Crisis intervention	12

Clients were referred to the Outreach Worker by the school, self referral, Juvenile Diversion, local physicians, local ministers, state agencies, private counseling agencies and local clubs and groups. In over 50% of the cases, parents and other family members were involved in the counseling process.

Committees, groups, school and community outreach

The Outreach Workers participated in a number of groups on a regular basis including: Youth Advisory Committee, Salvation Army Advisory Board, Superintendent's Alcohol and Drug Task Force, Mental Health Professionals Resource Group and monthly meetings of the Massachusetts Municipal Human Service Workers Association.

The Rent-a-Kid program continues as a full year program out of the Outreach office. At the end of the year there were 13 students registered with the program. The Peer Counseling Program in its first year has gotten off the ground with support and help of the administration of the School system. In accordance with the plan approved by the School Committee, the program will focus in four areas: 1) training the students to work one-on-one with other high school students providing support, guidance, and help in problem solving and resources and referrals for the issues presented; 2) students will be trained to work with groups of younger students; particularly around issues dealing with alcohol and other drugs; these students will be available to go into classrooms to provide information and role models for younger students; 3) peer counselors who are interested will be trained to provide training for group counseling sessions in the high school; 4) interested students will be trained to work in a Big Brother/Big Sister capacity to younger students in need.

The Outreach Worker is responsible for the 15 week training session and all the follow-up sessions through the one year program. Twelve high school students have been selected as well as four alternates. The group will train at the United Church of Christ in order to provide a different environment from the school setting.

Education advancement and supervision

Both Nancy and Mary have participated in various workshops and seminars in order to continue to keep informed on client issues which may need to be addressed. Weekly clinical supervision continued with Alex Ringelheim LSW and Mark Blogier MSW from Greater Boston Family Services. Supervision assures Medfield clients in the Outreach program the very best in services.

The Board of Health holds its meetings on Tuesday evenings as posted at the Town Hall. These meetings are open to the public and citizens are invited to attend and participate.

Respectfully submitted,

*Edward J. Toomey, Chairman
William Tosches MD, Clerk
Neil J. MacKenzie*

SELECTMAN CHAIRMAN LARKIN HONORS RETIRING
PLANNER DANIEL NYE AND RETIRING HEALTH
BOARD MEMBER CAROL NYE

VETERANS' SERVICES

To the Honorable Board of Selectmen
and the Residents of Medfield:

The following is a breakdown of service and assistance rendered by the Medfield veterans and their dependents as authorized by the Commissioner of Veterans Services for the period ending December 31, 1986. The assistance includes fuel, clothing, food, housing and medical expenses for veterans and their families.

The state reimburses the town seventy-five percent of the benefits.

VETERANS' BENEFITS

Application for Ordinary Assistance	12
Benefits Administered	4

VETERANS' SERVICES

Hospitalization	2
Education	3
Burial Allowance	15
Social Security	17
Pension Assistance	35

I wish to thank town officials for their assistance during the year.

Respectfully submitted,

Paul F. Curran
VETERANS' AGENT

THE PARK AND RECREATION COMMISSION

To the Honorable Board of Selectmen
and Residents of Medfield:

The Park and Recreation Commission has had another successful year. It celebrated its 25th anniversary as a Park and Recreation Commission on Sunday, November 30, 1986 at the newly established Hannah Adams Pfaff Community Center. The first Chairman of the Commission, Walter Frank and other past commissioners were present to receive a plaque honoring their service to the citizens of Medfield. The Commission also presented a plaque to all the fine sports organizations sponsored by the Commission:

- | | |
|----------------------------|------------------------------|
| (a) Little League | (k) Pop Warner football |
| (b) Babe Ruth League | (l) Skating program |
| (c) Medfield Youth Hockey | (m) American Legion Baseball |
| (d) Youth Soccer | (n) Men's softball |
| (e) Youth Tennis | (o) M.O.T.H. men's softball |
| (f) Youth Swimming | (p) Adult Soccer program |
| (g) Youth Bowling | (q) Adult Volleyball |
| (h) C.Y.O. Basketball | (r) Adult Basketball |
| (i) Girl's summer softball | (s) Ultimate Frisbee |
| (j) Youth Skiing | |

The Yourth Advisory Commission, under the advisorship of Commissioners William "Jack" Heller and Mary V. Gillis, has been reorganized this year electing a permanent Chairman and Vice Chairman. The Y.A.C. has taken a more active role in planning, organizing and holding youth functions and activities. The Commission is planning numerous projects to assist the youth of Medfield and has become an integral part in advising the Park and Recreation Commission on its planning for Youth programs. The members of the Youth Advisory Commission are the following students:

Eric Doucette, Chairman	Matthew Notine
Frederick Aronstein, Vice Chairman	Kathleen O'Connor
Scott Anderson	Thomas O'Leary, Jr.
Denise Barton	Joshua Peck
Lisa Cassidy	Michael Sweeny
Lisa Craig	Christopher Swezey
Paula DeVasto	Robert Wallace
Joseph DiGiovanni	Jason Weiner
Christopher Enz	Paul Cutler (Rep. Medfield Churches)
Barton Garrison	Tom LaPlante (Medfield Police)
Brian Hajjar	Robert Naughton (Medfield Police)
George Mendrinios	Mary Conant (Outreach Worker)
Jeffery Minet	
Brian Murphy	

The Youth Advisory Commission, in cooperation with the Students Against Drunk Driving, and with the support of the Park and Recreation Commission installed a telephone at the Pfaff Center to help youths who might need assistance in that area.

FORMER PARK COMMISSIONER WALTER FRANK HONORED BY
COMMISSIONER ROBERT MILLER

The Park and Recreation Commission swimming program at Hinkley Park was again extremely well used and under Commissioner Heller and Director of the facility, Peter Panciocco, further improvements to the facility were made.

Under the direction of Commissioner "Chip" Lennon, the new ballfields at the 56 acres on Hospital Road were highly utilized this year.

The tennis instructional program under Director Beth Ebby, had its largest number of students to date. The skiing program and trips were well attended. These programs, under the leadership of Commissioner Sandra Fitch, were extremely successful.

The Park and Recreation Commission and the Planning Board, in a co-operative venture, are participating in a study of the park and recreation needs of the citizens of Medfield. Eric O'Brien, Associate Commissioner, who has extensive experience as a former Chairman and Commissioner of Park and Recreation, serves on this Study Committee.

For next year, the Commission is planning to remodel the block house at Hinkley Park, repaint all the equipment at Metacomet Park, and do further work at the Hannah Adams Pfaff Community Center and upgrade all Park facilities.

Respectfully submitted,

Robert W. Miller, Chairman
William "Jack" Heller, Vice Chairman
Sandra Fitch, Commissioner
Mary V. Gillis, Commissioner
"Chip" Lennon, Commissioner
Eric O'Brien, Commissioner

FUTURE OLYMPIC STARS AT HINKLEY SWIM POND

CEMETERY COMMISSION

To the Honorable Board of Selectmen
and Residents of Medfield:

I respectfully submit the report of the Cemetery Department for the year ending 1986.

Again this year a great deal has been accomplished with very little, if any, impact on the tax rate.

Our new section has been completed and is being used now. This should have a four to five year life. Meanwhile we shall devote our expansion efforts to the Bridge Street sections, developing of the new avenues and overcoming any drainage problems that may occur. This will dramatically alter the appearance of the cemetery to Bridge Street residents. Once again, we hope to enlist the expertise of the Norfolk County Engineers for the project as well as the Highway Department with their manpower and equipment.

Keep in mind again the need for expansion. Any land adjacent to the existing cemetery should be seriously considered for purchase if ever it becomes available for sale.

Again, I wish to thank the many Town Departments, and personnel for their support.

Respectfully submitted,

H. Tracy Mitchell
SUPERINTENDENT

THE INSPECTION DEPARTMENT

To the Honorable Board of Selectmen
and Residents of Medfield:

The following is our annual report for the year ending December 31, 1986:

DEPARTMENT	PERMITS		INSPECTIONS		INCOME		EXPENSES	
	1986	1985	1986	1985	1986	1985	1986	1985
BUILDING	266	241	1,052	955	\$21,845	\$35,880	\$14,337	\$11,794
PLUMBING	134	173	96	136	4,388	5,671	1,699	1,904
GAS	100	116	91	169	1,676	1,729	1,266	2,325
WIRING	232	267	529	532	8,395	9,125	7,389	7,116

Total revenue from the issuance of permits and fees for inspections for the calendar year 1986 was \$36,304.00 as compared to \$52,405.00 for 1985. Expenses for 1986 amounted to \$24,691 as compared to \$23,139 for 1985.

BUILDING INSPECTION

A breakdown of building permits issued is listed below:

	1986	1985
New single family dwellings	36	42
Additions to private dwellings	89	70
Renovations to private dwellings	28	24
Additions to business buildings	2	4
Renovations to business buildings	15	3
New industrial/business buildings	1	4
Reshingling roofs & installation of new sidewalls	14	12
Private swimming pools	13	19
Accessory buildings	8	5
Residential garages	6	2
Demolitions	5	5
Tents (temporary)	4	4
Signs	17	5
Stoves (solid fuel burning/chimneys)	25	38
Solar	0	2
Stables and barns	2	0
Multi-family dwellings (1-7 unit & 1-14 unit)	0	2
Carnival	0	0
Temporary trailer	0	0
Foundation	1	0
TOTAL	266	241

Occupancy certificates were issued for 43 new residences in 1986 as compared to 39 in 1985.

Inspections for certification of businesses, schools, nursery schools and family residences amounted to 24 inspections for 1986.

Estimated construction costs on permits issued:	<u>1986</u>	<u>1986</u>
New Dwellings	\$5,212,000	\$6,452,000
Renovations & additions, pools, shingling, sidewalls etc. on residential	1,839,973	1,460,803
New construction business and industry	45,000	5,000,000
Renovations & additions business & industry	874,400	421,314
Multi-family buildings (21 units)	-	1,500,000

Enforcement of the State Building Code continues to be the responsibility of the local building inspectors. Section 109.1.1 of that code requires all permit applicants to have State Construction Supervisor's licenses unless they are the property owner. The office of the Inspection Department must keep an accurate registration of license holders in order to assure compliance with Section 109.1.1. The building inspectors continue the enforcement of the code by making annual inspections of schools, churches and rest homes as well as other places of assembly.

The Inspector of Buildings also serves the town in the capacity of Enforcing Officer for Zoning and as such devotes many hours to investigation and enforcement of the Zoning Bylaw of the Town.

The assistance and cooperation of Fire Chief Ryan in the inspection of smoke detectors in new construction and additions and renovations was greatly appreciated. The Chief and the Inspectors continue to inspect the installation of solid fuel burning appliances with an ever continuing number of residents placing them into their homes. The residents are again reminded of the importance of having their wood stove installations inspected and certified in accordance with requirements of the Massachusetts State Building Code. Additionally, the inspectors and the Fire Chief have initiated an additional inspection requirement during the construction of new homes for chimneys.

PLUMBING AND GAS INSPECTION

As in past years, of the above listed inspections, a number were concerned with investigation, administration or enforcement in connection with violations. Enforcement of 248 CMR 2.00 The Uniform State Plumbing Code and the Massachusetts Fuel Gas Code is the responsibility of the local plumbing and gas inspectors. Letters and telephone calls were made in relation to violations of these state codes as well as referrals to the State Boards of Examiners of Plumbers and Gas Fitters. The assistance of Michael Wright as Acting Assistant was appreciated once again during the absence of the Gas Inspector from time to time during the year.

In June of this year, Walter R. Nye, Assistant Plumbing Inspector and Gas Inspector resigned his position. The Inspection Department gratefully acknowledges his years of service since 1959 as Assistant Plumbing Inspector and since 1961 as Gas Inspector. In July, Peter Navis was appointed his successor to the positions.

WIRING INSPECTION

The Wiring Inspector continues to enforce the Massachusetts Electrical Code as well as the National Electric Code in his inspections of electrical installations for which permits are issued. As with the other inspectors in the department, re-inspections for violations are made where necessary and letters and follow-up telephone calls are also made. The assistance of Tauno Aalto as Assistant Inspector of Wires during the periodic absences of the Wiring Inspector was greatly appreciated.

Respectfully submitted,

John P. O'Toole, Inspector of Buildings
**Anthony Calo, Local Inspector of Buildings*
Joseph F. Erskine, Wiring Inspector
Walter R. Nye, Gas Inspector (resigned)
John A. Rose, Jr., Plumbing Inspector
Peter Navis, Gas Inspector

TRI-COUNTY REGIONAL TECHNICAL VOCATIONAL SCHOOL DISTRICT

To the Honorable Board of Selectmen
and Residents of Medfield:

In July 1986, Charles Mucciarone was appointed a representative from the Town of Franklin to the Tri-County Regional School District Committee. Mr. Mucciarone succeeded Carole Russell who had served the Town and the District well for a period of four years.

The elected officers are: John Hanley (Seekonk) Chairman; Arthur Green (Sherborn) Vice-Chairman, and John Hurley (Medway) Secretary. Robert Rappa (Franklin) was appointed Chairman of the Budget Sub-Committee and Mr. Hurley was appointed Chairman of the Personnel/Policy Sub-Committee. Albert Chouinard (Medfield) will continue to lead the Collective Bargaining Sub-Committee.

Mr. Hurley, long active in the Massachusetts Association of School Committees, was reelected to a second term as Chairman of Division VIII, M.A.S.C. Division VIII is made up on committee members of vocational schools statewide.

The School Committee conducts its regularly scheduled meetings on the second and fourth Wednesday of each month at 8:00 P.M. in the Committee Meeting Room at the school. From the beginning of November until the end of February, the Committee meets on the first and third Wednesdays specifically for the purpose of budget development. Sub-committee meetings are scheduled as needed.

GRADUATION

On June 1, 210 students were graduated in an impressive ceremony. Chairman Hanley delivered the Commencement Address and music was provided by the Franklin High School Band conducted by Band Director Eric Rosen.

Awards and scholarships in the total amount of \$23,000 were presented to deserving seniors. Class Valedictorian, Daniel Lallier, was awarded \$1,000 as a Commonwealth Scholar as well as a full scholarship to Wentworth Institute. Daniel is a resident of Franklin and will pursue Electrical Engineering at Wentworth.

Medfield residents who were the recipients of awards and scholarships are Diana Mordini-Chas and Michael Dawe. Local organizations that contributed substantially to the scholarship program are Hannah Adams Doris Rayner Memorial Association, Medfield Employers & Merchants Association, and Griffin Electrical. We appreciate their support and look forward to a long and lasting relationship.

GUIDANCE

In September, one hundred and seventy-six ninth grade students enrolled at Tri-County. Of that number five were Medfield residents. At this time there are thirty-one Medfield residents in attendance with a total enrollment of seven hundred and eighty-three. Medfield's rate of participation

has been established at 3.96%.

Throughout the course of the year the Guidance Department administered the Preliminary Scholastic Aptitude Tests, the SRA Achievement Tests, the Armed Services Vocational Aptitude Battery and the Massachusetts Assessment Tests.

Our immediate follow-up of the June graduates indicates that 74% of them entered the workforce, 18% went on to further higher education and 6% entered the military.

TECHNICAL PROGRAMS

As technology continues to develop, the importance of challenging the students in the technical courses become increasingly evident. Therefore, the seniors in Electronics have been introduced to the Advanced Placement course in Pascal with the expectation that they will be adequately prepared to deal with the sophisticated nature of the material.

The emphasis and thrust of both technical and vocational programs has been to provide our students with the competitive edge in the work force. The Drafting and Graphic Arts curricular, along with Electronics, have utilized more complicated software to achieve that goal. Building upon the basic introduction last year to the CAD program and the Modular Composition Systems, students have progressed rapidly to programming those computers with an improved degree of efficiency.

SERVICE OCCUPATIONS

Since the opening of Dean Cooperative Bank last year, students in the distributive education program who have rotated through it have been offered part-time and full-time positions with the bank's main office. This is perhaps one of the best examples of goal achievements for Tri-County staff.

Rainbow Room renovations are continuing this year and it is expected that the work will be completed by Spring. Natural oak wood paneling and track lighting have softened and enhanced the popular dining room. The work has been done by Carpentry and Electrical students under the supervision of their instructors.

Patients at Medfield State Hospital are enjoying the creative artistry of students in the Commercial Art program. The plain dormitory walls were converted into pleasant, colorful murals last year. The project was completed in two months, with some patients enthusiastically offering suggestions and others just amazed at the skill of the students.

The toddler program in Child Care continued to be extremely popular with mothers in the community. Sharing ideas and problems while their little children were involved in play with each other became an anticipated pleasure on Monday mornings. Because of its popularity, a waiting list for the 1987-88 school year has already been established.

The staff and students in the service occupations at Tri-County wish to thank the members of this community for their continued support.

VOCATIONAL PROGRAMS

Grant funds have provided several of our shops with the latest state-of-the-art test/training equipment. The Air Conditioning and Refrigeration Shop has received and put into use a Heat Pump Demonstrator & Controls Trainer, Gas Controls Demonstrator, 3-Phase Compressor Controls Demonstrator, and a Refrigeration System Trainer. The Machine Shop is about to receive a Spectra Light C.N.C. Training that will simulate for training instruction actual computer numerical control machining operations. Metal Trades Shop has received and is offering up-to-date instructional methods and proper use of their new Plasma Arc Cutting & Welding equipment. The Auto Repair Shop has received a Sun Electric Diagnostic Engine Tester. This "computerized interrogator", as it is called, has the capabilities of testing the complicated electronic/computer controlled engines of today. Our upper class Auto Repair trainees are now receiving this instruction.

Our outside work program is now engaged in completely renovating the Oak Grove Farm House for the Town of Millis. This farm house has been certified and registered by the Historical Society. The project will engage our Masonry students to repair and reconstruct three chimneys. Our Carpentry pupils will install a new roof and repair the entire structure (all windows and doors included) inside and outside. A new three-room apartment will also be included in this project. New electric service, new wiring, receptacles and fixtures will be installed by our electrical students. Our Plumbing trainees intend to install a new heating system and provide all plumbing and drainage needs throughout the entire house.

Funds have been appropriated by the Town of Medway and we will refurbish /upgrade Station II for the Medway Fire Department. Our Masonry, Carpentry, Electrical and Plumbing students will provide all of the work skills necessary to accomplish this huge project. Work to be done on the Fire Station will include a new gas heating system, new electrical system (complete), installation of a modern kitchen, three showers, and a twelve-foot extension/addition to the building with change over and installation of modern overhead doors. Brick facing for the entire structure will enhance the building, giving it a new/modern appearance.

ATHLETIC DEPARTMENT

Once again the Tri-County Athletic Department offered the students of Tri-County the opportunity to participate in athletics on the varsity and junior varsity level. Although no state or league titles were won, the athletes of Tri-County distinguished themselves by determination and pride.

The Boys Basketball Team held a benefit basketball game honoring the heroes who died in the space shuttle disaster. A large sum of money was raised and sent to the Space Shuttle Family Relief Fund in Washington.

The Girls Basketball Team participated in the Cape Cod Basketball Tournament and finished in a runner-up position. Nisa Erickson was named to the Mayflower League Allstar Team and the Middlesex News Allstar Team.

Ron Hodgkins displayed some terrific speed and agility in the high and low hurdles and was a force in the 100 dash for Cougars Track & Field Team.

The Baseball Team was led by Senior Captain Ed Recchia who also was named to the Mayflower League Allstar Team.

The Football, Soccer, Volleyball and Cross Country Teams all participated in athletic action this Fall. Several Cougars were placed on their respective Allstar Teams: Nisa Erickson, Cam McLaughlin, in Volleyball; Dave Yurek, Randy Tremblay in Soccer.

A lot of enthusiasm and interest is being generated by the student body over the upcoming hockey and baseball seasons. Hopefully the Cougars will soon bring home a championship banner!

EVENING SCHOOL

The first semester of the 1986-87 school year Tri-County Evening School offered twenty-five courses. These courses included six which lead to licenses needed to practice a trade. We also offered the following new courses to our program: Cartooning, Homeowners Maintenance, Basic Computer, Computer-aided Drafting CAD/CAM, Baking & Cake Decorating, and Graduate Equivalency Diploma.

We currently have a student population of 391, which is the highest enrollment at evening school since Tri-County opened its doors ten years ago. During the month of December we will be offering mini-courses which will run for a three-week period.

SUMMARY

As we move into 1987 and continue to provide the best in educational needs to our students, we thank the district residents for their support and cooperation. We intend to maintain in the future these high educational standards that have earned us that support in the past.

Respectfully submitted,

John D. Hanley, Chairman
Albert G. Chouinard, Medfield

PUBLIC SCHOOL REPORT

FOR THE YEAR ENDING DECEMBER 31, 1986

REPORT OF THE SCHOOL COMMITTEE

The Medfield School Committee began the year 1986 with a presentation by the Warrant Committee in which their view of the overall financial situation confronting the Town for the coming fiscal year was detailed. The outlook was sufficiently bleak at that time to cause the School Committee to request a ballot question which, if approved at the annual election, would allow override of the Proposition 2 1/2 limitations. During the departmental budget presentations conducted in January, it became apparent to the Committee that costs associated with the maintenance of a quality educational program were increasing due to the rising cost of materials, staff, and mandated programs even though enrollment still showed a gradual decline. Reports of the grade six through eight teaching teams at the Middle School indicated that the change to that type of school organization had been of value. The Committee approved curriculum changes at the High School and Middle School which were recommended by the Administration and the systemwide organization for Health Education was reviewed. A Special Town Meeting, characterized by exceptionally large citizen turnout, approved the recommendation of the School Committee to accept funding for professional development of the teaching staff from the Commonwealth under Chapter 188.

In February, the elementary and middle schools were submitted for evaluation by the New England Association of Schools and Colleges. The High School has been and will continue to be periodically evaluated by the same organization. The Wheelock School requested and was granted permission to proceed with the highly successful Garden Project which involved staff, students, and community volunteers in supplying food to needy persons. Some non-tenured staff were notified that their contracts would not be renewed pending clarification of funding levels to be approved by Town Meeting.

During March, the Committee revised its policy on Entrance Age in response to an administrative recommendation based upon research and internally generated experiential data. Medfield was represented in the All-State Music Competition. A decision was made to formally designate team leaders at the Middle School to better coordinate instructional activity. A public hearing was held on the school budget and the Committee subsequently requested a budget increase of 5.6% from the Town Meeting.

A Peer Counselling program was presented wherein students, under the supervision of professional staff, could assist other students in difficulty. The proposal was approved and is now being implemented. The Committee accepted the offer of the Medfield Youth Soccer Association to develop an additional playing field at the Wheelock School. The Educational Program for the Odyssey House was approved by the Committee. The semi-annual evaluation of the Superintendent of Schools by the Committee resulted in high praise for his accomplishments and willingness to accept professional challenge.

The Summer Enrichment Program was approved in May. The Committee also approved a policy on AIDS which would protect both the afflicted individual and those with whom contact occurred. An early morning child care program was discussed and later implemented at no cost to the Town. School Improvement Councils were formed to oversee use of state funds granted under Chapter 188. The councils include professional staff, parents, citizens who are not parents, and, at the upper levels, students. The school telephone system

was upgraded to provide services more in keeping with actual needs and at significantly lower projected cost.

In June, the retirement of the High School Science Content Specialist was recognized by the Committee with sincere regret. An athletic trainer was appointed in response to a felt need for student safety in those programs. A middle school summer school program was finalized and approved.

The remainder of the Committee's meeting time during the summer was devoted to discussion of the staffing of the health education program, the development of a program to meet the expanding need for preschool special needs students, provision of access for handicapped to the High School and Middle School, and initial consideration of a policy against student hazing. The name Medfield Middle School was also formally adopted to better reflect the changed character of the school and its program.

In the fall, administrators presented the Committee with specific statements of their school's goals for the coming year. The Committee met with new members of the staff and bus schedule problems which arose as a consequence of the Committee's attempts to reduce transportation costs, were studied and, ultimately, resolved.

The results of the first tests given statewide under the Massachusetts Educational Assessment Program were received with Medfield comparing most favorably with schools across the Commonwealth. This indicator illustrated, as do others such as SAT scores, school evaluation results, and the number of students qualifying in the Merit Scholarship Program, that the Town of Medfield continues to receive an excellent return on its investment in education.

The year closed with a review of the newly adopted attendance policy at the High School which appears to have substantially increased attendance and reduced tardiness. A statement of educational philosophy for the school system was adopted which will serve as the basis for more detailed goals and objectives in each school. Funding under the School Improvement Act was received and staff members have been designated as Horace Mann Teachers. The funding allows selected staff to implement programs they have designed which directly benefit students. These activities are conducted in addition to, and not as a substitute for, the regular program of instruction. The Committee renewed its effort to complete development and codification of instructional standards.

The Committee recognizes that it serves at the pleasure of the citizens of Medfield and that its primary charge is to provide the highest quality educational experience to the children as is possible. In a time of declining resources, this duty may put the Committee into seeming conflict with various segments of the community, either individuals who perceive service reductions in activities in which they have an interest or groups or agencies with valid needs which compete for resources with school programs. Better understandings frequently result from open discussion. The success of the

Medfield Public Schools rests on a base of support among individual citizens as expressed at Town Meeting, by individuals volunteering their time daily in the classrooms, by the good works accomplished by many citizen groups who support the schools, and by the good will of all who take the time to become involved in any way. We thank you for your assistance.

Respectfully submitted,

*F. Paul Quatromoni, Chairman

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of Medfield:

In this report, my third as your Superintendent of Schools, I am pleased to combine my efforts along with those of principals, directors and others to present you with a series of reports as to what has taken place in the Medfield Public Schools during the 1986 calendar year.

Reorganization Scheme: The secondary reorganization scheme for the school year commencing in September 1986 was based on the best use of available space in both the High School and the Middle School. This scheme placed the ninth grade at the High School under total control of the High School Principal. Also, several classrooms at the Middle School were set aside for the exclusive use of the High School. This provided a semi-campus type organization for the High School.

On August 18, 1986 the name of the Junior High School was officially changed to Medfield Middle School.

Financial: The impact of the cost of operating the Medfield Public Schools is of constant concern to all of us. There is no escaping the fact that education is the most costly service rendered by a community to its citizens. The community constantly considers the cost to the Town of any new proposal while comparing this cost with the value to the education of the students if the proposals were not adopted.

Every year, the cost of providing just the same level of offerings increases over the previous year. Our aim is to minimize this increase and to be extremely selective about new courses and programs. In this regard, however, we must also keep in mind that the schools around us, with whose students our students must compete, are offering new courses and programs. As a result, from time to time we must offer new courses in order to remain competitive. Additionally, with new state mandates in regard to testing and other matters, we are often forced to adjust our programs to meet these new guidelines and standards.

The major portion of school costs goes to salaries, primarily of teachers, but also of administrators, custodians, clerical staff, etc. With the impact of the collective bargaining process and the changing collective bargaining laws, the pressure for increases is becoming greater and greater.

Statewide Assessment Tests: The results of the statewide assessment tests in Reading, Math and Science were released in November of 1986. Medfield did extremely well in all areas of the tests. These tests were administered in March 1986 to all Grade III, VII and XI students.

The purposes of the tests were to ensure excellence statewide, increase accountability in both the individual school as well as the system as a whole, to test lower, medium and higher order of skills and finally, to compare school scores with similar schools in similar communities as well as with the state and national averages. The tests did not record individual student results by name but rather the average of the school. We are still analyzing the results in hopes of gaining additional valuable data.

HOW MEDFIELD SCHOOLS SCORED

Grade III:	Grade VII:	Grade XI:
Reading: 1480 (1380)	Reading: 1400 (1390)	Reading: 1430 (1390)
Math: 1460 (1380)	Math: 1430 (1390)	Math: 1460 (1410)
Science: 1470 (1380)	Science: 1380 (1390)	Science: 1470 (1410)

The average score statewide was 1300 (average score for towns similar to Medfield is in parenthesis).

We are proud of our students, staff, administrators, parents, etc. for the outstanding achievements of the Medfield Public Schools.

Curriculum: In the curriculum area one of our foci over the last few years has been the exploration of educational programs for gifted and talented students. We will continue to explore alternatives in this area in an attempt to better service the needs of these students.

During this past school year the School Committee approved the position of K-12 Health Content Specialist and reinforced our health program by mandating a Grade IX health course.

Staff Development: One of the areas identified as a concern during the year has been that of staff development and support. Certainly, this concern has been evidenced in all of the reports on education which have been published recently. Highlighting our staff development program was a visit from the Commissioner of Education for the Commonwealth, Harold Raynolds. We intend to continue our emphasis in the area of staff development.

Cable T.V. Studio: We were hoping to have the Cable T.V. Studio at the Middle School fully operational by now, but due to construction delays it appears as if it will not be available for instructional use until sometime in mid-January 1987.

REPORT OF THE ASSISTANT SUPERINTENDENT FOR BUSINESS AFFAIRS

To the Superintendent of Schools:

I am pleased to submit my annual report for the year 1986.

As in previous years, it is only with the considerable support and hard work of the personnel in the Central Office, Business Office, and the staff of the cafeteria, custodial and maintenance departments that we have achieved a successful year. Medfield remains fortunate in the personnel it has retained in the various positions of its public sector. We continue to enjoy excellent relations with the staff of Town Hall and other town boards, for which we are grateful. We have also continued to benefit from the Medfield Prison Project in renovation of many of our buildings, and in a roofing repair project at the Dale Street School.

1986 was a year in which much was accomplished in a time of much change. Harold Pritoni, who worked for 20 years in the school system and was our Director of Buildings and Grounds, retired in November; we are presently in the process of studying a reorganization of this position in order to assess our effectiveness and provide the optimum in keeping our buildings and grounds in the excellent condition we have enjoyed over the years. Mr. Pritoni's contributions during his tenure have been considerable, and we hope to continue and improve upon the work he has done.

In the area of buildings and grounds, we have enjoyed the continued good fortune of being able to make school facilities available for use by the public. However, this usage has continued to grow, and we are soon approaching the time when non-school activities will be curtailed. Hopefully, with the increased availability of fields and other town resources, we can go on providing the facilities for many of these activities. A list of organizations using the facilities of the schools would include practically all the organizations in town; among them are the Hannah Adams Club, Boston Area Youth Soccer League, St. Edward's Catholic Daughters, American Field Service, CYO, Medfield Youth Bowling Association, Cub Scouts, Medfield Park and Recreation, Ciba-Corning Corporation, Medfield Fitness Association, Girl Scouts, Boy Scouts, and Scrambled Eights Square Dancing Club. Several individual citizens also avail themselves of our facilities on a regular basis. This use, in addition to regular school and athletic programs, fully occupies all gyms, cafeterias, auditoriums, and various other facilities that are made available.

The funds which have been accumulating for the improvement of playing fields throughout the school areas will begin to bear fruit in the near future; we are beginning to move in the direction of providing greater security of the fields, which will clear the path for their development and improvement.

The purchase in 1986 of a second light tractor for grounds care has increased our ability to care for the 40+ acres presently under our management.

The Lease of Memorial School to SNCARC has proved sufficient to care for the building itself, without being a burden to the town; as provided under the conditions allowing us to lease the building, we have placed a pre-school program in the building which is part of our Pupil Services Department. Extensive roof repairs on the building have been made during the past year also.

There was considerable alteration required with the transfer of Grade Nine to the High School in order to make our Middle School a separate entity, and in order to use some areas of the Middle School for High School classes (required by the inability of the High School to house the entire Grades 9 through 12).

Two more of our buildings will be made handicapped-accessible as a result of Town Meeting action. After unavoidable delay caused by the time required for the manufacture of the lifts, one has been installed in the Senior High School, and by the time this report is released, the one for Dale Street should also be in place. In making our buildings handicapped-accessible, we should thank the highway department, who hard-topped and ramped the exits at the High School.

The telephone project which was initiated last year has been completed, and we have replaced the outmoded system with a system which should realize a savings, paying for itself within a period of four years at the most. This proved to be one of the trials which was overcome by our personnel, when the change-over date was changed due to the strike of New England Telephone to the day before school opened - once again proving the flexibility and cooperative spirit of our personnel.

The budget approved at the Town Meeting of April 1986 provided a 5.6% increase over the previous year, for a total of \$7,027,928. The review process was a continuing study in cooperation between Town agencies and boards, as it is each year. The process for fiscal 1987 has begun, with the same indication of cooperation.

Cafeteria/Food Services have continued their record of maintaining a self-supporting service within the schools. Mrs. Cynthia Sarapas, Food Services Director for several years, resigned in October, and as this is being written, we are in the process of appointing a replacement. It is sincerely hoped that we can continue, and perhaps even improve upon, the excellent food service which we have enjoyed for the past few years under Mrs. Sarapas.

Transportation provided us with a rocky start to school in September 1986, but these problems were taken care of as expeditiously as possible, and we are again transporting a large percentage of our students safely and on time. As new development occurs in Medfield, the problem areas are increasing as building occurs in areas where there is questionable access for school buses. Also, in order to try to reduce this very expensive portion of the school budget, we are continuing to study further reduction in stops, in an effort to stay within the present numbers of buses if at all possible.

We are currently working with the Capital Outlay Committee to arrive at a definition of capital projects which will more accurately fill the needs of the school department and allow a better analysis of annual budgets relative to the capital investments of the Town. We also continue our participation on various Town committees, and will continue to seek better ways to provide maintenance, custodial services, cafeteria services, transportation and financial accounting and budgeting for the school departments, and continue the fine record which accrued before my advent into this office.

The people of Medfield have continued to be supportive during difficult times, and we continue to appreciate this support and encouragement. As in the past, I would express my personal appreciation for the many kindnesses and expressions of patience as we have pursued solutions to the problems of running the day-to-day activities of the school system.

Respectfully submitted,

Dan E. Hogan

Assistant Superintendent for
Business Affairs

REPORT OF THE AMOS CLARK KINGSBURY HIGH SCHOOL

To the Superintendent of Schools:

As Principal of Medfield High School I respectfully submit our Annual Report for the school year ending December 31, 1986.

The official enrollment of the high school for this year was 604. There were 166 students in the Class of 1986. Of these 80.6% went on to a four-year college; 6.9% to a two-year college; 1.3% attended a non-college educational institution; 1.8% enlisted in the armed services; 9.4% entered the world of work.

In the Class of 1986 Brian M. Garrison was named Valedictorian and Karen M. Struck was named Salutatorian. 18.6% of the graduates were members of the National Honor Society.

During the past year the National Merit Corporation notified Medfield High School that two of the students were named finalists. They were Brian M. Garrison and Ashish D. Parikh. Four students were named semi-finalists and six received Letters of Commendation in the National Merit Scholarship Program.

The SAT averages for the Class of 1986 were reported in the fall of the current school year. The Verbal Mean Score was 468 and the Math Mean Score was 518. Over 93% of the class took the College Boards.

Our faculty this year consists of 62 certified professionals. Advanced degrees are held by 83% of the staff. Continual professional improvement is evident by the many courses which our faculty takes yearly.

During this year's school reorganization we incorporated Grade 9 as part of our high school. Due to the overcrowded situation we are presently using six rooms as an annex at the middle school. The students and faculty have adjusted to this major change.

During this school year the State Department of Education required our eleventh grade students to participate in the Assessment Testing Program. The purpose of this test is to improve curriculum and instruction in the public schools. Students were tested in the areas of reading, mathematics, and science. Our students' average test scores in these disciplines were higher than the state average as well as communities similar to our own with

which we were compared.

The high school administration is presently developing preliminary plans in preparation for the formal evaluation of our high school by the New England Association of Schools and Colleges. Next year our professional staff will be involved in the lengthy and important process of conducting our self-evaluation.

We have had several interesting and effective in-service workshops which were conducted for our faculty this year. We were honored to have as a speaker our new State Commissioner of Education, Mr. Harold Raynolds. We also had the opportunity of conducting a combined in-service with Holliston and Dover/Sherborn High Schools. One of the most interesting workshops conducted this year dealt with bereavement, sponsored by the Northfield Counseling Associates.

As of this date our Peer Counseling Training Program has begun. Our students who will be trained by our Outreach Worker and a faculty member will volunteer their time in working as peer counselors. Upon completion of the course they will work with fellow classmates at the high school as well as middle school and elementary school students who are in need of assistance.

This year 1 girl and 8 boys represented Medfield High School at Boys and Girls State. This annual event gives Medfield High School students the opportunity to meet with peers across the state in a mock political convention.

Many of our students were honored during this past year by receiving recognition for outstanding performance in both academics and athletics.

I would like to take this opportunity to thank the Medfield School Committee, the Superintendent of Schools, the Assistant Superintendent, and the many parents and community groups for their continued support.

Respectfully submitted,

Tassos P. Filleides

Principal

REPORT OF THE MEDFIELD MIDDLE SCHOOL

To the Superintendent of Schools:

As Principal of the Medfield Middle School, I respectfully submit the Annual Report for the year ending December 31, 1986.

The School Committee acted in 1986 to transfer the ninth grade to Medfield High School and rename the Medfield Junior High School to the Medfield Middle School.

The Medfield Middle School opened in September of 1986 with 375 students ---119 in grade six, 120 in grade seven, and 136 in grade eight. For the first time each grade consisted of one team of teachers with a School Committee appointed team leader. Mrs. Roseanne Gross was named team leader for grade six, Mr. Joseph McHugh for grade seven and Mr. Richard DeSorgher for grade eight. Health education was added to grades six and eight and industrial arts and home economics to grade six.

Seven of the classrooms on the first floor of the Middle School were assigned as the High School Annex in order to facilitate the addition of grade nine.

New staff members to the Medfield Middle School included Mrs. Nancy Salka, Guidance; Mrs. Karen Naughton, Secretary; Mrs. Donna Atwood, Math (first semester); Mrs. Patricia McElroy, Math; Mrs. Adelaide Brown, Resource Room Aide; and Mrs. Jane Palazzolo, Reading.

The first half of the 1986-87 school year at the Middle School has been noteworthy for the numerous faculty team meetings centered around monitoring student growth and communication with parents in addition to team level student activities.

Respectfully submitted,

G. Douglas Ide

Principi

REPORT OF THE DALE STREET SCHOOL

To the Superintendent of Schools:

As Principal this will be my eighteenth annual report and the second for Dale Street School for grades four and five for the year ending December 31, 1986. The school year opened with 268 students; 127 in grade four, 132 in grade five and nine students in the Tri-Valley Collaborative.

As part of the New England School Development Council Exchange Program, a team of teachers visited schools in Glastonbury, Connecticut and Amherst,

Massachusetts. The objectives of these visits were to explore Reading and Grouping practices. Teachers from Hamilton, Massachusetts observed our Mathematics and Science programs. Other curriculum matters and teaching methods and techniques were also points of discussion. This exchange program did not only enhance and broaden our curriculum but also contributed to the professional development of staff. The success of this endeavor was fully realized at a meeting in February when all participating schools shared their reports.

Mathematics Grant

Katherine Belmont, grade four teacher, wrote a Commonwealth In-service Grant that focused on problem solving and critical thinking skills in Math. Sample lessons, making materials and enrichment ideas were provided by an experienced math consultant.

Horace Mann Grant

Claire McKechnie, Katherine Belmont, Joan Bruno, Kathryn Touhey, and Mary Cauldwell were designated as Horace Mann teachers for the Dale Street School. The program funded by the Commonwealth was designed to increase teacher initiative and creativity and to improve the use of valuable teaching resources. Their grant focused on providing enrichment activities for students in grades four and five.

During the summer, a group of elementary school teachers met to discuss the implementation of the "Accents on Science" program. This new text allowed for participation in science activities which resulted in students developing inquiry skills for problem solving. Students learned to express themselves logically and creatively, through a multi-sensory approach.

The computer program at the fourth and fifth grade level not only expanded the computer skills introduced at the primary level, but also integrated new skills into the entire curriculum. In addition to computer class and lab time, students are given the opportunity to work in the Computer Room on their own projects or those planned by their teachers. An after-school Intramurals Program gives students another opportunity to use computers. The Intramural Program continues to be very popular with the students. Over 170 students from grades four and five participated. Activities such as floor hockey, basketball, computers, aerobics, drama, sketching and the school newspaper were included.

A high degree of interest and talent was evident in the following programs: The Beginner Instrumental program in grade four include 17 in Band and 35 in Orchestra. The fifth grade instrumental program sported 18 Orchestra members and 41 band personnel. There were 85 students in the fifth grade chorus.

The local newspapers continued to be focal points of school news. This school acted as a facilitator by sending and writing educational articles that pertained to the school system. Monthly Parent Discussion meetings, scheduled Parent Conferences, School Newsletters and Progress Reports provided important links of communication between school and home.

Gratitude is extended to our dedicated staff for their diligent and conscientious effort in making the curriculum meaningful and interesting for students. The office personnel is to be commended for their valuable assistance to the operation of the school. Custodial, cafeteria and bus personnel contributed effectively to the total school situation. The School Community Association's active role in providing programs and services to the

faculty and students is sincerely appreciated. The continued direction and leadership of the School Committee and Central Administration has resulted in educational programs that provide for the total development of students.

Respectfully submitted,

Frank J. Hoffman

Principal

REPORT OF THE RALPH WHEELOCK SCHOOL

To the Superintendent of Schools:

It is with great pleasure that I submit this report to you regarding the educational program and related activities of the Ralph Wheelock School for the year ending December 31, 1986.

ENROLLMENT AND STAFF

An increase in the number of registrations at the primary level necessitated the assignment of one additional section of third grade for September 1986. The figures below reflect grade level enrollments recorded on October 1, 1986.

GRADE	ENROLLMENT	SECTIONS
K	140	7
1	134	7
2	157	7
3	148	7

The staff of the Ralph Wheelock School worked diligently to fulfill the expectations and high standards which have become a trademark of the educational program offered by the Town of Medfield.

SCHOOL AND COMMUNITY

The parents, as well as the community at large, continue to provide the Wheelock School with tremendous support in all of its activities and special projects. Representatives from all segments of our community assisted with establishing the first school Victory Garden. This garden provided a total of 2,000 pounds of fresh produce which was distributed in the metropolitan region in an effort to teach our children that positive social action is a responsibility which comes with the basic concept of democratic living. Strong citizenship was also cultivated in food drives and in projects designed to enable our children to impact on their immediate geographic area.

Our parents also responded to our special awareness programs dealing with child assault prevention and substance abuse. Large audiences participated in sessions designed to prepare parents to support specialized lessons on these sensitive topics. Parents continued to provide the school with countless hours of volunteer time in an effort to maximize education opportunities and to share in those special moments when someone very little understands

something of great magnitude.

The Parent Advisory Council met on a consistent basis and provided feedback relative to the school curriculum, instructional materials, school services and support programs. The Community School Association provided numerous services to children, parents and the community at large. In addition, CSA fundraising allowed for the expansion of the school's computer lab.

Parents demonstrated their eagerness to participate in school related activities by joining their children for Open House, Classroom Visitation Days, Flag Day, Winter and Spring Music Festivals, Parent Lunch Days and on the many special experiences scheduled by the school. Parent-Teacher conferences, as well as parent In-service programs, were offered to enable parents to become more familiar with the academic program at the primary level.

CURRICULUM

In-service opportunities for the staff focused on the areas of science and math. As a result of this study and research, the Merrill Science Program was adopted for use K-6. In addition, the newly revised Holt Mathematics Program was introduced. This fast paced math curriculum has already proven itself to be a challenging course of study for the elementary grades.

The results of the statewide School Assessment Testing Program, initiated in the spring of 1986, were made public in September. The community should take great pride in the superior scores attained by our third grade pupils. This level of achievement could not have been attained without the strong efforts of a dedicated staff, a sound curriculum, eager students and a willingness to support learning on the part of our citizens. When compared to like communities with similar background characteristics, our average scores in all areas assessed were superior.

SCHOOL PROGRAMS

During the past year our children were offered a series of cultural experiences in dance, music and American folklore. In addition to these programs, many special events were planned that featured our children, staff and local artisans. Individual differences, strengths and talents were recognized through the following events: The Ralph Wheelock Art Festival, Field Day, Hobby & Craft Night, Talent Show, Turn About Day and Book Discussion Groups.

With the support of the Medfield Girl Scout Council, our third graders participated in the Thanksgiving environmental project in which an authentic Thanksgiving Feast was prepared in a completely natural setting. Patriotism was promoted through our Memorial Day observance and a special Flag Day musical review.

SUMMARY

The staff and administration of the Ralph Wheelock Primary School are mindful of the need to continue to assess our methods, curriculum and materials in order to provide the children of Medfield with an education that will sustain them as they approach the twenty-first century. We must, however,

be cognizant of the need to develop strong, responsible and ethical American citizens. This can only be accomplished if the entire community clearly makes a commitment to set high standards for our schools, local government and the quality of life in our community.

Respectfully submitted,

Richard M. Fitzpatrick

Principal

REPORT OF THE PUPIL SERVICES DEPARTMENT

To the Superintendent of Schools:

It is my pleasure to submit the department report for the year ending December 31, 1986.

SPECIAL EDUCATION

The census indicated below shows a decrease in the special needs population in all age groups. This is partially due to our offering Adaptive Physical Education as a regular education service as of September 1986. In recent years, youngsters requiring such services from physical educators were placed on educational plans. This decline in the numbers of youngsters requiring special education cannot be interpreted as a trend at this time. We will need to study these figures for at least another year.

<u>Students</u>	<u>December 1, 1985</u>	<u>December 1, 1986</u>
Ages 3-5	23	17
Ages 6-17	221	213
Ages 18-21	13	2
	<hr/>	<hr/>
	257 Total	232 Total

As a result of a grant, we hired an early childhood consultant last winter. After weeks of visiting many quality special education programs for pre-school youngsters and further analyzing the needs of our youngsters in this age group who were placed in collaborative programs, we decided to develop Medfield Early Childhood Services (MECS). Mrs. Terrie Sull's ideas and expertise were invaluable, not only in designing the Memorial School classroom space, but in program and curriculum development.

The lowered enrollment in collaborative placements indicated below resulted when we brought youngsters back to our own Medfield programs. To date and without exception, we are pleased with the progress these children are making with the assistance of our own highly qualified staff.

	<u>December 1, 1985</u>	<u>December 1, 1986</u>
MECS	-	3

Private Day	2	1
Residential	0	0
	<hr/>	<hr/>
	23 Total	18 Total

In an attempt to provide quality in-service training and prevention programs for parents and staff, our department used grant funds:

- (1) To bring Mr. Jim Trelease to our community to speak about the importance of reading aloud to children of all ages.
- (2) To improve communications between parents and their children through the STEP Program workshops offered to the parents of special needs children by Mrs. Dawn Sockol, psychologist/case manager for our department.
- (3) To provide training for parents of pre-school youngsters and nursery school teachers regarding early childhood development. These presentations were made by Mrs. Sull and Mrs. Mia Braun, speech and language clinician.

HEALTH SERVICES

The emphasis of school health in our system continues to focus on services, education and a healthy school environment. Last spring we experienced an increase of chicken pox in our system while all other communicable conditions remained relatively low in incidence.

With the assistance of the Lions Club, Dr. Galeucia and Dr. Meagher as well as the volunteer efforts of our school nurses, 110 pre-kindergarten youngsters participated in the annual vision and hearing clinic last March. During the fall, a similar screening was conducted in each of our schools. Once again, we are most appreciative for the assistance of trained volunteer parents who assisted our nurses with the school screenings.

The Impedance Analyzer continues to be an invaluable tool in detecting middle ear problems common to young children. Physicians have verified the accuracy of this device after receipt of our referrals.

Postural screening in Grades 5, 6, 8 and 9 took place last spring. Nineteen children were referred to their physicians with physical abnormalities noted in three cases and continued follow-up recommended in an additional seventeen cases.

Our school nurses have participated in continuing education seminars sponsored by area hospitals and associations. In turn, pertinent information was presented to teachers in an effort to work hand-in-hand with teachers to assist all students to develop their full potential in a healthy and safe educational environment.

GUIDANCE

All counselors continue to see students individually and in small groups though the frequency of working in a small group is contingent upon the schedule and assignments of the guidance counselor.

The A.C.E.'s computer remains in operation in the guidance suite at the High School. This invaluable service assists high school students in making career choices and selecting colleges. We continue to be grateful to parent volunteers who assist Middle School students in accessing this computer information. It is also available for use by any Medfield resident.

As a result of reorganization at the secondary level, there are now 2-3/5 counselors at the High School and 1-1/5 counselors at the Middle School. Elementary school youngsters receive guidance or psychological services from 1-2/5 staff.

PERSONNEL

Mr. William Meehan resigned his position as guidance counselor to work with the S.A.D.D. organization. Consequently, Mrs. Susan Stegall, formerly the Tri-Valley Collaborative psychologist, has been hired to work full-time at the Ralph Wheelock School.

Mrs. Claudia Michaels-Brodsky had been assigned to work within the Tri-Valley Collaborative in recent years. She has been reassigned to work in our Dale Street School resource room. Mrs. Cheryl Dolan has continued her maternity leave this year while Mrs. Karen Campbell has moved to the Midwest, thus vacating her speech and language position for Mrs. Carol Amato.

Mrs. Anna Floser, our office computer operator/secretary, is now the Food Services Director for the system.

Ms. Julie Gallagher is our half-time teacher of young children with special needs who works with the youngsters in our MECS Program at Memorial School.

I wish to take this opportunity to recognize the efforts, services and talents of the volunteer parents, paraprofessional and professional staff who contribute daily to the successes of this department. I am appreciative also of the cooperation and support of the parents, School Committee members, and administrators in assisting us in the provision of special services for the young people of our educational community.

Respectfully submitted,

Lois E. Lambert

Director of Pupil Services

REPORT OF THE TRI-VALLEY COLLABORATIVE

To the Superintendent of Schools:

I want to thank you for giving me an opportunity to serve you as the Director of the Tri-Valley Collaborative. Our enrollment is fifty-one students from our member towns and three students from non-member towns. Therefore, our total enrollment is fifty-four. Of the fifty-four students, there are currently five Medfield students.

The Tri-Valley Collaborative serves a diverse population of special needs students. The continuum of services which the Collaborative offers includes a Primary Developmentally Delayed class, which as been housed at the Dale Street School in Medfield. There are nine students in the classroom with Barbara Jenkins as the teacher and two assistant teachers.

The Tri-Valley Collaborative continuum also offers services for Developmentally Delayed students at the Medway Junior High School in a Pre-Vocational I level and a Vocational II level at Medway Senior High School. Both Pre-Vocational and Vocational Programs have an Occupational Education component. The Vocational Education program at the Medway Senior High School is called "C.H.O.I.C.E.S." and offers three areas for students to enhance the Pre-Vocational skills that were begun in Level I, namely: Grounds and Buildings; Food Service; and Business and Clerical. Students are placed in on-site work experiences and transported by van to work sites in the community. In this way, our students are given the opportunity to develop necessary Pre-Vocational skills, in order to succeed at job work sites. The C.H.O.I.C.E.S. curriculum requires commitment and caring on the part of the Tri-Valley Collaborative staff, in order to offer our special needs students the support they need in order to enter the world of work.

Tri-Valley Collaborative also offers a Middle School level Learning Disabilities class in Holliston and two classes, for Social-Emotional Adjustment (S.E.A.). One S.E.A. class is located at the Miller Elementary school and the other class is located at Holliston High School.

The Tri-Valley Collaborative works to respond to the needs of our member towns and to develop programs which serve your students.

The success of students in the member towns' schools is due to the support and cooperation of the building administrators and staff members. At Dale Street School we are grateful to Frank Hoffman, the faculty and staff members.

Mr. Thomas Reis, Superintendent of Schools, is a member of Tri-Valley Collaborative's Board of Superintendents, and Ms. Lois Lambert, Director of Pupil Services, meets with the Collaborative Special Education Administrators Advisory Group.

The continued cooperation of Mr. Reis and Ms. Lambert and the Medfield School Committee assists our efforts to provide quality special needs programs. We are grateful to all.

Respectfully submitted,

Judith B. Golub

Director

REPORT OF THE ATHLETIC DIRECTOR

To the Superintendent of Schools:

I respectfully submit my second report as the Medfield Public Schools' Director of Athletics for the year ending December 31, 1986. The interscholastic athletic programs at the High School and Middle School continue to provide a very positive, competitive atmosphere for Medfield students while at the same time recognizing academic priorities. I believe our program offers a classroom on the field, on the ice, in the gym. We offer a place where not only athletic skills are being taught but the skills necessary for a successful life: organization, commitment, achievement, self-respect, self-control and compassion.

Boys and girls interscholastic teams were fielded at all levels during the past year. Following is the athletic coaching staff by season: (FALL) Cheerleading - Georgeanne Iverson-Kelley; Cross Country - Steven Astle; Field Hockey - varsity, Loretta Fahey; Field Hockey - assistant varsity, Whitney Hagins; Field Hockey - Freshman, Adele Hardy; Football - varsity, Thomas Dubie; Football - assistant varsity, David Gibbs and Jeffrey Denman; Football - junior varsity, Michael Slason; Football - Freshman, Joseph Farroba and William Young; Soccer (boys) - varsity, Robert Kennedy; Soccer (boys) - assistant varsity, William Pope; Soccer (girls) - varsity, Patricia Scarsciotti; Soccer (girls) - assistant varsity, Susan Cowell; Volleyball - varsity, Jonathan Kirby; Volleyball - assistant varsity, Lynda Bannon. (WINTER) Basketball (boys) - varsity, Joseph Farroba; Basketball (boys) - assistant varsity, Jonathan Kirby; Basketball - Freshman, Ronald Frost; Basketball (girls) - varsity, Thomas Cowell; Basketball (girls) - assistant varsity, Susan Cowell; Basketball - Freshman, Loretta Fahey; Ice Hockey - varsity, James Morgan; Winter Track - varsity, Jeffrey Denman; Winter Track - assistant varsity, Steven Astle; Cheerleading - Georgeanne Iverson-Kelly. (SPRING) Baseball - varsity, Jonathan Kirby; Baseball - assistant varsity, Richard Nickerson; Baseball - Freshman, Joseph Farroba; Softball - varsity, Suzanne Moulton; Softball - assistant varsity, Judith Noble; Softball - Freshman, Martin Therrien; Tennis (boys) - varsity, Richard Connolly; Tennis (girls) - varsity, Judith Coppola; Track and Field (boys) - varsity, Jeffrey Denman; Track and Field (girls) - varsity, Todd Miller; Track and Field - assistant (both), Steven Astle; Track and Field - Middle School, Robert Ammon; Track and Field - assistant, William Young; Certified Athletic Trainer - 3 seasons, Lynda Bannon.

All of our interscholastic teams participate in the Tri-Valley League which consists of Ashland, Bellingham, Dover-Sherborn, Holliston, Hopkinton, Medfield, Medway, Millis and Westwood. The Tri-Valley League is highly competitive in all sports with representative teams consistently performing well in post season tournament play. Medfield placed 8th for all schools in Eastern Massachusetts Division III in competition for the prestigious Dalton Award given annually by the Boston Globe. Criteria involved is based upon winning percentages of both our boys and girls teams in all sports for the school year 1985-1986. To my knowledge this is the best Medfield finish in the over twelve years the award has been presented.

We begin our athletic highlights for 1986 with what was a very successful winter season. In his 10th and last season, Jim Morgan led the hockey team to their best ever (14-5-1) season record. Our winter track team boasted

a fine 3-2-1 record and qualified several athletes for the state meet. Both our boys and girls basketball teams had outstanding seasons culminating in playing in a "doubleheader" to over three thousand people in the sectional championships. The Big Blue were TVL champions at 15-1 and the girls became only the third Medfield team to ever capture a sectional championship. Both Joe Farroba and Tom Cowell were named Boston Globe Coach of the Year Division III.

The spring of 1986 brought a Medfield "first" in interscholastic competition. Our softball team, after compiling an 18-0 league record (and a TVL championship) advanced all the way to the State Finals in Division III. Led by Tri-Valley League M.V.P. and Boston Herald All-Scholastic Karen McQuillen, they went where no Medfield team had gone before. A special congratulations to Suzanne Moulton and Judy Noble for a job well done! Our girls tennis team enjoyed their finest season in several years, going 11-4 and qualifying for post season play. The boys track team, with over 30 members, was outstanding, setting several school records during the spring. Our girls team finished with a best ever 5-2 mark. Wanda Catenacci in the 100 meter dash and the 4x100 meter relay team won the Eastern Mass Class D Championship.

The fall of 1986 brought several new faces to our coaching staff. First year football coach Tom Dubie led Medfield to its finest season (7-3-0) since 1977. A good number of returning lettermen along with players coming up from an undefeated junior varsity (9-0-1) indicates a strong 1987. Another first year coach, Bob Kennedy, led the soccer Warriors to their twelfth tournament appearance in the past fourteen years. John Thompson finished his career as the all-time M.H.S. leader in goals scored. Former Medfield runner Steve Astle in his first year guided the cross country team to a strong 4-3 record. Highlight of the season was a victory over Dover-Sherborn for the first time in 12 years! Girls soccer again qualified for tournament play out of the very strong T.V.L. girls soccer league. Coach Pat Scarsciotti reached the 100 win plateau in a late season victory over King Philip. Our field hockey team went undefeated at 13-0-3 and participated in the M.I.A.A. Tournament for the second year in a row. A record six girls were named All League Players (along with Coach Loretta Fahey), led by Boston Herald All-Scholastic Michelle Cargen. Our talented but tough-luck volleyball team just missed (one game) the tournament for the second year in a row.

Our annual sports recognition evenings in March and May were well attended and included many outstanding presentations on the part of our coaching staff. We added, for the first time, a November evening to recognize our fall athletes only. It was a resounding success and "played" to an overflow crowd. The annual athletic banquet sponsored by the Medfield School Boosters was held in late May with David MacGillivray as the guest speaker. At the banquet, in addition to the M.V.P. awards, Deborah Glew and Brian Garrison were named the 1985-86 Scholar Athletes. At graduation exercises Moira McCabe and Roger Wheeler were the recipients of the Booster Spirit Awards. The Robert Porack Memorial Scholarship in boys basketball was awarded to Rob Hyland.

The Tri-Valley All-Star selections for 1986 are as follows: Boys Basketball, Dan Howell, Rob Hyland, Mike Rogers; Girls Basketball, Karen McQuillen, Joan Bruno; Ice Hockey, Tim Morgan, Tim Hallet; Winter Track, Rich Everbeck, Todd Farrell; Baseball, Jon Klenk, Chuck Sullivan; Softball, Deb Glew, Karen McQuillen, Jean Shapiro, Michelle DeVasto, Courtney Peck; Boys Tennis, Dan Howell; Girls Tennis, Toni Burrow, Laurie Cooley, Ann Palacio; Boys Track, Rich Everbeck, Todd Farrell, Joe Miceli; Girls Track, Wanda Catenacci, Ashley Berry, Jackie Davis, Lauren Brown; Cross Country, Jeremy Tissot; Field Hockey, Michelle Cargen, Jen Gregg, Cathy Astle, Cheryl Oppenheim, Heather Carreiro, Betsy Dugan; Football, Joe Miceli, T.J. Madsen, Mark Govoni, Erich Fleming,

Matt Taylor, Todd Farrell; Boys Soccer, John Thompson, Scott Berkley; Girls Soccer, Cindy Powers, Kerry O'Brien; Volleyball, Linda Miller.

During the spring the Athletic Department ran a fundraiser to help equip a much needed physical education/athletics weight facility at the High School. Through the students' involvement, several generous donations from Medfield residents and organizations and cooperation from School Administration, we now have a room of which we can truly be proud.

I would be remiss if I did not mention the support our cheerleaders give to the teams, most notably our football, soccer, basketball and ice hockey programs. The girls work long hours perfecting their routines for games and are actively involved in the planning of our rallies and Homecoming.

It is my pleasure to report that again close to 60% of our entire student body participated in interscholastic athletics during the school year. This is perhaps the most impressive statistic that I can give. Participation is alive and well in Medfield.

So concludes my second annual Report of the Athletic Director. I thank the athletes, coaching staff, administration and the Medfield School Boosters for the support and confidence given me in my first full year ending December 31, 1986.

Respectfully submitted,

Thomas E. Cowell

Director of Athletics

REPORT OF THE MEDFIELD ADULT EDUCATION PROGRAM

To the Superintendent of Schools:

January 21, 1986 was the beginning of the second semester of the 1985-86 Adult Education Program. A total of fifteen classes in twelve different courses were continued by the Director. The courses were Driver Education, Slimnastics, Aerobics, Painting, Word Processing, Bridge, Golf, Stained Glass, Gym (men), Wood working, Microwave Cooking, Flower Arrangement, Computer Science and Color Analysis. All courses were offered on Tuesday, Wednesday, or Thursday evenings between 7:00 and 9:30 p.m.

The 1986-87 Adult Education Program has an initial offering of twenty-six different courses. Sixteen different courses were established with three courses in Driver Education and two in Aerobics. Two hundred and ninety-seven adults registered and were enrolled in the program.

Respectfully submitted,

John Cuoco

Director

REPORT OF THE SCHOOL LUNCH PROGRAM

To the Superintendent of Schools:

It is with great pleasure that I submit my first Annual Report for the Food Services Department for the year ending December 31, 1986.

I was temporarily placed in this position in August and permanently appointed in December 1986. It is a very challenging position encompassing a great deal of responsibility for the nutrition of the students and the balancing of the Food Services Department budget. Each year with rising food, supply and labor costs and decreasing State and Federal aid, as well as the increased cost of government commodities, the budget becomes more of a problem. This year for the first time since 1981 lunch prices were increased for students by 5¢ per meal and by 5¢ per carton of milk, with adult prices being increased also. Student meals are subsidized by Federal and State reimbursement. No subsidy is available for adult purchases; therefore, adults must pay 100% of the costs involved. The price of a full school lunch is still your best food bargain. Where else can a student purchase a well-balanced meal for less than a dollar, or can an adult purchase a meal for less than the cost of a sandwich alone anywhere else!

Food Lunch Program Income January 1 to December 31, 1986: \$212,217.69

Food Lunch Program Expenses January 1 to December 31, 1986: 213,364.18

(Food/Supplies - \$108,662.93; Labor - \$104,701.25)

Participation January 1 to December 31, 1986: Student Lunches Purchased -
134,413

Average Participation Percent -
50%

The continued support the School Lunch Program receives is attributed to "Specialty Days" (Stuff-a-Spud, Build-a-Burger, Deli Day, "All You Can Eat" Spaghetti, etc.). To further increase participation, I plan to set up regular meetings with various student groups and school principals to hear their needs and concerns regarding the School Lunch Program. Also, per special request, Ethnic Days will be introduced to the "Specialty Days" list in January 1987.

This year the staff in-serviced themselves on the various duties of the three kitchen positions. Another in-service is being planned in March for a presentation on the effects of diet to heart disease by the American Heart Association and on fire safety in the kitchens by Fire Chief Ryan.

I look forward to this being another good year for the School Lunch Program and I trust the "Battle of the Food Services Budget" will be won in our favor so that we will remain self-supporting as in the past.

I wish to thank the cafeteria staff members for all the extra assistance, support and cooperation they have given me during my transition period, with a special note of thanks to my Food Transfer Man, Charles Kenney, for all his

special help. Without these people, the program would not be such a success.

I also would like to thank the members fo the School Committee, Mr. Reis Mr. Hogan, the secretarial staff, custodial staff and all the cafeteria substitute workers for their assistance and support. Many thanks also to the students and staff who support our program by their participation.

Respectfully submitted,

Anna L. Floser

Food Services Director

TOWN WARRANT
SPECIAL TOWN MEETING
COMMONWEALTH OF MASSACHUSETTS

NORFOLK, SS.

To either of the Constables of the Town of Medfield, in said County, greetings:

In the name of the Commonwealth you are directed to notify and warn the inhabitants of the Town of Medfield, qualified to vote in elections and in town affairs, to meet at the Amos Clark Kingsbury School in said Medfield on Monday, the thirteenth day of January A.D. 1986 at 7:30 P.M. then and there to act on the following articles:

ARTICLE 1. To see if the Town will vote to transfer from available funds a sum of money for use in the Insurance 155-00 account, or do or act anything in relation thereto.

(Board of Selectmen)

VOTE: Voted that the sum of \$15,000 be transferred from free cash to the insurance 155-00 account.

ARTICLE 2. To see if the Town will vote to transfer from the balance of funds appropriated for the purpose of constructing a well and pumping station pursuant to Article 20 of the Annual Town Meeting, of 1981, a sum of money for the purpose of reconditioning well number 4, or do or act anything in relation thereto.

(Water and Sewage Board)

VOTE: Voted to transfer the sum of \$6,500 from the balance of funds appropriated pursuant to Article 20 of the Annual Town Meeting of 1981 for the purpose of reconditioning well number 4.

ARTICLE 3. To see if the Town will vote to abandon Clark Road from Station 10+0 to Station 12+20, or do or act anything in relation thereto.

(Board of Selectmen)

VOTE: Voted that the town abandon Clark Road from Station 10+0 to Station 12+20, and that the Selectmen be authorized and directed to execute and file all necessary documents for that purpose.

ARTICLE 4. To see if the Town will vote to accept an equal educational opportunity grant for fiscal year 1986 in the amount of \$27,284.00, under the provisions of General Laws Chapter 70A, Section 5 as inserted by Chapter 188 of the Acts of 1985; said grant shall be expended by the Tri-County Regional School District Committee for the direct service expenditures, or do or act anything in relation thereto.

(Tri-County Regional
Vocational Technical School District)

VOTE: Voted to accept an equal educational opportunity grant for fiscal year 1986 under the provisions of General Laws Chapter 70A, Section 5 as inserted by Chapter 188 of the Acts of 1985 to be expended by the Tri-County Regional School District Committee for direct service expenditures

ARTICLE 5. To see if the Town will vote to approve the acceptance by a majority vote of the Tri-County Regional Vocational School District Committee of the provisions of Section 13 of Chapter 188 of the Acts of 1985 of the Massachusetts Great and General Court, providing for professional development grants, or do or act anything in relation thereto.

(Tri-County Regional
Vocational Technical School District)

VOTE: Voted that the Town approve the acceptance by a majority vote of the Tri-County Regional Vocational School District Committee of the provisions of Section 13 of Chapter 188 of the Acts of 1985 of the Massachusetts Great and General Court, providing for Professional Development grants.

Yes 418
No 53

ARTICLE 6. To see if the Town will vote to authorize the Medfield School Committee to apply for and accept any funding which may be available to the Town by accepting the provisions of Chapter 188, Section 13, of the Acts of 1985. Any such grant so made shall be deposited by the treasurer with interest to be used for educational purposes, or do or act anything in relation thereto.

(School Committee)

VOTE: Voted that the town accept the provisions of Chapter 188, Section 13, of the Acts of 1985, and to authorize the Medfield School Committee to apply for and accept any funding which may be available to the town by accepting the provisions of that section. Any such grant so made shall be deposited by the Treasurer to be expended by the School Committee without further appropriation for teacher compensation.

Yes 410
No 56

The meeting was dissolved at 10:00 P.M.

And you are directed to serve this warrant by posting an attested copy thereof, in the usual place for posting warrants in said Medfield, fourteen days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon, unto the Town Clerk at the time and place of meeting aforesaid.

Given under our hands this 26th day of December A.D. Nineteen Hundred and Eighty-Five.

• Robert J. Larkin, Chairman
• William F. Nourse, Clerk
• Ann B. Thompson
SELECTMEN OF MEDFIELD

Norfolk, SS.

PURSUANT TO THE WITHIN WARRANT, I have notified and warned the inhabitants of the Town of Medfield by posting up attested copies of the same at five public places fourteen days before the date of the meetings, as within directed.

• Robert D. Roy, Constable

A True Copy attest:
• Nancy J. Preston
Town Clerk

Norfolk, ss.

To either of the Constables of the Town of Medfield in said County, greetings:

In the name of the Commonwealth, you are directed to notify and warn the inhabitants of the Town of Medfield, qualified to vote in the elections and in Town affairs, to meet at the Memorial School, in said Medfield, on Monday, the thirty-first day of March, A.D. 1986 at 6:00 A.M., then and there to act on the following articles:

ARTICLE 1. To choose all Town Officers required to be elected annually by ballot, viz:

One Moderator, one Library Trustee and one member of the Park and Recreation Committee, all for one year.

One Tax Collector, one Assessor, one Selectman, two members of the Board of Trustees of the Public Library, two members of the School Committee, two members of the Park and Recreation Commission, one member of the Housing Authority, all for three years.

One member of the Planning Board for five years.

QUESTION OF PUBLIC POLICY - OVERRIDE OF PROPOSITION 2 1/2

Shall the Town of Medfield be allowed to assess an additional \$325,000. in real estate and personal property taxes for the fiscal year beginning July 1, 1986?

YES ____ NO ____

If 2/3 (two-thirds) of the persons voting on this question vote "yes", the Town may assess a total tax levy for the fiscal year 1987 of 102-1/2% of the 1986 total levy, plus \$325,000. in addition to any other increases allowed by law.

The polls shall be closed at 8:00 P.M.

On Monday, the twenty-eighth of April, A.D., 1986 commencing at 7:30 P.M. the following articles will be acted on in the Amos Clark Kingsbury School gymnasium in said Medfield viz:

And you are directed to serve this warrant by posting an attested copy thereof, in the usual place for posting warrants in said Medfield, seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon, unto the Town Clerk at the time and place of meeting aforesaid.

Given unto our hands this fourth day of March, A.D. Nineteen Hundred and Eighty-six.

§ Ann B. Thompson, Chairman

§ Robert J. Larkin, Clerk

§ William F. Nourse

BOARD OF SELECTMEN

Commonwealth of Massachusetts

Norfolk, ss

March 21 1986

By virtue of this warrant, I have notified and warned the inhabitants of the Town of Medfield, qualified to vote in elections, to meet at the time and for the purpose named, by posting attested copies of said warrant in not less than five public places in the Town of Medfield at least seven days before the time of holding the meeting.

§ George W. Kingsbury
Constable of Medfield

A TRUE COPY ATTEST:

§ Nancy J. Preston
Town Clerk

TOWN OF MEDFIELD

ADJOURNED ANNUAL TOWN MEETING
FOR THE TRANSACTION OF BUSINESS

April 28, 1986

The meeting was called to order by the Moderator at 7:45 P.M. at the Amos Clark Kingsbury High School Gymnasium after ascertaining that a quorum was present. Deborah G. Mustafaoglu lead those present in the singing of the National Anthem after the Salute to the flag.

Following the reading of the service of the Warrant for the Meeting, as well as a review of the procedural rules by the Moderator, the following action was taken on the articles appearing in the Warrant.

NOTE:

The action taken on all articles will be recorded in their regular sequence regardless of the order on which they were voted.

The meeting was briefly adjourned and a budget hearing for the use of Revenue Sharing Funds was held by the Selectmen at 8:00 P.M. The amount in the fund was on March 1, 1986 \$92,773.40 with another \$47,416 anticipated. It was recommended that \$115,000 be used for the Insurance Budget.

The following resolution was presented by Selectman Robert J. Larkin for the Board of Selectmen and subsequently unanimously voted:

- WHEREAS, Proposition 2 1/2 has created severe financial problems for the Town of Medfield
- WHEREAS, General Revenue Sharing is scheduled to be reduced and that the Town will lose \$67,840 in fiscal year 1987 and
- WHEREAS, The State has proposed to replace those losses by only \$6,784 or 10% and
- WHEREAS, Other cities and towns would receive up to 90% of those Revenue Sharing losses and
- WHEREAS, The Massachusetts Municipal Association is projecting surplus of over \$500,000,000. in fiscal year 1987 and
- WHEREAS, There is a state law mandating a 40% return of growth taxes (income, business and sales tax) to the cities and towns and
- WHEREAS, The Governor also pledged during the last gubernatorial election to return that 40% of growth taxes to the cities and towns and
- WHEREAS, According to the Massachusetts Municipal Association, the accumulated losses to the cities and towns because of the lack of this commitment now amounts to \$358,000,000 and
- WHEREAS, The state budget increased 10.5% and 13.6% in the last two years and
- WHEREAS, The state budget is going up 14.9% next fiscal year and
- WHEREAS, The city and town municipal budgets in the aggregate increased by 3.06% and 8.5% in the last two years,

NOW, THEREFORE, BE IT RESOLVED, That the Town of Medfield requests the Governor, its State Senator and State Representative to do everything in their power to make sure that the state returns to the cities and towns the actual 40% of growth taxes which by law is rightfully theirs and

BE IT FURTHER RESOLVED, that the Town of Medfield receive the same percentage of its General Revenue Sharing losses as any other city or town up to 100%.

A report by the Warrant Committee was presented.

The following articles were passed on the consent calendar: 2, 3, 4, 5, 6, 7, and 8.

ARTICLE 2: To see if the Town will vote to accept the reports of the several Town Officers for the past year.

VOTE: Voted to accept the reports of the several Town Officers for the past year. The vote was unanimous. 4/28

ARTICLE 3: To see if the Town will vote to authorize the Town Treasurer with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning July 1, 1986; in accordance with the provisions of General Laws, Chapter 44, Section 4, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17.

VOTE: Voted unanimously to authorize the Town Treasurer with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning July 1, 1986; in accordance with the provisions of General Laws, Chapter 44, Section 4, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17. 4/28

ARTICLE 4. To see if the Town will authorize the Collector to use all means in the collection of taxes as the Treasurer might if elected to that office.

VOTE: Voted unanimously to authorize the Collector to use all means in the collection of taxes as the Treasurer might if elected to that office. 4/28

ARTICLE 5. To see if the Town will vote to authorize the Cemetery Commission to appoint one of its members as Cemetery Foreman and one of its members as Cemetery Laborer at the salary set out in the Personnel Administration Plan, or do or act anything in relation thereto.

VOTE: Voted unanimously to authorize the Cemetery Commission to appoint one of its members as Cemetery Foreman and one of its members as Cemetery Laborer at the salary set out in the Personnel Administration Plan. 4/28

ARTICLE 6. To see if the Town will vote to accept the following named sums as Perpetual Trust Funds for the care of lots in the Vine Lake Cemetery, the interest thereof as may be necessary for said care, viz:

Ames, Harold & Martha	\$ 600.00
Colello, James R.	150.00
Procop, Thomas & Mildred	600.00
Noron, Robert T.	150.00
Thayer, Horace M.	150.00
Jackson, Mildred & Arthur	300.00
Hinkley, Daniel	100.00
Wills, Arthur & Doris	800.00
Carroll, Frank & Eleanor	400.00
MacKay, Edward & Rita	100.00
Tedford, Robert B.	150.00
Greenman/Renoni	200.00
McGrath, Allan	150.00
Meager, Winifred	10.00
Brewster, Kenneth & Cecilia	150.00
Dugan, F. Joseph	400.00
Rieger, William & Norma	200.00
Kosc, Michael & Maryann	800.00
Taggart, Victor & Martha	300.00
Belmont, John & Georgia	600.00
O'Brien, James & Margaret	600.00
Connors, Kathleen	300.00
Harding, Donald H.	200.00
Ray, Junior W.	400.00
Cheney, Barbara	400.00
Haney, Cecelia M.	800.00
Blinn, Frederick W.	800.00
Lamb, John & Lois	200.00
Crooker, Mina	200.00
Monaco, Richard	600.00
Tascione, Camillo A.	400.00

VOTE: Voted to accept the named sums as set forth in the warrant. 4/28

ARTICLE 7. To see if the Town will vote to accept the provisions of Section 26G of Chapter 148 of the Massachusetts General Laws providing for adequate systems of automatic sprinklers in buildings, other than used for residential purposes, which exceed 7,500 square feet and which were constructed after July 1, 1983, or do or act anything in relation thereto.

(Fire Chief)

VOTE:

Voted to accept the provisions of Section 26G of Chapter 148 of the Massachusetts General Laws. As set out in the warrant. The vote was unanimous.

4/28

ARTICLE 8. To see if the Town will vote to amend the Town bylaws, Article II, Section 20 providing for obtaining bids for contracts by substituting "Four Thousand (\$4,000.)" for the words, "Two Thousand (\$2,000.) dollars", or do or act anything in relation thereto.

(Board of Selectmen)

VOTE:

Voted to amend the Town bylaws, Article 11, section 20 providing for obtaining bids for contracts by substituting "Four Thousand (\$4,000)" for the words "Two Thousand (\$2,000)" dollars.

4/28

ARTICLE 9. To see if the Town will vote to close the following unexpended appropriation balances to the General Fund Unreserved Fund Balance:

North Street, Article 11, ATM 1975	\$ 1,452.36
Orchard St. Bridge Design, Article 14, ATM 1978	7,721.00
Police Console, Article 9, ATM 1978	630.15
Regional Refuse, Article 27, ATM 1974	939.92
Land Acquisition, Article 1, STM 1965	5,374.83
Philips Street, Article 5, STM 1965	2,348.70
Standpipe, Article 13, STM 1977	440.82
Rolling Lane Easement, Article 1, STM 1980	830.00
Sewer Construction, Article 9, ATM 1976 and Article 23, ATM 1977	1,646.33
Noon Hill, Article 10, ATM 1974	756.25
Elm Street Land Purchase, Article 25, ATM 1979	3,384.86
Wood End Lane, Article 6, STM 1979	21,029.15
Fire Truck, Article 46, ATM 1983	<u>5,000.00</u>

or do or act anything in relation thereto.

VOTE:

Voted unanimously that the unexpended appropriation balances as set forth in the warrant be transferred to the General Fund Unreserved Fund balance, totalling \$51,554.37.

4/28

ARTICLE 10. To see if the Town will vote to fix the salary and compensation of the following elected officers: Moderator, Town Clerk, Treasurer, Selectmen, Assessors, School Committee, Trustees of the Public Library, Collector of Taxes, Park and Recreation Commission, Planning Board and Housing Authority, or do or act anything in relation thereto.

VOTE: Voted to set the salaries of the elected officials as follows:

Moderator	0.
Housing Authority	0.
Town Clerk	8,750.
Tax Collector	11,500.
Treasurer	9,300.
Selectman, Chairman	700.
Selectman, Clerk	675.
Selectman, 3rd Member	675.
Assessor, Chairman	750.
Assessor, Clerk	750.
Assessor, 3rd Member	750.
School Committee	0.
Library Trustees	0.
Planning Board	0.
Park & Recreation	0.

Total School Budget		7,027,928

School Budget was passed on April 28, 1986

Yes	416
No	242

A motion to reconsider was made. As it was 10:40 the meeting was adjourned to April 29, 1986 at 7:30 P.M. at the Amos Clark Kingsbury High School.

ADJOURNED ANNUAL TOWN MEETING

The meeting was called to order on April 29, 1986 at 7:40 after ascertaining that a quorum was present.

A vote for reconsideration of the School Budget was defeated.

ARTICLE 16. To see if the Town will vote to appropriate a sum of money on the fiscal 1987 tax levy, and/or transfer from available funds for Capital Expenditures including the following:

<u>Department</u>	<u>Item</u>
Cemetery	Land Acquisition Storage Shed Completion
Civil Defense	Building
Assessors' Department	Triennial Recertification/evaluation
Planning	Drainage/Watershed Study
Park & Recreation	Tennis Court Renovation
Town Hall	Gas Tank Replacement Town Hall Improvements
Police Department	Police Cruisers Computer Traffic Lights
Dog	Replace Van
Library	Access Minuteman Database
Highway Department	1 Ton Truck 2 - 3/4 Ton Trucks Backhoe 6-wheel Dump Sidewalk Plow Rocky Lane Resurfacing Stone seal subdivisions Drainage Farm & North Streets. Bridge Street water pipe cleaning
School Department	Field Renovation/teachers' lavatories Handicapped lifts
Selectmen	Former St. Edward's Park & Library Parking Spaces

and that the Board of Selectmen and/or the School Committee and/or the Park and Recreation Commission be further authorized to contract with and otherwise treat with any federal and state agencies for reimbursement of the cost of any capital expenditures; and that the Board of Selectmen be authorized to trade toward part of the purchase price, or sell the following:

Trade:	1	1980 1 Ton G.M.C.
	1	1981 3/4 Ton G.M.C.
	1	1978 Backhoe
	1	1981 3/4 Ton G.M.C.
	1	1975 F600 Ford Dump
	1	1962 Bobcat Sidewalk Plow
	2	1983 Ford LTD Police Cruisers
	1	1980 Ford Dog Van

or do or act anything in relation thereto.

VOTE: Voted that the following sums be appropriated for capital expenditures:

<u>Dept.</u>	<u>Item</u>	
Planning	Drainage/Watershed Study	5,000.
Town Hall	Gas tank removal & replacement	6,000.
Police	Two police cruisers	23,800.
Council on Aging	New Van	4,000
Library	Access to Minuteman Database	6,356.
School Dept.	Field improvements Teachers' toilet at Wheelock Handicapped access at Dale Street	20,000. for both 36,000.
Highway	Equipment: 1 3/4 ton trucks Backhoe 6-wheel dump truck	15,000. 70,000. 40,000.
Projects:	Rocky Lane resurfacing Stone seal subdivisions Drainage at North & Farm Sts. Bridge St. water pipe cleaning	22,000. 40,000. 10,000. 25,000.
Town Park	Non-decorative groundwork - grading, etc.	<u>10,000.</u>

and that to meet the appropriation \$313,156 be raised on the 1987 tax levy, \$20,000 be transferred from funds received from the state for highway purposes identified as Chapter 637, Acts of 1983 Section 3 and that the Board of Selectmen be authorized to trade as part of the purchase price or sell the following:

- 1 1981 3/4 Ton G.M.C.
- 1 1978 Backhoe
- 1 1975 F600 Ford Dump
- 1 1983 Ford LTD Police
Cruiser
- 1 1980 Ford Dog Van

4/29

ARTICLE 17. To see what sum the Town will vote to appropriate on the fiscal 1987 tax levy and/or transfer from available funds for the purpose of obtaining plans and specifications for improvements to South Street from High Street to the Norfolk town line and for the purpose of constructing a 28-foot roadway and sidewalk within the existing 60-foot layout and to authorize the Selectmen to treat with federal, state and other agencies to obtain grants and other funds as reimbursement towards the costs, or do or act anything in relation thereto.

(An amendment that read as follows was presented and failed)

Move that we strike out the section that says 28-foot roadway and sidewalk within the existing 60-foot layout and substitute " a new road, without paved sidewalk, meeting AASHTO standards (but not more than 24 feet in width)

This new road shall go on top of the existing roadway, with improved vertical alignment and extra width to be added where necessary to meet AASHTO standard and qualify for state and/or federal funding. A four-foot graded grass shoulder on each side, with significant trees to be spared, shall serve as an unpaved sidewalk, in keeping with the scenic country road character. Stone-walls destroyed shall be rebuilt.

VOTE: Voted to authorize the Board of Selectmen to apply for and receive the sum of \$85,000 in State Highway funds for the purpose of designing a 28-foot roadway and sidewalks within the 60-foot County layout of South Street from Route 27 to the Norfolk town line and that for said purpose the following sums be allocated from available highway funds:

Chapter 732, Acts of 1981 FY 82 allocation	\$11,925.58
Chapter 191, Acts of 1982 FY 83 allocation	41,422.00
Chapter 289, Acts of 1983 FY 84 allocation	31,641.42

and further that the Board of Selectmen be authorized to apply for and receive federal and/or state funds for the construction of a 28-foot roadway and sidewalks within the 60-foot layout of South Street from Route 27 to the Norfolk town line and further that the Board of Selectmen be authorized to enter into contracts with the state and/or federal government for the above purposes, and that the Treasurer with the approval of the Board of Selectmen be authorized to borrow in anticipation of receipt of state funds.

4/29

Article 17 was brought up for reconsideration on May 6, 1986
It was defeated and the vote stood.

Yes 154 No 211

The meeting was adjourned at 10:25 until May 5, 1986 at the Amos Clark Kingsbury High School at 7:30 P.M.

ADJOURNED ANNUAL TOWN MEETING

MAY 5, 1986

The meeting was called to order at 7:50 P.M. after ascertaining that a quorum was present.

ARTICLE 18. To see if the Town will vote to add to the Town Bylaws the following new section under Article IV. Police Regulations:

"Section 28. Blasting Operations. No blasting operations shall be conducted in the Town until all requirements of state law and of the Fire Chief have been complied with and until a survey of the condition of all property within 500 feet of all proposed blasting sites has been made by a surveyor qualified, in the opinion of the Fire Chief, to make such a survey. The condition shall be documented on such forms and with such evidence, such as photographs, as the Fire Chief finds to be necessary. The owner or owner's representative of each property shall be given an opportunity to accompany the surveyor and shall be furnished a copy of the documentation and evidence. The cost of the survey and production of the documentation shall be borne by the blasting operator. The survey shall include, but not be limited to, a record of all cracks in foundations, walls, floors, walks, driveways, patios and similar paved areas, the condition of all glass and the function of septic, sewer and other underground utilities. Every reasonable effort shall be made to locate and/or notify the owner or owner's representative for each structure, including inquiring of town officials and at neighboring premises, so that the surveyor may gain access to the structure and the owner or owner's representative shall be given reasonable opportunity to accompany the surveyor, including evening hours or weekends, if necessary. If such efforts have been made to locate the owners without success, the blasting operator or surveyor shall leave a notice at the structure in a prominent place, at least five (5) days before any blasting is done, two (2) of which shall be weekend days, that the survey is being offered and a telephone number where the surveyor can be reached, including on weekends or during the evening hours to make the necessary arrangements. No blasting shall be done until the Fire Chief has had an opportunity to review all surveys and has been given a complete report of all instances where access was refused or no owner or owner's representative could be located."

or do or act anything in relation thereto.

(Board of Selectmen)

VOTE:

Voted to add to the Town bylaws the following new section under Article IV Police Regulations.

Section 28a. Preliminary Survey Before Blasting Operations.

No blasting operations shall be conducted in the Town until all requirements of state law and of the Fire Chief have been complied with and until a survey of the condition of all property within 500 feet of all proposed blasting sites has been made by a surveyor qualified, in the opinion of the Fire Chief, to make such a survey. The condition shall be documented on such forms and with such evidence, such as photographs, as the Fire Chief finds to be necessary. The owner or owner's representative of each property shall be given an opportunity to accompany the surveyor and shall be furnished a copy of the documentation and evidence. The cost of the survey and production of the documentation shall be borne by the blasting operator. The survey shall include, but not be limited to, a record of all cracks in foundations, walls, floors, walks, driveways, patios and similar paved areas, the condition of all glass and the function of septic, sewer and other underground utilities. Every reasonable effort shall be made to locate and/or notify the owner or owner's representative for each structure, including inquiring of town officials and at neighboring premises, so that the surveyor may gain access to the structure and the owner or owner's representative shall be given reasonable opportunity to accompany the surveyor, including evening hours or weekends, if necessary. If such efforts have been made to locate the owners without success, the blasting operator or surveyor shall leave a notice at the structure in a prominent place, at least five (5) days before any blasting is done, two (2) of which shall be weekend days, that the survey is being offered and a telephone number where the surveyor can be reached, including on weekends or during the evening hours to make the necessary arrangements. No blasting shall be done until the Fire Chief has had an opportunity to review all surveys and has been given a complete report of all instances where access was refused or no owner or owner's representative could be located.

Section 28B - Permits for Blasting Operations.

The Fire Chief shall not issue a blasting permit under 527 CMR 13.04(3) (a) until documentation evidencing full compliance with section 28A of this By-Law has been received by him, and until he is satisfied that said blasting operation can be conducted without risk to persons or property.

Section 28C - Notice of Blasting Operations.

(1) Written notice of the date, time and place when a blasting operation is to take place shall be given to the owners or occupants of all properties located within 1,000 feet of the blast site at least 48 hours in advance of the time when the blast is to occur.

(2) The Fire Chief shall be notified of the date and time of each blasting operation at least 24 hours prior to the blasting operation at which time the Fire Chief shall be provided with an affidavit signed by the permit holder indicating that the notice requirements of Article 28C(1) have been satisfied, which affidavit shall also specify the size of the charge to be utilized.

Section 28D - Monitoring of Blasting Operations.

(1) The permit holder shall place monitoring devices of a type approved by the Fire Chief in the immediate vicinity of any occupied building within 500 feet of the blast area, which said devices shall at a minimum be sufficient to permit a determination of the frequency of ground vibration in cycles per second and the maximum amplitude of ground motion in inches at the locations of said instruments. The instruments required by this Article shall be put in place at the sole expense of the permit holder, and the permit holder shall, again at its sole expense, retain such qualified persons as may be necessary to read said instruments and certify the readings of same to the Fire Chief.

(2) Within 48 hours after the completion of any blasting operation, the permit holder shall file with the Fire Chief an affidavit from a person qualified to read and interpret data recorded by the instruments required by Section 28D(1) which affidavit shall set forth the frequency of ground vibration in cycles per second and the maximum amplitude of ground motion in inches at the location of each instrument required by Article 28D(1) for each blasting operation conducted. In addition, the permit holder shall file with the Fire Chief, within 48 hours after a blasting operation, a plan or map showing the location of each blasting operation together with the date and time when said blasting operation occurred so that the location of the blasting operation can be correlated with the data obtained from the instruments required by this By-Law. Such documentation, upon filing, shall be available for review and copying by all members of the general public.

28E - Notice Immediately Prior to a Blasting Operation.

All permit holders shall notify inhabitants in the immediate vicinity of the blasting operation by audible signal of a type approved by the Fire Chief 15 minutes in advance of each blasting operation. Such audible signal shall be sufficient to be heard by the inhabitants of property within 1,000 feet of the location of the blasting operation.

28F - Revocation of Permits for Blasting Operations.

The Fire Chief shall revoke any blasting permit issued pursuant to 527 CMR 13.04(3) (a) and this By-Law in the event any violation of 527 CMR or this By-Law has occurred. In such case a blasting permit shall not be issued to the permit holder, or at the same blasting site, for a period of one year. The Fire Chief shall also revoke any blasting permit when he concludes that a blasting operation has caused, or is reasonably likely to cause, damage to property or risk of injury to persons or animals. The Fire Chief shall not reissue said permit until such time as he

has been presented with evidence sufficient to clearly establish that all reasonable precautions have been taken to prevent it. Notice shall be given of the revocation of any blasting permit to the State Fire Marshall together with a brief description of the cause for such revocation.

286 - Appeals.

Appeals from any action, or failure to act, by the Fire Chief hereunder shall be taken to the Board of Appeals on Zoning utilizing the time limits and procedures specified for appeals of zoning matters as specified in General Laws, Chapter 40A, Section 8, and regulations adopted by the Board of Appeals on Zoning for Appeals under that statute.

5/4

(Attorney General disapproved)

ARTICLE 19. To see if the Town will vote to accept as public ways the following named streets, or parts thereof:

Wood End Lane from Station 0+0 to Station 28+49.33
Country Way from Station 0+0 to Station 2+4.17
Trailside Road from Station 13+50 to Station 15+42.41

Brastow Drive from Station 0+0 to Station 10+65.50
Newell Drive from Station 0+0 to Station 4+24.84
Marsh Drive from Station 0+0 to Station 8+73.93

as laid out by the Board of Selectmen and as shown on plans referred to in the Order of Layout on file with the Town Clerk's office and to authorize the Board of Selectmen to acquire by eminent domain or otherwise, such rights, titles and easements, including drainage easements, as may be necessary to accomplish such purposes, or take any other action relative thereto.

VOTE: Voted unanimously to accept as public ways the following named streets:

Wood End Lane from Station 0+0 to Station 28+49.33
Shawnee Road from Station 0+22.50 to Station 9+52.28
Algonquin Road from Station 5+50.00 to Station 11+75.53
Donnelly Drive from Station 59+00.38 to Station
46+72.32
Dover Farm Road from Station 0+0 to Station 10+12.25
Fieldstone Drive from Station 5+41.58 to Station
6+08.36

as laid out by the Board of Selectmen and as shown on plans referred to in the Order of Layout on file with the Town Clerk's office and to authorize the Board of Selectmen to acquire by eminent domain or otherwise, such rights, titles and easements, including drainage easements, as may be necessary to accomplish such purposes, or take any other action relative thereto.

5/5

ARTICLE 20. To see what sums the Town will vote to transfer from free cash to departmental budgets to replace extraordinary expenses caused by Hurricane Gloria, or do or act anything in relation thereto.

VOTE: Voted to transfer from free cash the sum of \$43,435. to the following departmental budgets for fiscal 1986:

Highway	110-04	100 Account	\$12,570
Highway	110-04	200 Account	14,593
Sewer	131-01	200 Account	1,500
Tree	114-02	100 Account	10,981
Tree	114-02	200 Account	3,791

5/5

ARTICLE 21. To see if the Town will vote to adopt as Article XI of the Town bylaws proposed regulations for underground storage of hazardous materials, the full text of which is available for examination at the Town Hall and the Public Library, or do or act anything in relation thereto.

VOTE: Voted to dismiss this article.

5/5

ARTICLE 22. To see if the Town will vote to authorize the Treasurer to enter into written agreements for a period not to exceed one year with banking institutions having their principal offices in the Commonwealth, to maintain on deposit in said institutions specified amounts of the funds of the Town, in return for said institutions providing banking services as permitted by General Laws Chapter 44, Section 53F, or do or act anything in relation thereto.

VOTE: Voted to authorize the Treasurer and Collector to enter into written agreements for a period not to exceed one year with banking institutions having their principal offices in the Commonwealth, to maintain on deposit in said institutions specified amounts of the funds of the Town, in return for said institutions providing banking services as permitted by General Laws Chapter 44, Section 53F.

ARTICLE 23. To see if the Town will vote to authorize the Selectmen to acquire a parcel of land adjacent to Causeway Street, belonging now or formerly to the Trustees of Reservations by gift, purchase, eminent domain or otherwise for the purpose of realigning Causeway Street, bounded and described as follows:

"Beginning at a brass bolt on the westerly line of Causeway Street about 400 feet southerly of Dwight Street; thence southeasterly, southerly and southwesterly by the westerly line of Causeway Street about 580 feet to a brass bolt; thence N 49 degrees-13'-32E, 22.53 feet to a stone

bound; thence to the left by a 300.00 foot radius curve, 452.34 feet to the brass bolt at the point of beginning, containing 21,000+ or - square feet"

and to see what sum the Town will vote to raise and appropriate for this purpose, or do or act anything in relation thereto.

VOTE: Voted to authorize the Board of Selectmen to acquire by eminent domain a parcel of land adjacent to Causeway Street, belonging to the Trustees of Reservations for the purpose of realigning Causeway Street, said parcel being bounded and described as follows:

"Beginning at a brass bolt on the westerly line of Causeway Street about 400 feet southerly of Dwight Street; thence southeasterly, southerly and southwesterly by the westerly line of Causeway Street about 580 feet to a brass bolt; thence N 49 degrees-13'-32E, 22.53 feet to a stone bound; thence to the left by a 300.00 foot radius curve, 452.34 feet to the brass bolt at the point of beginning, containing 21,000+ or - square feet"

and that the sum of \$1.00 be appropriated for this purpose and raised on the 1987 tax levy. The vote was unanimous.

5/5

ARTICLE 24. To see what sum the Town will vote to appropriate on the fiscal 1987 tax levy for the purpose of employing engineering services for the Highway Department, or do or act anything in relation thereto.

VOTE: Voted to dismiss this article

5/5

ARTICLE 25. To see what sum the Town will vote to raise and appropriate on the 1987 tax levy to be used in conjunction with and in addition to any funds allotted by the Commonwealth for the construction, reconstruction and improvement of roads under the provisions of Section 34, Chapter 90 of the General Laws, or do or act anything in relation thereto.

VOTE: Voted to authorize the Town to apply for and receive reimbursements in the amount of \$70,000 from the Norfolk County Commissioners and from the Department of the Public Works of the Commonwealth of Massachusetts for the purpose of making improvements and repairs to Route 27 and for such other highway purposes as may be necessary and that said funds to be allocated from available highway funds as follows:

Norfolk County as authorized by Section 11A,	\$ 5,600
Chapter 14 of General Laws	
Chapter 351, Acts of 1981 FY 82	29,529.58
Chapter 90 allocation	
Chapter 732, Acts of 1981 FY 82 allocation	34,870.42

;that the Selectmen be authorized to enter into such agreements as may be necessary with the Norfolk Count Commissioners and the Commonwealth of Massachusetts for the above purposes and that the Treasurer be authorized to borrow with the approval of the Selectmen in anticipation of receipt of said funds. The vote was unanimous.

ATTORNEY GENERAL'S APPROVAL

August 4, 1986

Boston, Massachusetts

The foregoing amendments to the zoning by-laws adopted under articles 28, 29, 30, 32, 33 and 37 of the warrant for the Medfield Annual Town Meeting held April 28, and May 5 and 6, 1986 are hereby approved.

The within zoning map pertaining to Article 37 of the warrant for the Medfield Annual Town Meeting held April 28, and May 5 and 6, 1986 is hereby approved.

The foregoing amendment to the general by-laws under Article 8 is hereby approved.

The amendment to the general by-laws under Article 18 of the warrant for the Medfield Annual Town Meeting held April 28, 1986 is hereby disapproved. This by-law is disapproved since it was disapproved by the Board of Fire Prevention Regulations.

Francis X. Bellotti

Norfolk, SS.

To either of the Constables of the Town of Medfield.

GREETING:

In the name of the Commonwealth you are hereby required to notify and warn the inhabitants of said town who are qualified to vote in Primaries to vote at Memorial School, Adams Street on TUESDAY, THE SIXTEENTH DAY OF SEPTEMBER, 1986 from 6 A.M. to 8 P.M. for the following purpose:

To cast their votes in the State Primary for the candidates of political parties for the following offices:

GOVERNOR	For the Commonwealth
LT. GOVERNOR	For the Commonwealth
ATTORNEY GENERAL	For the Commonwealth
SECRETARY	For the Commonwealth
TREASURER	For the Commonwealth
AUDITOR	For the Commonwealth
REPRESENTATIVE IN CONGRESS	Fourth Congressional District
COUNCILLOR	Second Councillor District
SENATOR IN GENERAL COURT	Norfolk, Bristol, Middlesex Senatorial District
REPRESENTATIVE IN GENERAL COURT	Eighth Representative District
DISTRICT ATTORNEY	Norfolk District
SHERIFF	Norfolk County
COUNTY COMMISSIONER	Norfolk County
COUNTY TREASURER	Norfolk County

Hereof fail not and make return of this warrant with your doings thereon at the time and place of said meeting.

And you are directed to serve this warrant by posting an attested copy thereof, in the usual place for posting warrants in said Medfield, seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant with you doings thereon, unto the Town Clerk at the time and place of meeting aforesaid.

Given under our hands this 12TH day of August 1986.

• Robert J. Larkin, Chairman
• William F. Nourse, Clerk
• Ann B. Thompson
SELECTMEN OF MEDFIELD

Norfolk, SS.

PURSUANT TO THE WITHIN WARRANT, I have notified and warned the inhabitants of the Town of Medfield by posting up attested copies of the same at five public places fourteen days before the date of the meetings, as within directed.

• George W. Kingsbury, Constable
August 13, 1986

TOWN OF MEDFIELD
STATE PRIMARY
SEPTEMBER 16, 1986

Pursuant to the foregoing warrant, the polls were opened at 6:00 A.M. with the reading of the warrant and the swearing in of the election workers present. The ballot boxes were inspected and found to be in working order, specimen ballots posted, voting list was displayed and instruction to the voters were posted.

The following workers were assigned to their precincts:

Anna Murphy, Warden

PRECINCT 1.	Mary MairEtienne Mabelle Maguire	Marion Bosselman Adelaid Cochrane
PRECINCT 2.	Beverly Hallowell Nancy Munroe	Emmy Mitchell Edna Hinkley
PRECINCT 3.	Anna Murphy Barbara Connors	Margaret O'Brien Leonard Anes
PRECINCT 4.	Katherine Buchanan Eleanor Anes	Jack Fernandes Dorothy Sumner

The polls were closed at 8:00 P.M.

The total vote was 1,754. There were 24 Republican absentee ballots and 10 Democratic absentee ballots. Total Registered Voters numbered 5888. 30% of voters voting.

After the counting and tabulation of the ballots, the results were as follows:

A true copy attest:

STATE ELECTIONS

Norfolk, SS.

To either of the Constables of the Town of Medfield.

GREETING:

In the name of the Commonwealth you are hereby required to notify and warn the inhabitants of said town who are qualified to vote in elections to vote at Memorial School, Adams Street on TUESDAY THE FOURTH DAY OF NOVEMBER, 1986 from 6 A.M. to 8 P.M. for the following purpose:

To cast their votes in the State Election for the candidates of political parties for the following offices:

GOVERNOR	For the Commonwealth
LT. GOVERNOR	For the Commonwealth
ATTORNEY GENERAL	For the Commonwealth
SECRETARY	For the Commonwealth
TREASURER	For the Commonwealth
AUDITOR	For the Commonwealth
REPRESENTATIVE IN CONGRESS	Fourth Congressional District
COUNCILLOR	Second Councillor District
SENATOR IN GENERAL COURT	Norfolk, Bristol, Middlesex Senatorial District
REPRESENTATIVE IN GENERAL COURT	Eighth Representative District
DISTRICT ATTORNEY	Norfolk District
SHERIFF	Norfolk County
COUNTY COMMISSIONER	Norfolk County
COUNTY TREASURER	Norfolk County

QUESTION 1

PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in joint sessions of the House of Representatives and the Senate on June 27, 1984 by a vote of 120 - 67, and on April 30, 1986 by a vote of 123 - 69?

YES

NO

SUMMARY

The proposed constitutional amendment would allow the legislature to prohibit or regulate abortions to the extent permitted by the United States Constitution. It would also provide that the state constitution does not require public or private funding of abortions, or the provision of services of facilities for performing abortions, beyond what is required by the United States Constitution. The provisions of this amendment would not apply to abortions required to prevent the death of the mother.

QUESTION 2PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the Constitution summarized below, which was approved by the General Court in Joint sessions of the House of Representatives and the Senate on December 12, 1984 by a vote of 108 - 79, and on April 16, 1986 by a vote of 107 - 87?

YES

NO

SUMMARY

The proposed constitutional amendment would allow the expenditure of public funds for private schools and private school students.

It would remove primary and secondary schools from the list of non-public institutions barred from receiving public aid and would allow public money, property, or loans of credit to be used for founding, maintaining, or aiding those schools. The proposed amendment would also allow public financial aid, materials, or services to be provided to a non-public school student requesting such aid, but only if that school does not discriminate in its entrance requirements on the basis of race, color, national origin, religious belief, sex, or physical handicap. The state legislature would have the power to impose limits on aid, materials, or services provided to students.

QUESTION 3LAW PROPOSED BY INITIATIVE PETITION

Do you approve of a law summarized below, which was disapproved by the House of Representatives on May 6, 1986, by a vote of 49 - 93, and on which no vote was taken by the Senate before May 7, 1986?

YES

NO

SUMMARY

The proposed law would reduce and then repeal the 7 1/2% surtax on Massachusetts state income taxes and would limit state tax revenue growth to the level of growth in total wages and salaries of the citizens of the state.

It would set the rate of the surtax on Massachusetts state income taxes at 3 3/4% for tax years beginning during 1986, and it would repeal the surtax for tax years beginning on or after January 1, 1987.

The allowable state tax revenues for any fiscal year are limited to the allowable state tax revenues for the prior fiscal year as increased by the average rate of growth of Massachusetts wages and salaries for the three immediately preceding calendar years. For purposes of calculating the proposed limit for fiscal year 1987, allowable state tax revenues for fiscal 1986 are the next tax revenues for that fiscal year, but excluding revenues derived from the surtax on state personal income tax. Further, if in any fiscal year the calculation of the limit results in allowable state tax revenues less than the amount of allowable state tax revenues for the prior year, the allowable state tax revenues for that fiscal year shall be equal to the allowable state tax revenues for the prior year. The revenues limited by this law would not include non-tax revenues such as federal reimbursements, tuitions, fees and earnings on investments.

The amount of allowable state tax revenues for any fiscal year would have to be reduced if a new state law were enacted allowing local governments to impose new or increased taxes or excises. The reduction would be equal to the amount of revenue derived from the new tax or increase. The reduction in state tax revenues would first take effect in the fiscal year following the enactment of the new law authorizing new local taxes or increases. If state tax revenues exceed the limit imposed by the proposed law, as determined by the State Auditor, a tax credit would have to be granted equal to the total amount of excess tax revenue. The credit would be applied to the then current personal income tax liability of all taxpayers in proportion to their personal income tax liability in the preceding year. The provisions of the Act could be enforced in court by a group of taxpayers.

QUESTION 4

LAW PROPOSED BY INITIATIVE PETITION

Do you approve of a law summarized below, which was approved by the House of Representatives on May 5, 1986, by a vote of 145 - 0, and on which no vote was taken by the Senate before May 7, 1986?

YES

NO

SUMMARY

The proposed law would require the state Department of Environmental Quality Engineering (DEQE) to search for sites in the Commonwealth where oil or hazardous materials have been disposed of and to take all steps necessary to clean up those sites within specified time limits. Provisions are made for informing the public about sites in their communities. Beginning on January 15, 1987, DEQE would be required to publish lists every three months of all sites where it has confirmed that uncontrolled oil or hazardous materials have been disposed of and locations to be investigated as possible disposal sites. The lists would describe what actions have been taken at each site or location. DEQE would be required to list, to the extent that it has identified, at least 400 possible disposal sites by January 125, 1987, 600 additional locations by January 15, 1988, and 1,000 additional locations in each subsequent year.

Within one year after a location is listed as a possible disposal site DEQE would be required to determine if further investigation is warranted. If so, within two years after the listing, DEQE must confirm whether the location is a disposal site, and whether it poses an imminent or substantial hazard to health, safety, public welfare or the environment.

For sites found to pose a substantial hazard, DEQE would be required, within the next two years, to ensure that those hazards are eliminated and to develop a plan to eliminate permanently future risks from those sites. Imminent hazards would have to be eliminated immediately. For sites found not to pose any substantial hazards DEQE must, within seven years after the listing, ensure that the full extent of contamination is evaluated and that a plan to eliminate permanently future risks is developed.

The proposed law would require DEQE to provide public notice and encourage public participation. Within 30 days after completing a site investigation, DEQE would have to inform the public through local newspapers of the results of that investigation and of the rights of local citizens under the state law. If ten citizens of a town potentially affected by a site submit a request, DEQE would be required to develop a plan for involving the public in its clean-up decisions and present that plan at a public meeting. The chief municipal officer of a city or town in which a disposal site is located

could appoint individual(s) to inspect the site on behalf of the community.

Massachusetts residents could bring lawsuits to enforce the provisions of the proposed law or to lessen a hazard related to oil or hazardous materials. If such a lawsuit is brought, a court could award costs, including reasonable fees for attorneys and expert witnesses.

QUESTION 5

REFERENDUM ON AN EXISTING LAW

Do you approve of a law summarized below, which was approved by the House of Representatives on October 17, 1985, by a vote of 77 - 62, and which was approved by the Senate on October 17, 1985?

YES

NO

SUMMARY

The law requires all drivers and passengers to wear properly adjusted and fastened seat belts while traveling in motor vehicles on public ways. It does not apply to: children under five years old who are required by another law to wear safety belts or be restrained in safety car seats; passengers in vehicles where all safety belts are being used by others; passengers in buses; persons riding in vehicles built before July 1, 1966, or in which safety belts were not installed as original equipment; or persons who are certified by a physician to be physically unable to use safety belts. The law also does not apply to police officers, rural mail carriers, or drivers or passengers of other vehicles that stop frequently and travel at speeds not exceeding 15 miles per hour between stops. Drivers or passengers sixteen years or older who do not wear safety belts are subject to a \$15.00 fine. The driver of a vehicle is also subject to a \$15.00 fine for each passenger under sixteen who does not wear a safety belt. This law, however, can be enforced only if the driver is stopped for a violation of another motor vehicle law. Safety belt violations will not result in surcharges on motor vehicle insurance premiums. The law also requires that when the Commissioner of Insurance sets motor vehicle insurance rates, the rates must reflect any savings attributable to increased use of safety belts. The law also requires that all motor vehicles manufactured after September 1, 1989, that are sold or registered in Massachusetts be equipped with crash protection devices, as specified by federal regulations. Any manufacturer who sells or delivers vehicles that are not equipped with such safety devices will be subject to a fine of not more than \$100 for each sale or delivery. This law is not intended to eliminate the federal requirements for passive crash protection devices in motor vehicles.

The law also provides that a non-binding question, unlike this binding referendum, shall be placed on the 1986 general election ballot asking whether the voters approve of the law.

QUESTION 6

LAW PROPOSED BY INITIATIVE PETITION

Do you approve of a law summarized below, which was disapproved by the House of Representatives on May 6, 1986, by a vote of 56 - 93, and on which no vote was taken by the Senate before May 7, 1986?

YES

NO

SUMMARY

The proposed law would provide a system of voter registration by mail applicable to all qualified voters and would eliminate statutory provisions permitting certain persons to vote only for presidential electors.

Under this proposed law, the State Secretary would be required to prepare blank forms for affidavits of registration. The Secretary and local boards of registrars would be required to make such forms available to any person eligible to in whatever quantity the person requests and to transmit such forms, upon written request, to any person claiming to be qualified to vote. Registrars would also be required to make these forms available at all post offices and at other places within their municipalities. The secretary would be required to establish a reasonable fee for providing more than 50 forms and to prepare instructions to accompany the forms.

A person seeking to register to vote would be required to complete the affidavit of registration and sign it under oath in the presence of a witness who is at least eighteen years old. The witness would be required to certify that the affidavit was signed in his presence and to date the affidavit.

A completed affidavit of registration could be either delivered or mailed to the appropriate registrar's office. If, from the facts set forth in the affidavit, it appears that the person is qualified to vote, the registrars would be required to add the person's name to the list of registered voters and to so notify the person by first-class, non-forwardable mail, unless the person's name already appears on the local list of residents at the same address. The cost of mailing such notices would be assumed by the Commonwealth, subject to appropriation. If in any year the General Court fails to appropriate funds for that purpose, such notices would not have to be sent. If such a notice is returned undelivered, the city or town clerk would be required to instruct election officials to challenge the person's right to vote at the next election in which he attempts to vote.

The proposed law would also impose criminal penalties of imprisonment for up to two years or a fine up to \$2,000 for knowingly or willfully making a false affidavit, taking a false oath, or signing a false certificate relative to the qualifications or registration of any person to vote.

QUESTION 7

THIS QUESTION IS NONBINDING

Shall the Commonwealth of Massachusetts urge the United States Congress to enact a national health program which: provides high quality comprehensive personal health care including preventive, curative and occupational health services; is universal in coverage, community controlled, rationally organized, equitable financed, with no out-of-pocket charges, is sensitive to the particular health needs of all, and is efficient in containing its cost; and whose yearly expenditure does not exceed the proportion of the Gross National Product spent on health care in the immediately preceding fiscal year?

YES

NO

Shall the Commonwealth of Massachusetts urge the President of the United States and the United States Congress to enact a national acid rain control program which would require a fifty percent reduction in total national sulfur dioxide emissions by the year nineteen hundred and ninety-five and which would allocate the required reductions in sulfur dioxide emissions, and the costs of achieving those reductions, equitably among the states?

YES

NO

Hereof fail not and make return of this warrant with your doings thereon at the time and place of said meeting.

And you are directed to serve this warrant by posting an attested copy thereof, in the usual place for posting warrants in said Medfield, seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon, unto the Town Clerk at the time and place of meeting aforesaid.

Given under our hands this 14th day of October 1986.

• Robert J. Larkin, Chairman
• William F. Nourse, Clerk
• Ann B. Thompson
SELECTMEN OF MEDFIELD

Norfolk, SS.

By virtue of this warrant, I have notified and warned the inhabitants of the Town of Medfield, qualified to vote in elections, to meet at the time and for the purpose named, by posting attested copies of said warrant in not less than five public places in the Town of Medfield at least seven days before the time of holding the meeting.

• George W. Kingsbury, Constable

A TRUE COPY ATTEST:

• Nancy J. Preston, Town Clerk

WARRANT FOR ANNUAL TOWN MEETING 1987

TOWN OF MEDFIELD
COMMONWEALTH OF MASSACHUSETTS
WARRANT FOR ANNUAL
TOWN MEETING 1987

Norfolk, ss.

To either of the Constables of the Town of Medfield in said County, greetings:

In the name of the Commonwealth, you are directed to notify and warn the inhabitants of the Town of Medfield, qualified to vote in elections and in Town affairs, to meet at the Memorial School, in said Medfield, on Monday, the thirtieth day of March, A.D., 1987 at 6:00 A.M., then and there to act on the following articles:

ARTICLE 1. To choose all Town Officers required to be elected annually by ballot, viz:

One Moderator for one year.

One member of the Housing Authority for two years.

One Treasurer, one Assessor, one Selectman, two members of the Board of Trustees of the Public Library, two members of the School Committee, three Park Commissioners, all for three years.

One member of the Planning Board and one member of the Housing Authority for five years each.

QUESTION OF PUBLIC POLICY

Shall the town purchase additional group life and group accidental death and dismemberment insurance for employees in accordance with the provisions of Chapter thirty-two B of the General Laws with no premium contribution by the town?

YES

☐

NO

☐

A "Yes" vote will enable the town to negotiate with insurance providers for additional insurance under the group policy. Any additional premium will be paid by the employee. Presently the town offers \$2,000 in group life and group accidental death and dismemberment insurance, 50% payable by the town and 50% payable by the employee.

The polls will be open at 6:00 A.M. and shall be closed at 8:00 P.M.

On Monday, the twenty-seventh day of April, A.D., 1987, commencing at 7:30 P.M. the following articles will be acted on in the Amos Clark Kingsbury School gymnasium in said Medfield, viz:

ARTICLE 2. To see if the Town will vote to accept the reports of the several Town Officers for the past year.

ARTICLE 3. To see if the Town will vote to authorize the Town Treasurer with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning July 1, 1987, in accordance with the provisions of General Laws, Chapter 44, Section 4, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17.

ARTICLE 4. To see if the Town will authorize the Collector to use all means in the collection of taxes as the Treasurer might if elected to that office.

ARTICLE 5. To see if the Town will vote to authorize the Cemetery Commission to appoint one of its members as Cemetery Foreman and one of its members as Cemetery Laborer at the salary set out in the Personnel Administration Plan, or do or act anything in relation thereto.

(Cemetery Commission)

ARTICLE 6. To see if the Town will vote to accept the following named sums as Perpetual Trust Funds for the care of lots in the Vine Lake Cemetery, the interest thereof as may be necessary for said care, viz:

Baumann, E.	\$ 1,200.00
Priestly-Sarno	2,000.00
Abrams, J.	150.00
Chudzik, T.	400.00
Byrnes, E.	800.00
Ness, R.	251.00
Burr, H.	200.00
Alasso, A.	400.00
Ryan, J.	600.00
Ours, F.	200.00
DeSorgher, L.	300.00
Morrissey, H.	800.00
Jackson, W.	800.00
Brewer, C.	1,200.00
Germaine, J.	200.00
Carpenter, E.	150.00
LaFrance, B.	750.00
Becker, R.	450.00
Contieri, A.	600.00
Bernardo, M.	1,200.00
Walsh, W.	1,200.00
D'Antonio, J.	800.00
Clarkin, L.	600.00
Strittmatter, L.	300.00
Sullivan, E.	600.00
Knowles, M.	200.00
Smith, E.	400.00
Sanders, D.	350.00
Smith, G.	200.00
Ross, A.	400.00
Parmigiane, R.	375.00
Dearing, C.	1,000.00
Kaerwer, R.	450.00
Kindlund, G.	300.00
Rogers, A.	300.00
Tocci, M.	200.00

Marsh, F.	200.00
Jones, R.	1,200.00
Nolan, J.	800.00
DeChellis, L.	800.00
Mulloy, L.	800.00
Placido, G.	800.00
Kibbe, J.	800.00
Rogowski, A.	800.00
Bridges, J.	150.00
Kellar, J.	200.00
Procaccini-Capone	800.00
Baker, E.	800.00
Hesnan, R.	300.00
Moynihan, J.	300.00
Ripley, R.	800.00

Wilmarth, D.	800.00
Laverty, H.	150.00

(Cemetery Commission)

ARTICLE 7. To see if the Town will vote to accept Chapter 140, Section 147A of the General Laws, providing for town regulation of dogs, or do or act anything in relation thereto.

(Town Clerk)

ARTICLE 8. To see if the Town will vote to authorize the Board of Selectmen to sell or otherwise dispose of the 1950 85' Pirsch Aerial Ladder Truck, or do or act anything in relation thereto.

(Fire Chief)

ARTICLE 9. To see if the Town will vote to accept an equal education opportunity grant for fiscal year 1987 in the amount of \$69,293.00, under the provisions of General Laws, Chapter 70A, Section 5 as inserted by Chapter 188 of the Acts of 1985. Said grant shall be expended by the Tri-County Regional School District Committee for direct service expenditures, or do or anything in relation thereto.

(Tri-County Regional
Vocational Technical School)

ARTICLE 10. To see if the Town will vote to authorize the Treasurer and Collector to enter into compensating balance agreements during fiscal year 1988 as permitted by Massachusetts General Laws, Chapter 44, Section 53F, or do or act anything in relation thereto.

(Treasurer and Collector)

ARTICLE 11. To see if the Town will vote to authorize the Board of Selectmen to enter into a contract with the SES Millbury Company to receive certain waste materials from the Town at their SES Resource Recovery Facility in Millbury, Massachusetts for a term of 20 years, or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 12. To see if the Town will vote to amend the Town Bylaws, Article II, Section 8., paragraph 2. by deleting the present paragraph and inserting the following:

"The Selectmen may also provide a transfer station for the collection of such deposits to be disposed of outside of the Town or otherwise by the Town or by private contractors. The Selectmen are authorized to set rates and charge residents, businesses, private contractors and others for the use of the Transfer Station and to make such regulations as they find necessary for the proper operation of the facilities."

or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 13. To see if the Town will vote to fix the salary and compensation of the following elected officers: Moderator, Town Clerk, Treasurer, Selectmen, Assessors, School Committee, Trustees of the Public Library, Collector of Taxes, Park and Recreation Commission, Planning Board, Housing Authority, or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 14. To see if the Town will vote to amend the Personnel Administration Plan, effective July 1, 1987, to read as follows:

PERSONNEL ADMINISTRATION PLAN

or do or act anything in relation thereto.

(Personnel Board)

ARTICLE 15. To see if the Town will vote to authorize and direct the Selectmen to petition the Legislature for a special act to allow the town to vote to remove the position of Police Chief from Civil Service, or do or act anything in relation thereto.

(Personnel Board)

ARTICLE 16. To see if the Town will vote to amend the Personnel Administration Plan, Article XV. SPECIAL PAY PROVISIONS, by adding a Section I. Ambulance EMT Annual Service Stipend.

"Each certified Ambulance EMT who fills more than thirty (30) shifts during the calendar year shall receive an additional stipend, payable by January 15 of each year provided the individual was on an active roster as of December 31 of the previous year, according to the following schedule:

	<u>30-49 Shifts</u>	<u>50-69 Shifts</u>	<u>70 or More</u>
Less than 3 full years' service	\$100	\$300	\$500
3 but less than 6 years' service	200	400	600
6 or more years' service	300	500	700

"Compensation or reimbursement received from any Town Department for EMT training, certification or recertification will be offset against such stipend.

"A year of service shall begin on the date on which the individual works one full shift to the anniversary date thereof. Each year thereafter will be cumulative for years of service purposes only if the individual works a minimum of 10 shifts for such year.",

or do or act anything in relation thereto.

(Personnel Board)

ARTICLE 17. To see if the Town will vote to appropriate and/or transfer from available funds sums of money requested by the Selectmen or any other Town Officer, Board, Commission and Committee to defray operating expenses of the Town for the fiscal year commencing July 1, 1987, or such other sums as the Town may determine as required by General Laws, Chapter 41, Section 108, or do or act anything in relation thereto.

ARTICLE 18. To see what sum the Town will vote to appropriate on the fiscal 1988 tax levy and/or transfer from available funds for Capital Expenditures including the following:

<u>Department</u>	<u>Item</u>
Board of Selectmen	Town Hall Renovation Town Common Construction
Civil Defense	Building Acquisition
Elections & Registrations	Voting Booth Replacement
Fire Department	Overhead Doors Chief's Car
Park & Recreation Commission	Reconstruction of Metacomet Tennis Courts Asbestos Removal at Pfaff Center
Planning Board	Drainage Study

Public Works	Resurface Subdivisions Lease/Purchase Compactor One Ton Park Truck New Pickup Truck - Water Two Sidewalk Plows Twelve Ton Roller Low-bed Trailer Lawn Mower Replacement Pickup Truck Six Wheel Truck
School Department	Window Replacement Parking Lot Multi Field Upgrade Paved walkway to Memorial School Field Upgrading

and that the Board of Selectmen and/or the School Committee be further authorized to contract with and otherwise treat with any federal and state agencies for reimbursement of the cost of any capital expenditures; and that the Board of Selectmen and the School Committee respectively be authorized to trade or sell toward part of the purchase price, the following:

Trade:	1	1963 Bobcat Sidewalk Plow - Highway
	1	1980 GMC Dump Truck - Highway
	1	1972 Mack Dump Truck - Highway
	1	1981 Ford LTD - Fire
	2	1985 Ford Police Cruisers - Police

or do or act anything in relation thereto.

(Capital Budget Committee)

ARTICLE 19. To see what action the Town will take on the following petition:

"That the town of Medfield appropriate sufficient funds for the installation of a sidewalk on the North side of Adams Street, to run from the Dale Street School to the commercially zoned west section beginning at approximately 95 Adams Street.",

or do or act anything in relation thereto.

(Petition)

ARTICLE 20. To see what sum the Town will vote to raise and appropriate on the fiscal 1988 tax levy to be used in conjunction with and in addition to any funds allotted by the Commonwealth for the construction, reconstruction and improvement of roads under the provisions of Section 34, Chapter 90 of the General Laws, or do or act anything in relation thereto.

(Superintendent of Public Works)

ARTICLE 21. To see if the Town will vote to accept as public ways the following named streets, or parts thereof:

Ledgetree Road from Station 0+20.00 to Station 11.23+04
Brastow Drive from Station 0+00 to Station 10+65.50
Marsh Drive from Station 0+00 to Station 8+73.93
Plympton Circle from Station 0+00 to Station 2+34.73
Newell Drive from Station 0+00 to Station 4+24.84

as laid out by the Board of Selectmen and as shown on plans referred to in the several Orders of Layout on file with the Town Clerk's office and to authorize the Board of Selectmen to acquire by eminent domain or otherwise, such rights, titles and easements, including drainage easements, as may be necessary to accomplish such purposes, or take any other action relative thereto.

(Board of Selectmen)

ARTICLE 22. To see what sum the Town will vote to raise and appropriate for the cost of providing a motorcycle for the use of the Police Department, or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 23. To see if the Town will vote to authorize and direct the Board of Selectmen to petition the legislature for a special act authorizing the Town to pay a sum to Henry Marcel as compensation for loss of income from his regular employment because of incapacity due to injury sustained in the performance of his duty as a call fireman without fault of his own, said sum to be paid from the Fire Department budget, or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 24. To see what sum of money the Town will appropriate for the purposes of Clause 32 of Section 5 of Chapter 40 of the Massachusetts General Laws for the payment of reasonable hospital, medical, surgical, nursing, pharmaceutical, prosthetic and related expenses incurred by any member of its fire fighting force or any member of its police force as the natural and proximate result of an accident occurring, or of undergoing a hazard peculiar to his employment, while acting in the performance and within the scope of his duty without fault of his own, as provided in Section 100 of Chapter 41 of the Massachusetts General Laws, or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 25. To see if the Town will vote to transfer from available funds a sum of money to be appropriated to the 155-00 Insurance Account for the purpose of paying Medicare payments for town employees for fiscal 1987, or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 26. To see if the Town will vote to transfer custody, and control of the Town owned land shown as lot 141 and lot 142 on Assessors Map 42 to the Board of Selectmen, or do or act anything in relation thereto.

(Board of Selectmen and Home Ownership Committee)

ARTICLE 27. To see if the Town will vote to authorize the Board of Selectmen, to sell the Town owned land shown as lot 141 and lot 142 on Assessors Map 42 for the sum of \$1.00 for moderate income housing and to enter into such contracts and other agreements as may be necessary, in their judgment, for the purposes of this article, or do or act anything in relation thereto.

(Board of Selectmen and Home Ownership Committee)

ARTICLE 28. To see if the Town will vote to amend the official Zoning Map by changing from RS-Residential Suburban, to RU-Residential Urban, all of lot 141 and that portion of lot 142 presently in the RS district, as shown on Assessors' Map 42, or do or act anything in relation thereto.

(Board of Selectmen and Home Ownership Committee)

ARTICLE 29. To see if the Town will vote to amend the official Zoning Map of the Town of Medfield so as to change the area hereinafter described and bounded from the zoning classification Residential Urban (RU) to the zoning classification Residential Suburban (RS):

All of the land included within a boundary commencing at a point marked by the intersection of Green Street and the "property line", as shown on the Zoning Map of Medfield to the northerly side of Summer Street, thence running along the northwesterly side of said Green Street, across North Street and continuing along the northwesterly side of Cottage Street to Frairy Street, thence turning and running northwesterly along the southwesterly property line parallel to Frairy Street, denoting the limits of the current RU District, as shown on the Zoning Map of Medfield, thence following the said RU District line along the northwesterly side of Dale Street, and then following said line as it turns parallel to North Street, as shown on said Zoning Map, thence turning and running easterly, as shown

on said Zoning Map along said line as it borders the lower portion of Pine Street and continuing along the northerly side of Summer Street, on the line denoted "property line" on the Zoning Map of Medfield, to the point of beginning.

or take any other action relative thereto.

(Petition)

ARTICLE 30. To see if the Town will vote to amend the Zoning Bylaw of the Town of Medfield by amending Section 5.4.1.4 to delete PB, as it currently appears under the Column R-U thereof and substitute therefor SP.

or take any other action relative thereto.

(Petition)

ARTICLE 31. To see if the Town will vote to adopt as Article XI of the Town bylaws proposed regulations for underground storage of hazardous materials, the full text of which is available for examination at the Town Hall and the Public Library, or do or act anything in relation thereto.

(Hazardous Waste Committee)

ARTICLE 32. To see if the Town will vote to accept the provisions of Chapter 59, Section 5, Clause Forty-first C of the Massachusetts General Laws as amended, or do or act anything in relation thereto.

(Board of Assessors)

ARTICLE 33. To see if the Town will vote to accept the provisions of Chapter 59, Section 5, Clause Seventeenth D of the Massachusetts General Laws, or do or act anything in relation thereto.

(Board of Assessors)

ARTICLE 34. To see if the Town will vote to appropriate a sum of money to defray the cost of re-evaluation of all property in the Town as required by state law, to transfer the sum of \$30,000. from the Stabilization Fund to meet a portion of the cost, to raise the balance of the cost on the 1988 fiscal year tax levy and to authorize the Board of Assessors to enter into all contracts necessary for the purposes of this article, or do or act anything in relation thereto.

(Board of Assessors)

ARTICLE 35. To see if the Town will vote to amend the bylaws by adding the following new Section to ARTICLE IV - Police Regulations:

"Section 9(a)

"No person shall drive a motorcycle or other vehicle on any public playing field or playground without permission. The fine for violation of this section shall be two hundred and fifty dollars (\$250.), "

or do or act anything in relation thereto.

(School Committee and Selectmen)

ARTICLE 36. To see if the Town will vote to amend the Regulations Relative to Sewer Assessments by deleting Section 3. and substituting in place thereof the following language:

"Assessments shall be apportioned 50% based on the uniform unit method as defined by the General Court."

and by striking from Section 4., the second sentence defining corner lot frontage;

and by deleting from Section 6. the words "FRONTAGE AND", or do or act anything in relation thereto.

(Water and Sewerage Board)

ARTICLE 37. To see if the Town will vote to accept Massachusetts General Laws, Chapter 40, Section 57 providing for the denial of licenses or permits, including renewals and transfer, issued by any board, officer or department for any person, corporation or business enterprise who has neglected or refused to pay any local taxes, fees, assessments, betterments or any other municipal charges, or do or act anything in relation thereto.

(Tax Collector)

ARTICLE 38. To see if the Town will vote to amend the bylaws by adding to Article III. TOWN OFFICERS a new Section 9(b) which shall read as follows:

- (1) The tax collector or other municipal official responsible for records of all municipal taxes, assessments, betterments and other municipal charges, hereinafter referred to as the tax collector, shall annually furnish to each department, board, commission or division, hereinafter referred to as the licensing authority, that issues licenses or permits including renewals and transfers, a list of any person, corporation, or business enterprise, hereinafter referred to as the party, that has neglected or refused to pay any local taxes, fees, assessments, betterments or other municipal charges for not less than a twelve month period, and that such party has not filed in good faith a pending application for an abatement of such tax or pending petition before the appellate tax board.
- (2) The licensing authority may deny, revoke or suspend any license or permit, including renewals and transfers of any party whose name appears on said list furnished to the licensing authority from the tax collector; provided, however, that written notice is given to the party and the tax collector, as required by applicable provisions of law, and the party is given a hearing, to be held not earlier than fourteen days after said notice. Said list shall be prima facie evidence for denial, revocation or suspension of said license or permit to any party. The tax collector shall have the right to intervene in any hearing conducted with respect to such license denial, revocation or suspension. Any findings made by the licensing authority with respect to such license denial, revocation or suspension shall be made only for the purposes of such proceeding and shall not be relevant to or introduced in any other proceeding at law, except for

any appeal from such license denial, revocation or suspension. Any license or permit denied, suspended or revoked under this section shall not be reissued or renewed until the license authority receives a certificate issued by the tax collector that the party is in good standing with respect to any and all local taxes, fees, assessments, betterments or other municipal charges, payable to the municipality as the date of issuance of said certificate.

- (3) Any party shall be given an opportunity to enter into a payment agreement, thereby allowing the licensing authority to issue a certificate indicating said limitations to the license or permit and the validity of said license shall be conditioned upon the satisfactory compliance with said agreement. Failure to comply with said agreement shall be grounds for the suspension or revocation of said license or permit; provided, however, that the holder be given notice and a hearing as required by applicable provisions of law.
- (4) The board of selectmen may waive such denial, suspension or revocation if it finds there is no direct or indirect business interest by the property owner, its officers or stockholders, if any, or members of his immediate family, as defined in section one of chapter two hundred and sixty-eight in the business or activity conducted in or on said property.

This section shall not apply to the following licenses and permits: open burning under M.G.L. section thirteen of chapter forty-eight; bicycle permits under M.G.L. section eleven A of chapter eighty-five; sales of articles for charitable purposes under M.G.L. section thirty-three of chapter one hundred and one; children work permits under M.G.L. section sixty-nine of chapter one hundred and forty-nine; clubs, associations dispensing food or beverage licenses under M.G.L. section twenty-one E of chapter one hundred and forty; dog licenses under M.G.L. section one hundred and thirty-seven of chapter one hundred and forty; fishing, hunting, trapping license under M.G.L. section twelve of chapter one hundred and thirty-one; marriage licenses under M.G.L. section twenty-eight of chapter two hundred and seven and theatrical events, public exhibition permits under M.G.L. section one hundred and eighty-one of chapter one hundred and forty.

or do or act anything in relation thereto.

(Tax Collector)

ARTICLE 39. To see if the Town will vote to appropriate a sum of money and determine in what manner the money will be raised for the purposes of designing and constructing street sewers within the Town of Medfield and to authorize the Water & Sewerage Board to enter into contracts with the State and Federal government for this purpose, and to accept Federal and State grants, or reimbursements or take any other action relating thereto, and that the Board of Selectmen be authorized to acquire by purchase, taking by eminent domain or otherwise such rights, titles, permits and easements as are necessary; and that to accomplish said purposes, that the Board of Selectmen be authorized to enter into contracts with the State and Federal

governments and to accept any applicable Federal and State grants or reimbursements; and that the Water & Sewerage Board be authorized to assess a portion of the costs of said sewers in accordance with the bylaws of the Town of Medfield and in accordance with the provisions of Chapter 83 of the Massachusetts General Laws, or do or act anything in relation thereto.

(Water & Sewerage Board)

ARTICLE 40. To see if the Town will vote to amend the town bylaws by adding an Article providing for the placing of all electrical and telephone services in new construction in underground conduit as follows:

ARTICLE XI. UNDERGROUND UTILITY INSTALLATIONS

Section 1. Material

All residential, commercial and industrial, electrical and telephone services from the public utility supply point or handhole to the meter enclosure of the building shall be installed underground within a rigid metal galvanized conduit, approved by Underwriters Laboratories, Inc., or nonmetallic conduit not smaller than schedule 40 P.V.C. so approved, suitable for underground installation, having a minimum inside diameter of at least two inches (2") or such larger diameter as may be necessary for the service intended.

Section 2. Installation

The conduit shall have all necessary sweep bends to make it one continuous unit free from blockages. It shall be buried to a depth of not less than twenty-four inches (24") below the surface of the ground and covered with at least four inches (4") of sand. If there is less than twenty-four inches (24") of cover over the conduit, it shall be encased in at least two inches (2") of concrete. Prior to backfilling, the completed installation shall be inspected and approved by the Town of Medfield wiring inspector.

or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 41. To see if the Town will vote to amend the zoning bylaw by deleting section 8.3 Parking and Loading Space Standards as it presently reads and substituting the following:

8.3.1 All parking or loading areas (see definition 2.1) are subject to the following:

8.3.1.a) There shall be no vehicle parking or loading spaces within 5 feet of any front, side or rear lot line.

8.3.1.b) There shall be no vehicle repair facilities within parking areas.

8.3.1.c) There shall be no storage of material or equipment within parking areas.

- 8.3.1.d) Parking shall not be located within the required front yard area in any "R" district. However, access driveways may be located within the required front yard area.
 - 8.3.1.e) Parking and loading spaces shall be so arranged as not to permit backing of automobiles onto any street.
 - 8.3.1.f) The area and access driveways in any "B", "B-I" and "I-E" zoning districts and "R-U" lots containing three or more units shall be surfaced with bituminous asphalt, concrete, brick, cobblestones or pavers and shall be constructed so that there shall be no puddling or surface water.
- 8.3.2 All parking or loading areas containing over five spaces, including automobile service and drive-in establishments, shall be contained within structures, or subject to the following additional requirements:
- 8.3.2.a) The area shall be effectively screened on each side which adjoins or faces the side or rear lot line of a lot situated in any "R" District. The screening shall consist of that required for buffers as specified in Section 6, paragraphs 6.2.9 and 6.2.10. The screening shall be set back from each street no more than the main building wall minimum setback.
 - 8.3.2.b) A substantial bumper of masonry, steel, heavy timber or concrete curb stop shall be placed at the edge of surfaced areas except driveways in order to protect abutting structures, properties and sidewalks.
 - 8.3.2.c) Any fixture used to illuminate a parking or loading area shall be so arranged as to direct the light away from the street and away from adjoining premises used for residential purposes.
 - 8.3.2.d) Any repair or service facility for use by vehicles such as gas, oil or water shall be at least 25 feet from any lot line.
 - 8.3.2.e) No portion of any entrance or exit driveway to the area shall be closer than 150 feet to the centerline of an intersecting street. No more than two driveways shall serve any one area.
 - 8.3.2.f) For any site having one means of access or egress, the width of the driveway shall not be less than 24 feet. For any site having a separate entrance or exit, the driveway shall not exceed 20 feet in width, except for a suitable curvature at the entrance.

8.3.2.g) Each parking space shall be marked with a three-inch (3") wide (minimum) solid painted line on each side and along the full depth. Paint shall be white or yellow Traffic Paint as specified for pavement markings in Standard Specifications for Highways and Bridges for the Commonwealth of Massachusetts Department of Public Works.

or do or act anything in relation thereto.

(Planning Board)

ARTICLE 42. To see if the Town will vote to amend the zoning bylaw, Section 6.3 TABLE OF HEIGHT AND BULK REGULATIONS, by adding a District A and for the requirements in District A add, "(see Section 5.5)", or do or act anything in relation thereto.

(Planning Board)

ARTICLE 43. To see if the Town will vote to amend the zoning bylaws, Section 6.2 TABLE OF AREA REGULATIONS NOTES, 6.2.10 by changing the number "3" to the number "6" so that the third sentence shall read, in part, "Individual bushes or trees shall be planted not more than 6 feet on centers, ...", or do or act anything in relation thereto.

(Planning Board)

ARTICLE 44. To see if the Town will vote to amend the zoning bylaws, Section 6.3 TABLE OF HEIGHT AND BULK REGULATIONS by changing the wording as follows:

District R-U; "Maximum Height" from 45 (ft.) to 35 (ft.); permitted height (stories) from "3 and 4*" to "2-1/2"; maximum floor area ratio including accessory buildings from "0.50" to "0.35" and by deleting "*See Section 6.3.4" and by deleting Section 6.3.4.,

or do or act anything in relation thereto.

(Planning Board)

ARTICLE 45. To see if the Town will vote to raise and appropriate a sum of money for the purpose of conducting a Hazardous Household Waste Collection day, or do or act anything in relation thereto.

(Petition)

ARTICLE 46. To see if the Town will vote to authorize the Board of Assessors to use a sum of money from Free Cash in the Treasury for the reduction of the Tax Rate for Fiscal 1988, or do or act anything in relation thereto.

(Board of Assessors)

And you are directed to serve this warrant by posting an attested copy thereof in the usual place for posting warrants in said Medfield, seven days at least before the time of holding said meeting.

HEREOF FAIL NOT, and make due return of this Warrant with your doings thereon, unto the Town Clerk at the time and place of meeting, aforesaid. Given under our hands this tenth day of March in the year of our Lord One Thousand Nine Hundred and Eighty-seven.

Robert J. Larkin
William F. Nourse
Ann B. Thompson

SELECTMEN OF MEDFIELD

THE COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

By virtue of this warrant, I have notified and warned the inhabitants of the Town of Medfield, qualified to vote in elections, to meet at the time and for the purpose named, by posting attested copies of the same at five public places seven days before the date of the meeting, as within directed.

Constable of Medfield
